

SPEAKER BIOGRAPHY

Lexy Martin

Principal, Research
at Visier

visier

Lexy Martin is a respected thought leader and researcher on HR technology adoption, and specifically people analytics, and its value to organizations and workers alike. Her focus at Visier is on telling customer stories through surveys, case stories, and white papers. In addition, she is the chair of the People Intelligence Alliance Council, a group dedicated to provide support needed to steer the future of work towards openness, transparency and collaboration.
