VISIER PEOPLE[®]: ESSENTIALS

Your launchpad to success
with people analytics

visier

Visier People® Essentials is a powerful people analytics package that helps organizations solve their most critical workforce and business challenges. From talent acquisition to retention, Essentials empowers you to move the needle on the HR challenges that matter most in a single comprehensive offering.

The package delivers a guided, turnkey experience that includes not just software, but also the professional services and best practices coaching that will help you realize undeniable business value—remarkably quickly.

Visier People Essentials is the most cost-effective and proven way to launch, enhance, or scale your people analytics practice.

Predefined scope to help you target your most critical challenges

The capabilities included in the **Essentials** package are based on our experience with over 25,000 customers and span the entire employee lifecycle.

The package includes the most important areas for a foundational practice, as well as those that most rapidly demonstrate a quantifiable ROI on your people analytics investment.

Headcount & Movement: Achieve clarity on headcount and demographics, and track not just how employees are moving in, out, and through your organization, but also *why*—and what it means for your business.

Employee Engagement: Understand how employee engagement influences business outcomes like retention and employee performance. Take data-informed actions that meaningfully improve engagement.

Budgeted Compensation & Workforce Cost: Ensure your compensation dollars are deployed where they will have the highest impact, and uncover cost-saving opportunities.

HR Effectiveness: Reliably measure your HR department's effectiveness and key metrics, so you can demonstrate business impact and cement its status as a strategic function.

Turnover & Retention: Pinpoint the root causes of turnover today, and use Visier's powerful predictive capabilities to anticipate where it will happen next. Get the insights needed to take targeted actions to boost retention, right down to the individual level.

Benchmarks: Find out “what good look like” using Visier's built-in benchmark capability. See how your organization stacks up against its industry peers across a wide variety of metrics, so you can make informed decisions. Our real-world proprietary data is sourced from over 17 million anonymized employee records across thousands of Visier customers.

Requisitions (Talent Acquisition): Go beyond simple hiring funnel metrics. Understand exactly what you can do to improve the quality, speed, and predictability of your TA function.

Standardized Occupations: Visier helps you automatically standardize your company's jobs to a standardized list of job titles and hierarchies and skills, helping you build alignment internally and to the external market.

Diversity & Inclusion: Uncover blindspots within your diversity initiatives to drive accountability and align your organization towards real progress.

Get up and running fast

Essentials is designed to help organizations realize value quickly, without necessarily having a large in-house analytics team or significant specialist expertise.

From our simple purchase process, to our managed implementation process, to our pre-built analytics content, **Visier People Essentials** is a fully guided experience. Draw confidence from our unmatched depth of expertise—we've helped organizations of every size and industry get started with people analytics.

Scale and broaden your PA strategy over time

Essentials is your people analytics foundation. When you're ready to go beyond, Visier offers an extensive catalog of dozens of additional subject areas that you can easily add to your implementation.

We believe in your success—helping you start on the right path and then providing continuous value as you grow in people analytics maturity and scale.

Benefit from the simplicity of a single, complete package

Visier People Essentials includes the ideal comprehensive mix of software and professional services to help you stand up (or extend) your people analytics practice.
