

TELADOC HEALTH VICI

# Adaptable for a variety of use cases

## Improve user experience for reliable care

Extend your health system's reach by using the Vici to bring telehealth to any care location. The Vici is a convenient, scalable, turnkey solution that leverages Teladoc Health's expertise in mobility, user experience for both physician and patient, and workflow to ensure reliable, enriched care delivery.

### Designed for high-quality telehealth interactions

- Zoom in for close-up diagnosis and patient care oversight
- Create a more comfortable patient experience with privacy mode
- Minimalistic design and footprint to scale telehealth in use cases with limited space
- Safely store accessories in the lockable drawer
- Capture video from verified<sup>1</sup> peripherals or instruments at a higher frame-rate for a smoother image with upgraded USB 3.0 ports
- Battery power for more than five hours of continuous rounding sessions
- Enabled to support MultiPresence for multiple providers to participate in a virtual consult

### Access to industry-leading support

- 24/7 monitoring
- Phone support
- Remote desktop support
- On-site support

Access to  
specialists in  
all professional  
healthcare  
environments

## Adaptability for various care environments

<sup>1</sup>Please check MB-20118 Product Matrix for latest updates.

<sup>2</sup>Laptop not included.
