

# BeatMachine Akai LPD8

---

There are 4 files, one for each of the four banks available on the Akai LPD8. This file will explain about the banks and which controls they have.

## Pads

The Pads are in *pad*-mode triggers for the sounds of the BeatMachine. This goes for all the banks.

The Pads in *prog. chng*-mode set the different drumkits available:

1. TR808
2. TR909
3. HR16
4. LINNDRUM
5. Custom (If available)

## Bank 1

- **Controls:** Gain
- **Pads:** Trigger Filter

## Bank 2

- **Controls:** Filter Q
- **Pads:** Trigger Filter

## Bank 3

- **Controls:** Filter Freq
- **Pads:** Trigger SOLO

## Bank 4

- **Controls:** Pan
- **Pads:** Trigger MUTE

## Contribute

Do you own another controller, created mappings for it and would like to share it? Create a PR with the mappings in the docs folder or let me know by twitter and I will help you with it.
