

# Digital Experience Designer

## Potsdam/Berlin

You want to work with a good team and realize innovative projects? Look forward to an exciting work environment with multifaceted tasks as a digital experience designer at **D-LABS!**

### WHO WE ARE MISSING, IS YOU!

#### YOUR PROFILE

- > You're passionate about the user-centered design of digital products and services.
- > You have completed a degree in design with a focus on e.g. interaction or user experience (UX) design.
- > You specialize in UX design, interaction design and service design, and have excellent skills in creating, presenting and communicating viable concepts.
- > You know the ins and outs of Figma. You're used to operating within frameworks and design libraries, but can also work with less strict design specifications.
- > You are a team player who masters challenges with know-how and creativity.

#### YOUR TASKS

- > You design digital products and services. In doing so, you develop use cases and user stories in close collaboration with our user researchers.
- > You also create information architectures, flowcharts and wireframes, and visualize user interfaces in mockups and prototypes.
- > You take part in interdisciplinary workshops to co-create and develop conceptual approaches.
- > You're happy to spar and serve as a source of inspiration for the D-LABS team.

You know you're the one for us – but you don't fulfill all requirements? Convince us! We love to hear from you.

### SOUNDS GOOD! WHAT NOW?
