

Instructor-Led Creator Course Service Description

This document provides information about the services associated with the Instructor-Led Creator Course, which is an add-on to your Visier People subscription.

Overview

Discover how to use Visier's Explore to create analyses and visualizations that meet the specific needs of your work and your organization. Sessions include either a predesigned or customized curriculum that addresses your goals while investigating in-depth skills within Visier People.

What's included

This two-hour program consists of:

- One session conducted in your Visier environment using your data
- Up to one hour of instructor preparation time

Who should attend

Those members of your organization who are frequent users and want to create analyses and visualizations using Explore should attend.

Prerequisites

To support the Instructor-Led Creator Course, the following prerequisites must be met prior to training:

- Your Visier Administrator must ensure that the following prerequisites are met:
 - All participants must have access to Visier People, with the appropriate login credentials and permissions to give them access to Explore.
 - Your onboarding of appropriate data and subjects are complete, and your data is validated.
- All participants are **required** to have completed the **Business User** or the **Power User** training successfully, either by using Visier Academy or by attending the instructor-led session.

Learning objectives

After this two-hour course, participants have learned the in-depth skills needed to do all of the following:

- Use Explore to build custom visualizations.
- Capture and save changes to analyses.
- Create groups.
- Build analyses to share.
- Compare employees.
- Leverage in-tool support resources.

Delivery method

This course is delivered virtually. Recording is possible when you use your web conferencing solution.

Classroom size

Up to 18 participants may attend.
