

**This week's Finish Line:
God is consistent even when we are not**

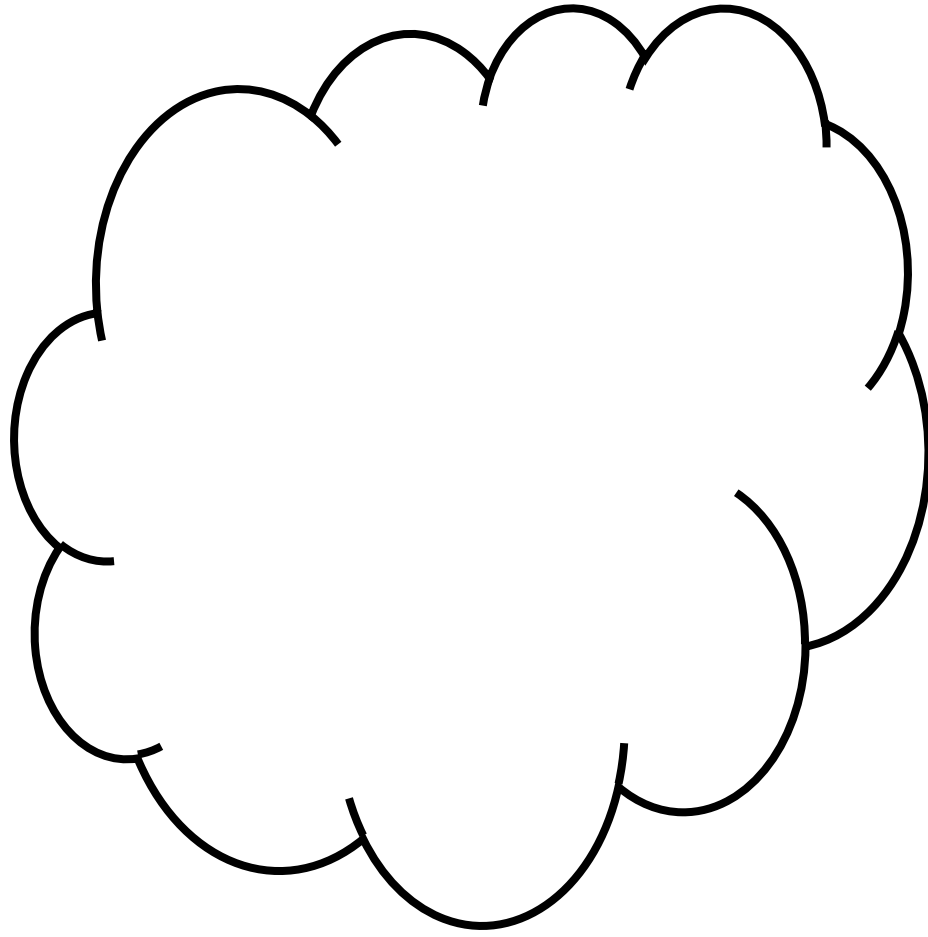

&

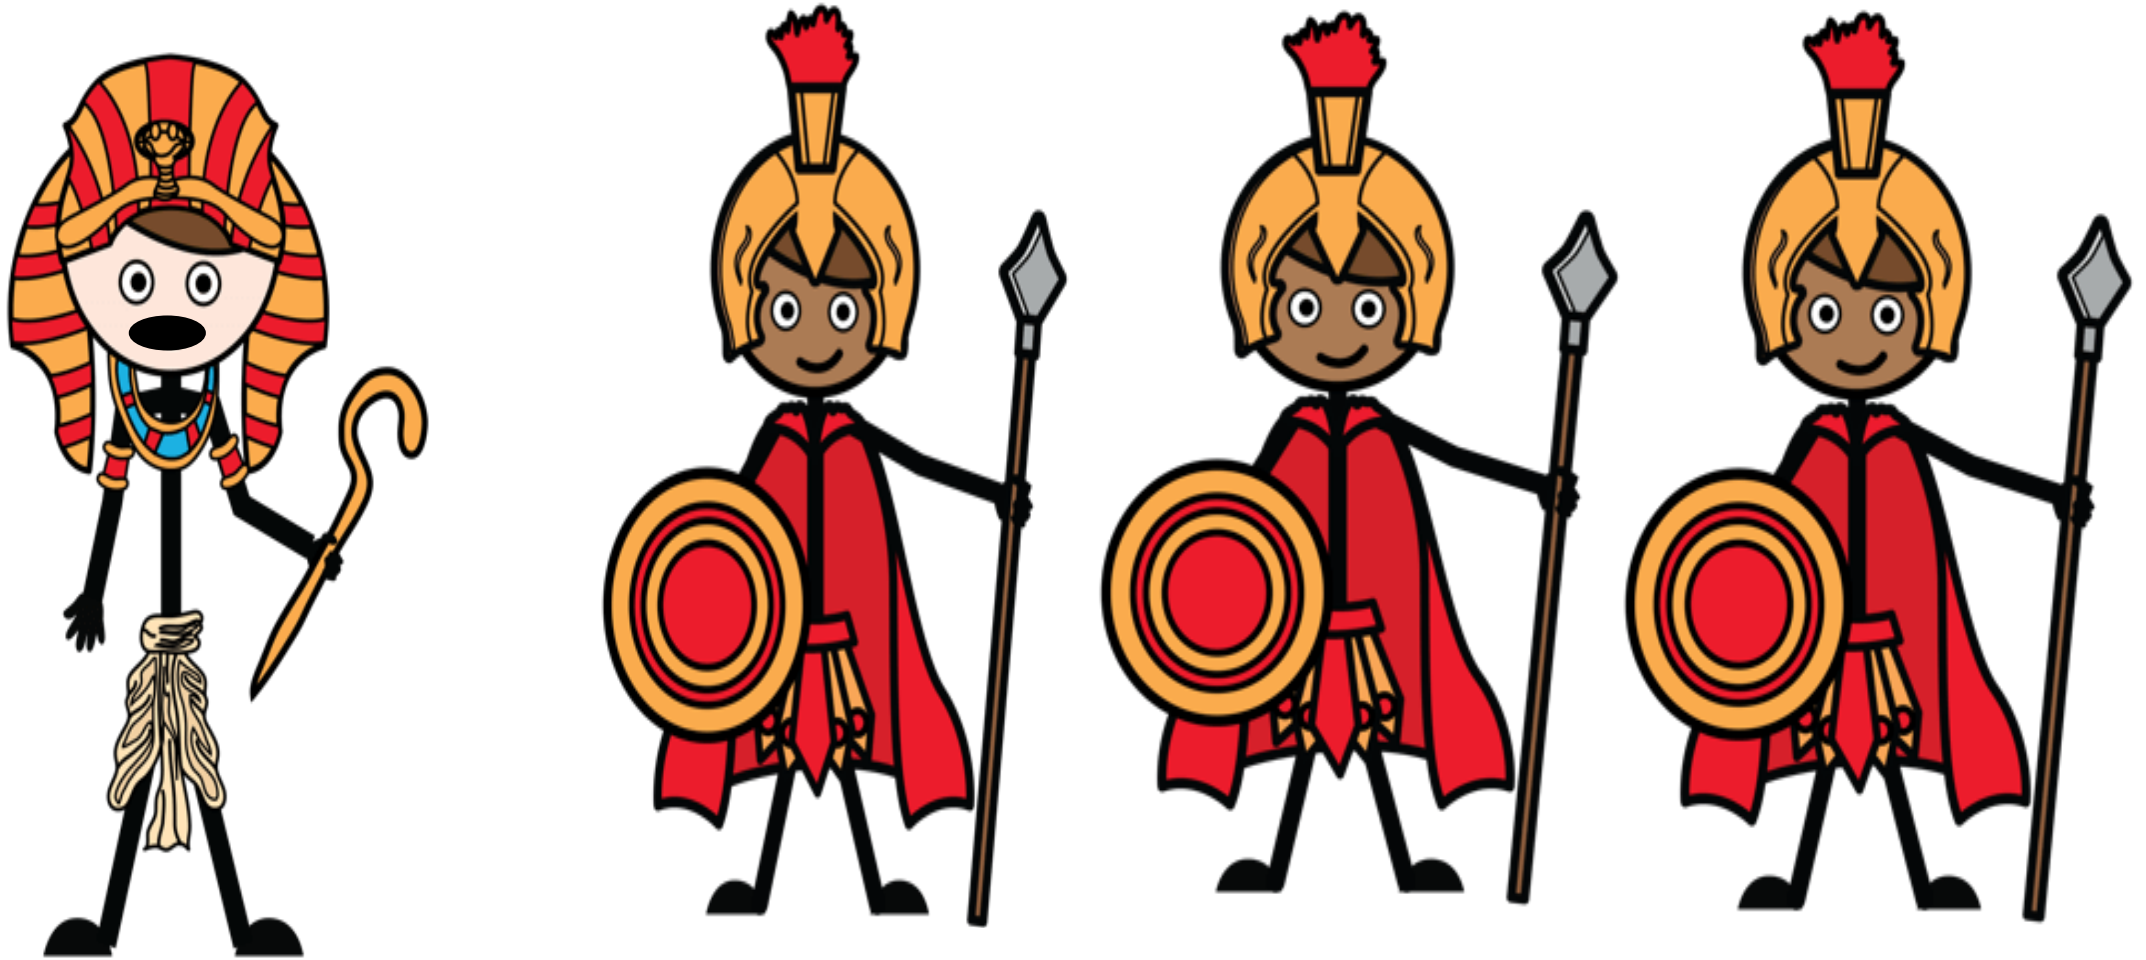

Consistency
Constantly following God and His Word

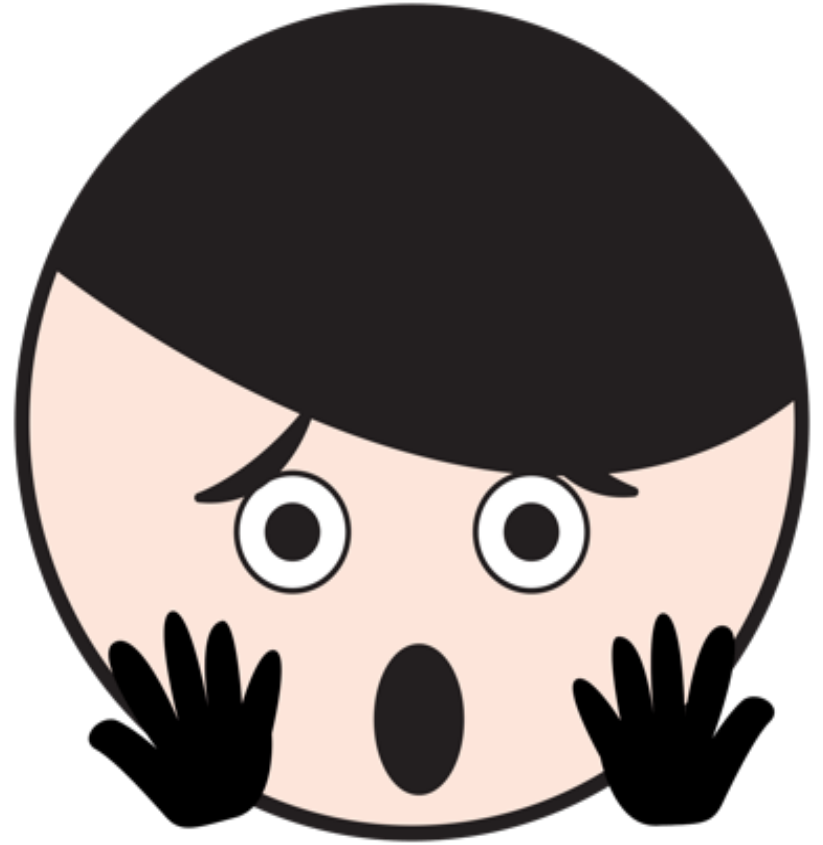

**God's people were free from Egypt and Pharaoh!
God was going to lead them to their new home,
a land filled with good things.**

God led His people, the Israelites, with a cloud during the day and a pillar of fire at night.

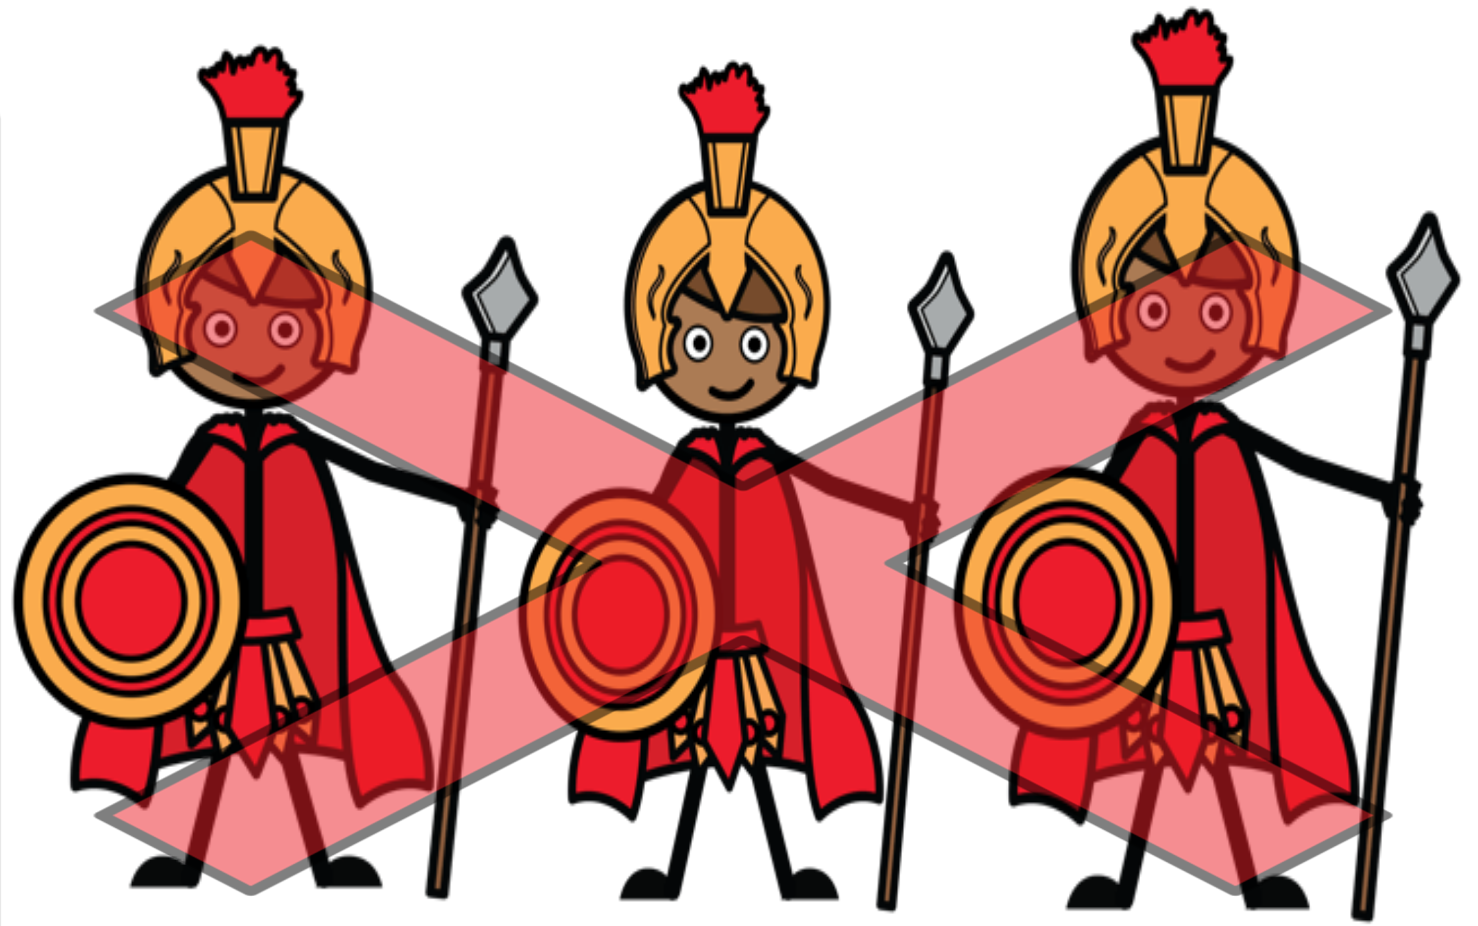

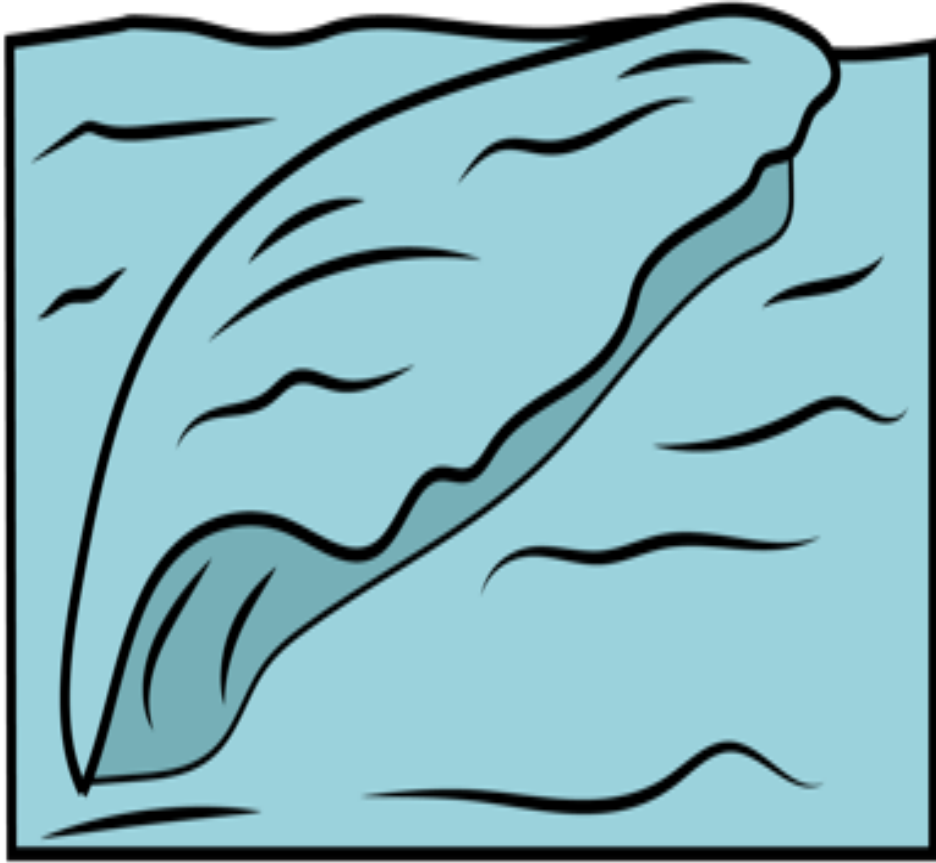

But Pharaoh changed his mind. He did not want the Israelites to leave. He sent his army to catch them.

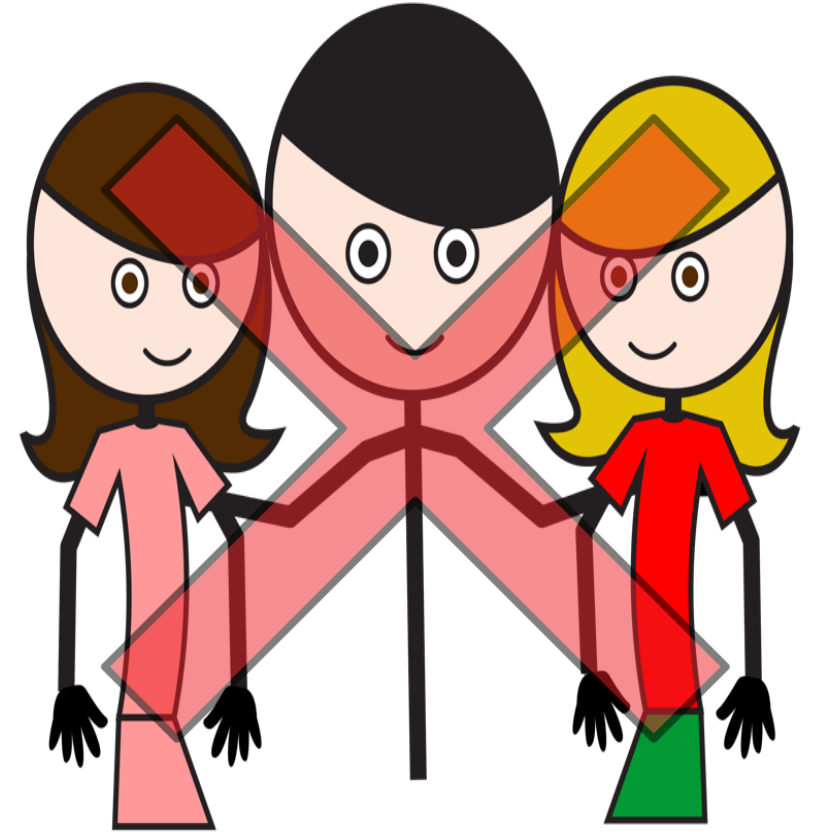

God's people were trapped at the edge of a great sea. They were scared. They did not trust that God could rescue them. Even though they were not consistent, God still was.

**God told Moses to pick up his staff and raise it over the water.
God sent a strong wind to blow back the waters of the sea.
God's people crossed on dry ground. They were safe!**

Pharaoh's army tried to follow, but God closed the waters of the sea over them. They were gone. God showed consistent love and faithfulness to His people by protecting them.

God is consistent even when we are not.
