

This Week's Story:
The Red Sea

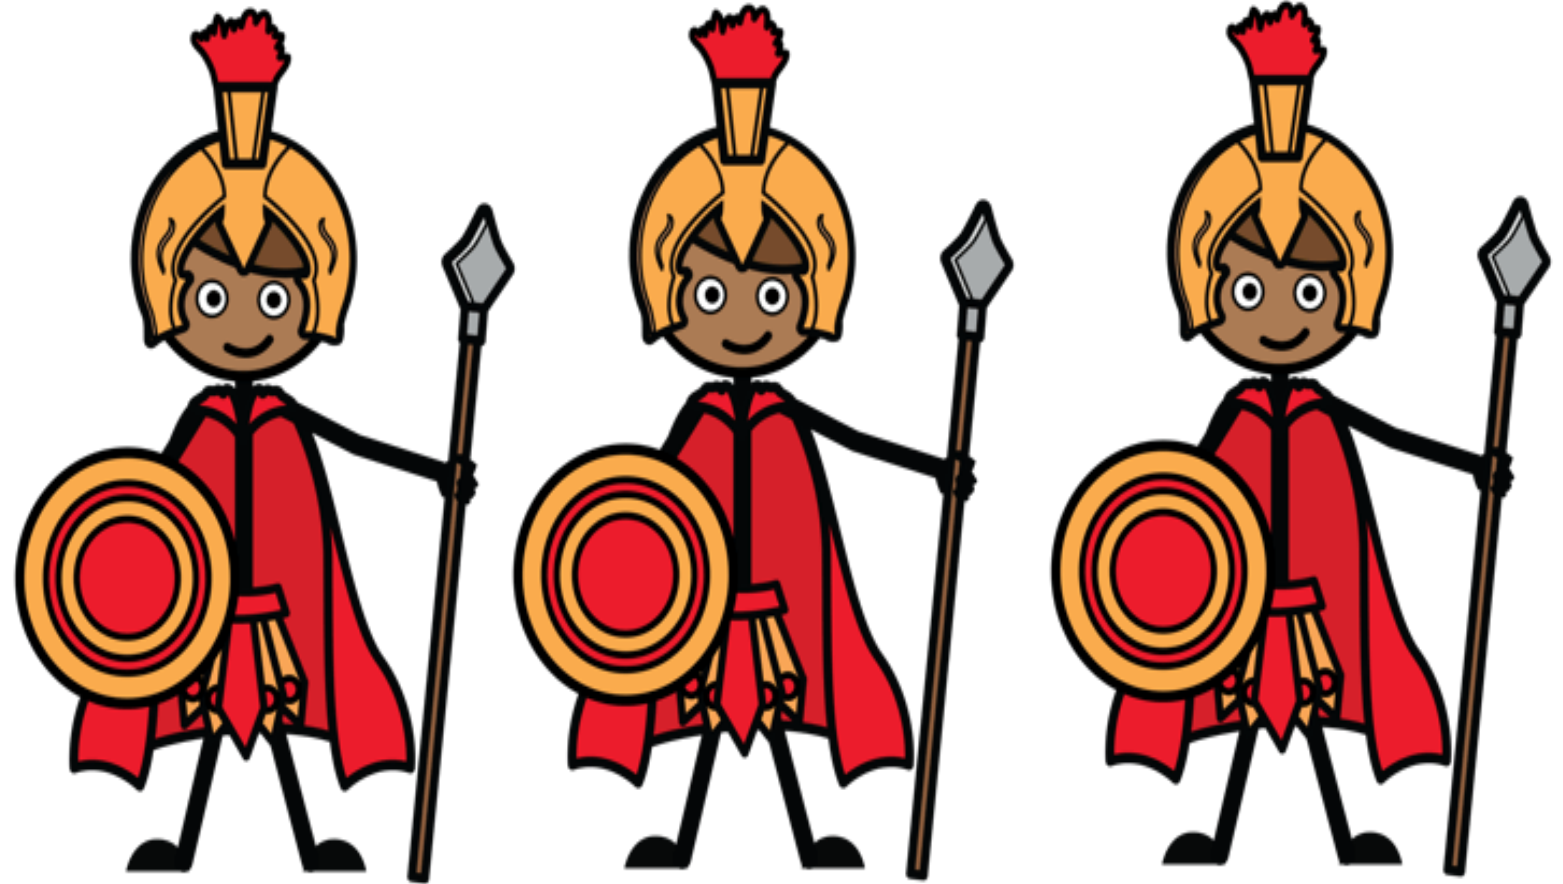

This Week's Teaching Truth:
God leads us

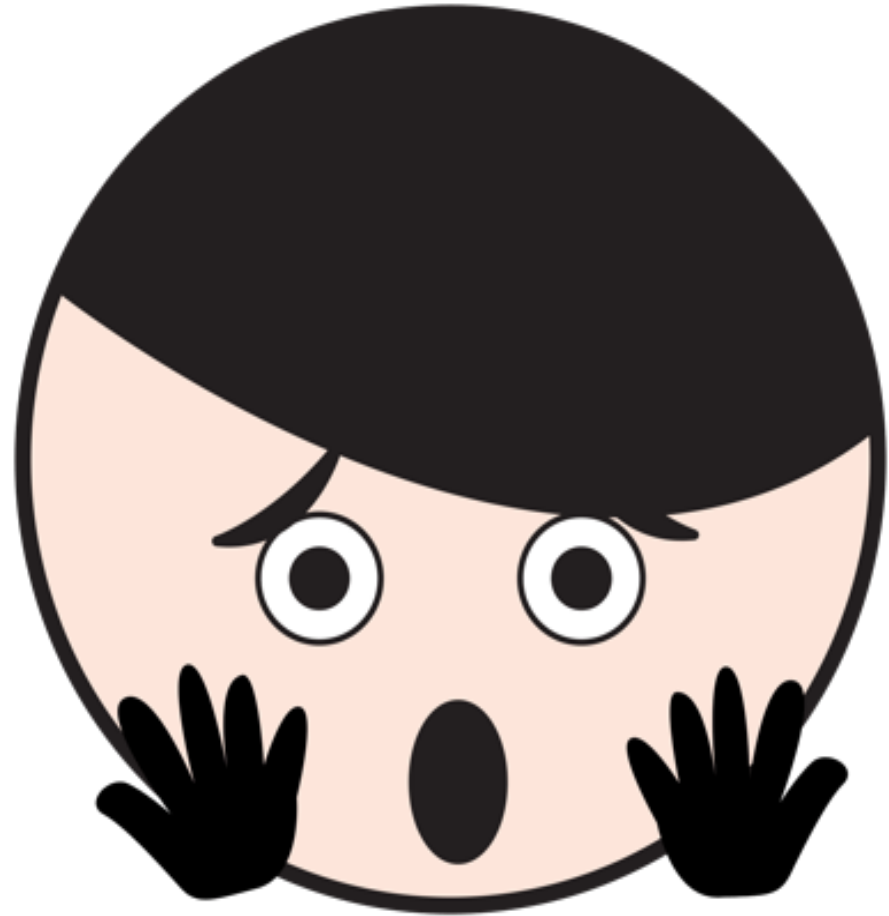

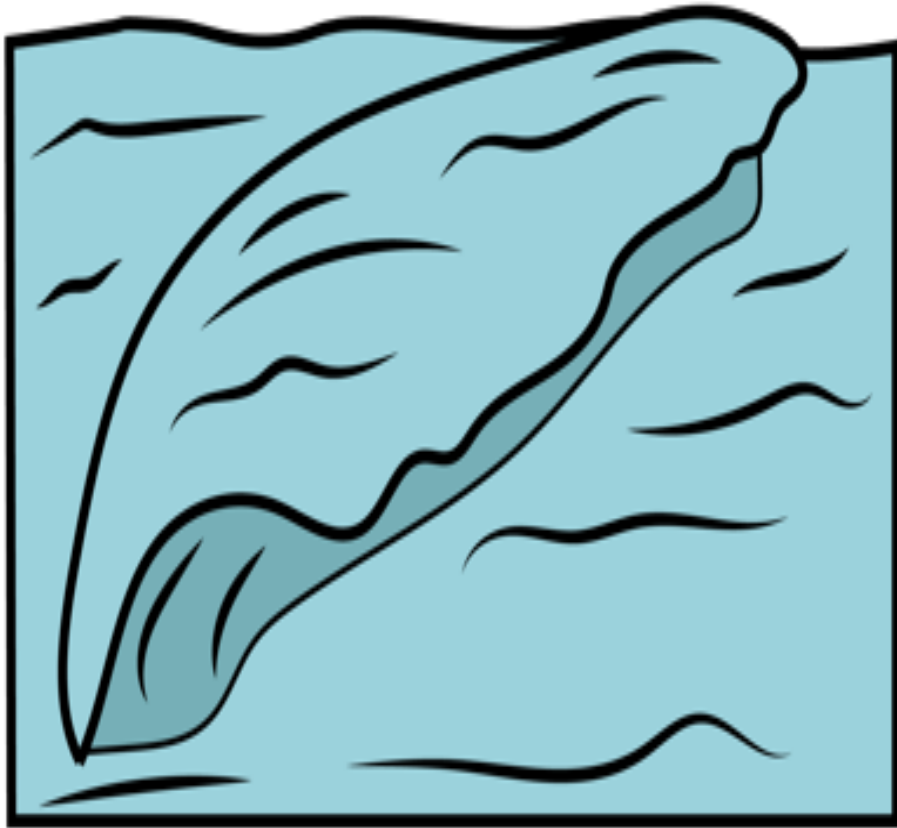

**God's people were free from Pharaoh and Egypt.
God was going to lead them to their new home,
a land filled with good things.**

God led His people with a cloud during the day and a pillar of fire at night. God was protecting His children.

**But Pharaoh changed his mind.
He sent his army to chase and catch God's people.**

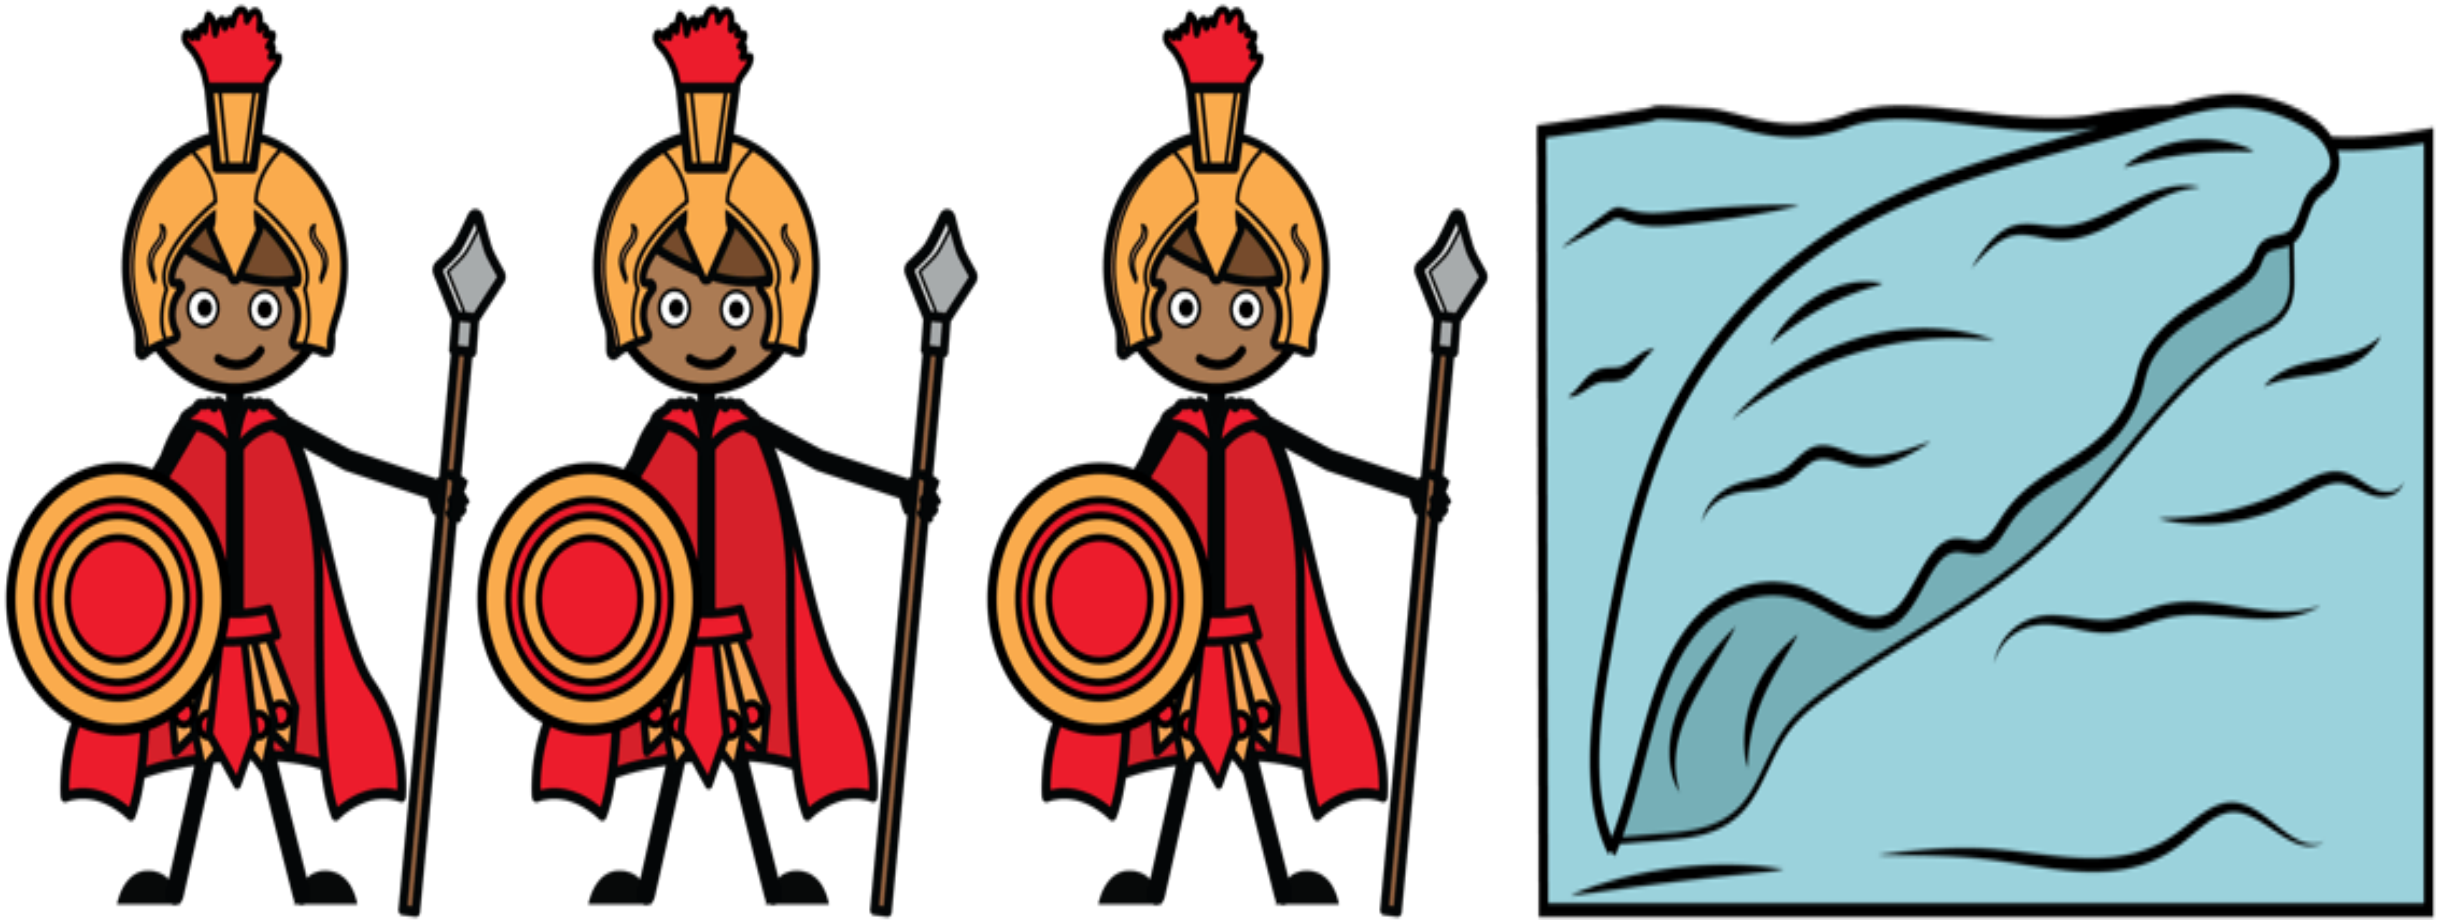

**God's people were chased to the edge of a great sea.
They were scared. How would they get across?**

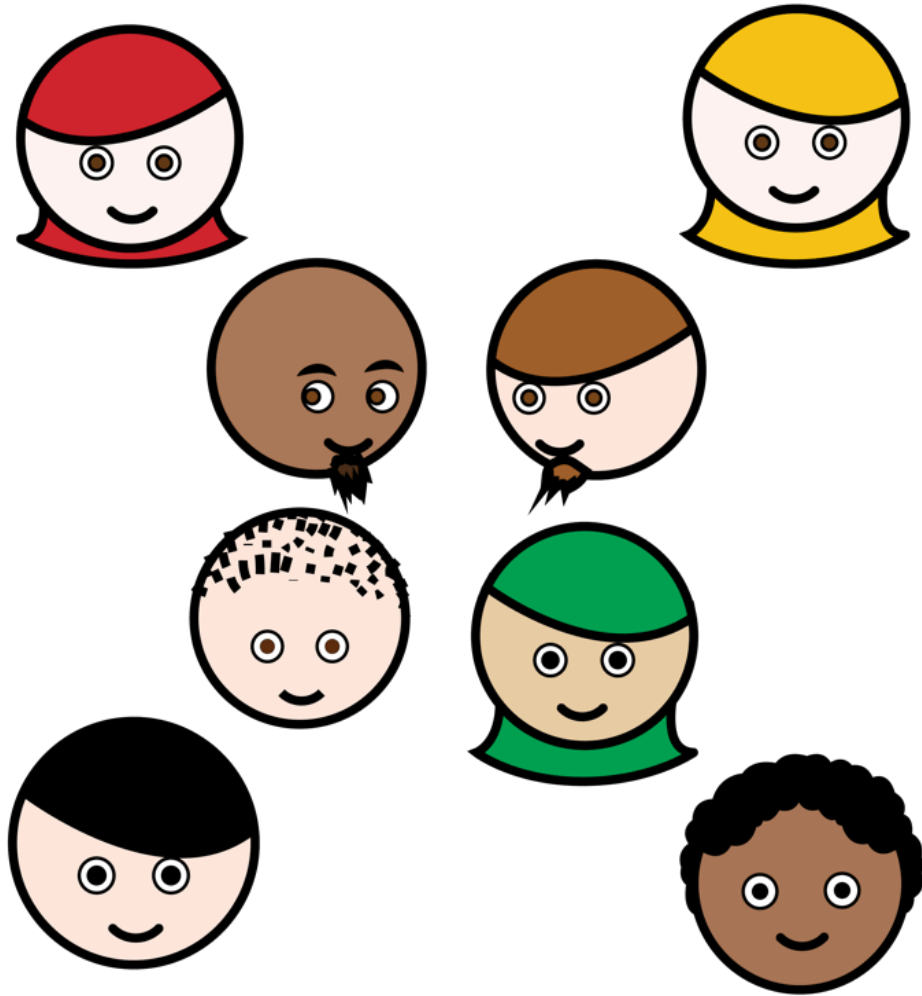

God sent a strong wind to blow back the waters of the sea.

God's people crossed on dry ground.

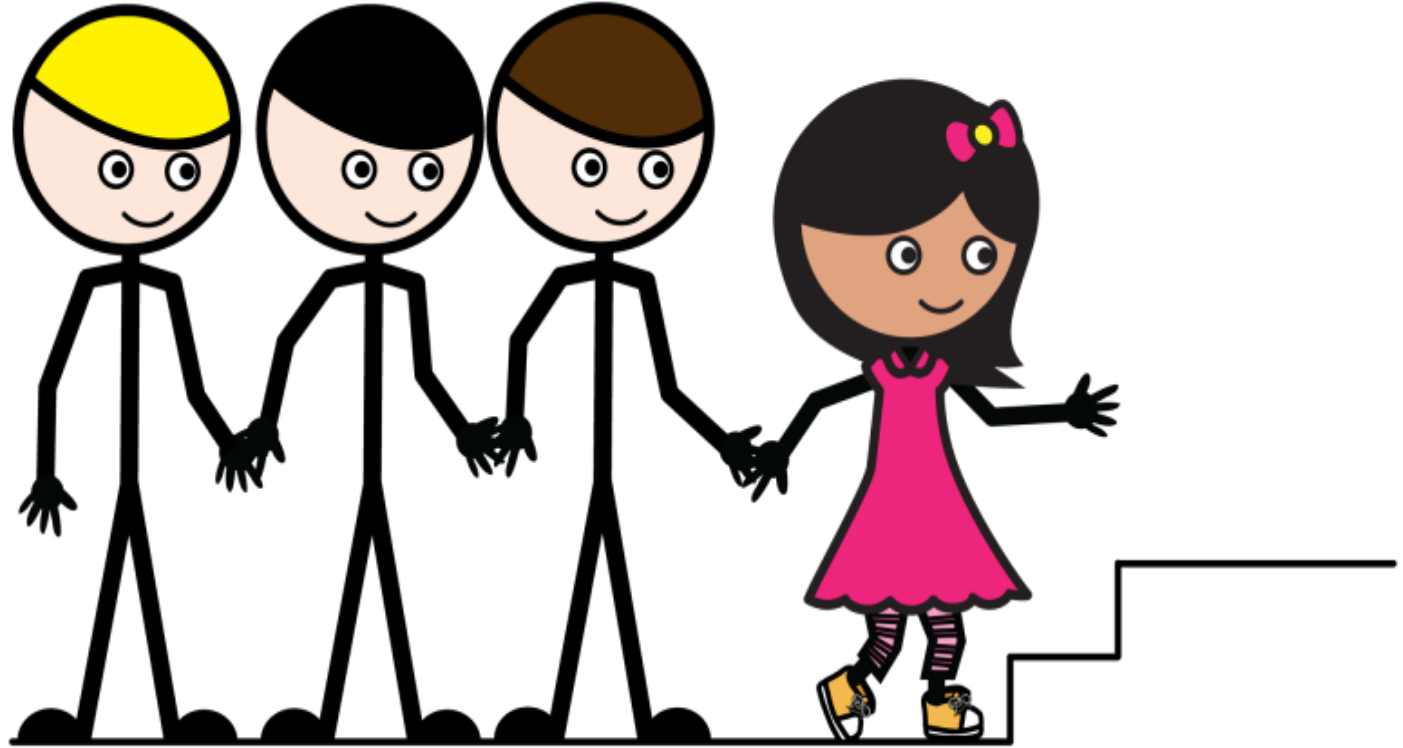

God protected His children and led them to safety!

Pharaoh's army tried to follow, but God closed the waters of the sea over them. They were gone.

**After God led them through the sea and saved them,
His people sang a song to praise Him.**

God leads us.
