

SYNAPTIX

DELIVERING REAL BUSINESS IMPACT WITH GENAI

What's sitting on your desk right now?

*Bank statements? Medical billing? Shipping manifests?
Timesheets? Lab results with 50+ parameters?*

Every organisation drowns in these.

The smart ones use SynStruct

PDF in → Data extracted → Standardised → Analytics-ready Excel

We don't just extract. We transform:

- ✓ Financial statements → standardised templates for comparison
- ✓ Medical bills → consistent coding structures
- ✓ Shipping data → automatic PO matching
- ✓ Survey responses → statistical-ready datasets

Results:

95% auto-processed

Only 5% flagged for review

80% less manual work

SYNAPTYX

DELIVERING REAL BUSINESS IMPACT WITH GENAI

**From days of typing to minutes of reviewing.
From document chaos to data intelligence.**

How It Works

Transform your PDF containing tabular data into Excel spreadsheet in just three simple steps

1

Upload Your PDF

Simply drag and drop your PDF containing tables.

2

AI Processing

Our advanced AI analyses your document, identifies tables, extracts data with high precision, and provides confidence score so you know which data to review.

3

Download Excel

Receive your well-formatted Excel sheet almost instantly.
