

Working Student Digital Experience Design

Potsdam/Berlin

Do you want to design the working world of the future? Are you itching to take digital products and processes to the next level in all kinds of industries? Look forward to a motivated team and an exciting working environment at **D-LABS!**

WHO WE ARE MISSING, IS YOU!

YOUR PROFILE

- > You currently study design with a focus on interaction or user experience (UX) design.
- > You already have some experience with UX design, interaction design or service design, and want to expand your skills in creating, presenting, and communicating feasible concepts.
- > You are interested in learning and applying methods of human-centered design.
- > You are able to quickly familiarize yourself with new topics and contribute your own ideas.

YOUR TASKS

- > You support the conception and design of digital services and products, and develop storyboards, use cases and user stories to track usage scenarios.
- > You also create information architectures, flowcharts, wireframes, and preliminary prototypes.
- > You participate in crossfunctional workshops, e.g. to develop concepts.
- > As part of our interdisciplinary team, you inspire others and are a ready sparring partner.

You know you're the one for us – but you don't fulfill all requirements? Convince us! We love to hear from you.

SOUNDS GOOD! WHAT NOW?

Are you ready?
