Corporate HS Hooded Jacket

This all-round hardshell jacket keeps you dry on all your adventures, both the casual strolls through the city and the active pursuits in the mountains.

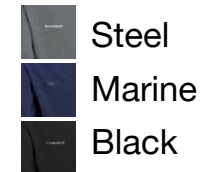

This durable, functional jacket with Mammut DRYtechnology™ Pro 3-layer is breathable, waterproof and PFC-free.

Its regular fit and its practical features, such as easy-access pockets and an adjustable hood with a visor make this jacket the ideal companion in all kinds of weather.

- 2 side pockets
- 1 inside chest pocket
- 2 point adjustable hem
- 3 point adjustable hood
- Adjustable cuffs

All available in:

Softshell

A robust softshell jacket can be used all year round for everyday use. The breathable, 3-layer material with membrane is windproof and at the same time guarantees optimal moisture transport. The light 4-way stretch fabric is comfortable to wear and offers a lot of freedom of movement.

Corporate SO Hooded Jacket

A robust softshell jacket with hood that can be used all year round for everyday use. The breathable, 3-layer material with membrane is windproof and at the same time guarantees optimal moisture transport. The light 4-way stretch fabric is comfortable to wear and offers a lot of freedom of movement.

The outer fabric consists of 30% recycled material and is impregnated without PFC. The high-quality jacket is very durable and therefore environmentally friendly.

The reduced cutlines allow to place the company logo as desired alongside the subtle, tonal Mammut branding.

We will offer this style and colorway for a minimum of 4 years.

- 2 Side Pockets
- Chest pocket for men
- Adjustable draw cord hem
- Adjustable hood

All available in:
Black and Marine
with backer in
Titanium melange

Mtn Pro 2.0 IN Jacket

Featuring a highly technical synthetic fiber fill, the MTN Pro 2.0 IN Jacket is just as warm as the leading down jackets of its weight class but comes with one crucial advantage: maintained insulation performance even in damp conditions.

Designed for both everyday and professional use, its durable ripstop face fabric makes it an excellent choice as an outer layer. Boasting a PFC-free durable water-repellant coating, it also helps keep you dry in unfavorable conditions.

A reliable insulating layer for mountain professionals, the MTN Pro 2.0 IN Jacket got its name for a reason.

- Rip-stop face fabric
- G-Loft insulation
- 2 Side Pockets
- 1 Chest Pocket

All available in:
Black

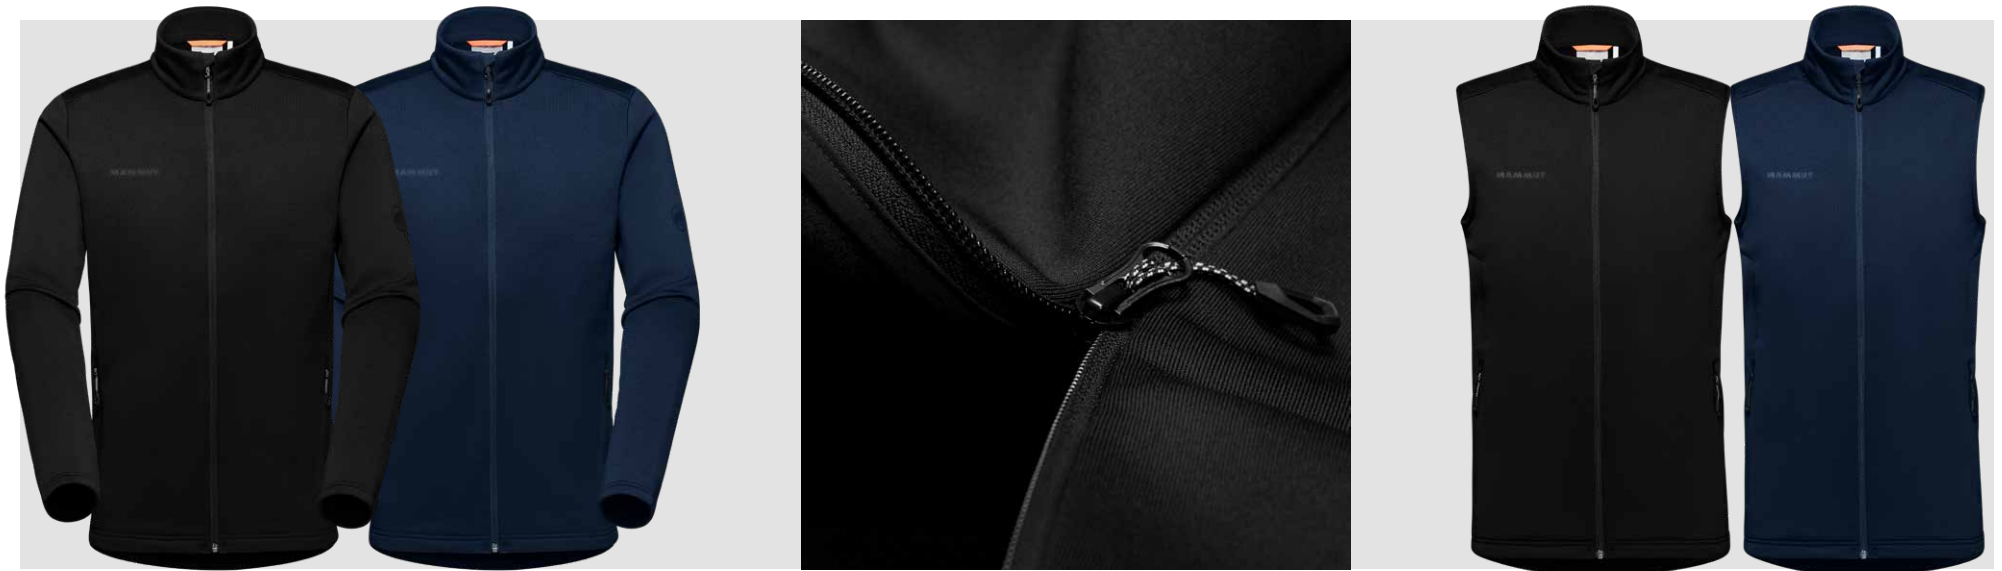

Midlayer

Warm mid-layer, fashionable and sporty, with an excellent warmth-to-weight ratio for daily use. The light, breathable material warms and ensures optimal moisture transport. The light stretch fabric is comfortable to wear and provides great freedom of movement.

Known and popular for decades ... formerly under Raichle, today under Mammut.

Comfortable, soft and functional full leather work shoe. Ideal for machinists or generally as a work shoe.

- Robust, easy to maintain
- Breathable, leather lining
- Weight: 1860 g

Mercury Low IV GTX Men

The new and improved version of our bestseller combines all the features hikers are looking for on their tours.

The Mercury IV Low GTX has a flexible and grippy Vibram sole for optimum sure-footedness on day hikes. Damping 3D Memo Foam in the lining and insole as well as a breathable, waterproof GORE-TEX membrane ensure superlative comfort. High-quality terracare® nubuck leather gives the shoe stability and durability. The terracare® leather, sustainably produced in Germany, and GORE-TEX footwear 3L are bluesign®-certified to protect our environment.

Ducan Low GTX Men

Lightweight hiking shoe for rocky terrain. The mountains are at your feet with this lightweight, cutting-edge hiking shoe.

A literal spring in your step, Mammut Flextron® technology uses a spring-steel sole to provide effective shock absorption, energy transfer, and stability to keep your energy up and support your natural stride. A Vibram outersole provides reliable grip and a trusted GORE-TEX membrane keeps you protected from adverse weather. All this in an anatomically tailored design for a comfortable, precise fit.

Ducan Mid GTX Men

From short hikes to multi-day tours, this mid-cut boot keeps all your options open – and is backed by the latest technologies to do so. Putting the literal spring in your step, Mammut Flextron® technology uses a spring-steel sole to provide effective shock absorption, energy transfer, and stability to support your natural stride. Meanwhile, reliable grip is provided by the Vibram outsole and a trusted GORE-TEX membrane keeps you protected from adverse weather. All this in an anatomically tailored design for a comfortable, precise fit.

Corporate Xeron 15

The Xeron 15 is a Mammut classic. A high-end daypack that is a tribute to our Mammut heritage. Unique details and a distinctive design characterize the product in the Xeron range. The Xeron 15 features a wide buckle and a linear design. For corporate customers available in the special phantom colorway. Mammut's founding year is embossed on its back, the inside is in a light grey lining.

Xeron 15 – a comfortable high-quality daypack with practical features for everyday use.

The design allows for customization with your logo on the front panel.

- 15 Liter volume
- Integrated laptop compartment
- Internal organizer compartments
- Zip pocket with key clip
- anatomically shaped, soft padded shoulder straps
- black Mammut branding
- Space for Company Logo

Corporate Xeron 25

The Xeron 25 is the daypack that combines everything we have aimed for since 1862. For corporate customers available in the special phantom colorway.

High-quality details and a unique design serve as a tribute to our MAMMUT heritage. Our founding year, 1862, is embossed on the back panel. A daypack that's always at your side.

The design allows for customization with your logo on the front panel.

- 25 Liter volume
- Integrated laptop compartment
- Internal organizer compartments
- Zip pocket with key clip
- anatomically shaped, soft padded shoulder straps
- Black Mammut branding
- Space for Company Logo

Corporate Lithium 20

The Lithium Speed 20 backpack is a true multi-talent. For corporate customers available in the special phantom colorway.

Thanks to its panel loader design, very lightweight materials and numerous features, the Lithium 20 is a suitable companion for pretty much everything from trail running and hiking to multi-pitch climbing.

The design allows for customization with your logo on the front panel.

- 20 Liter volume
- Super-lightweight, highly breathable EVA shoulder padding
- Zipper pocket on hip belt
- Trekking pole carrier
- Hydration system compatible
- Good back ventilation thanks to stamped EVA foam
- Main zipper Compartment
- Large front zipper pocket
- Forward-pull hip belt adjustment
- Zip pocket with key pocket
- Cell phone pocket
- Understated black Mammut branding
