

This week's story:
The Sermon on the Mount

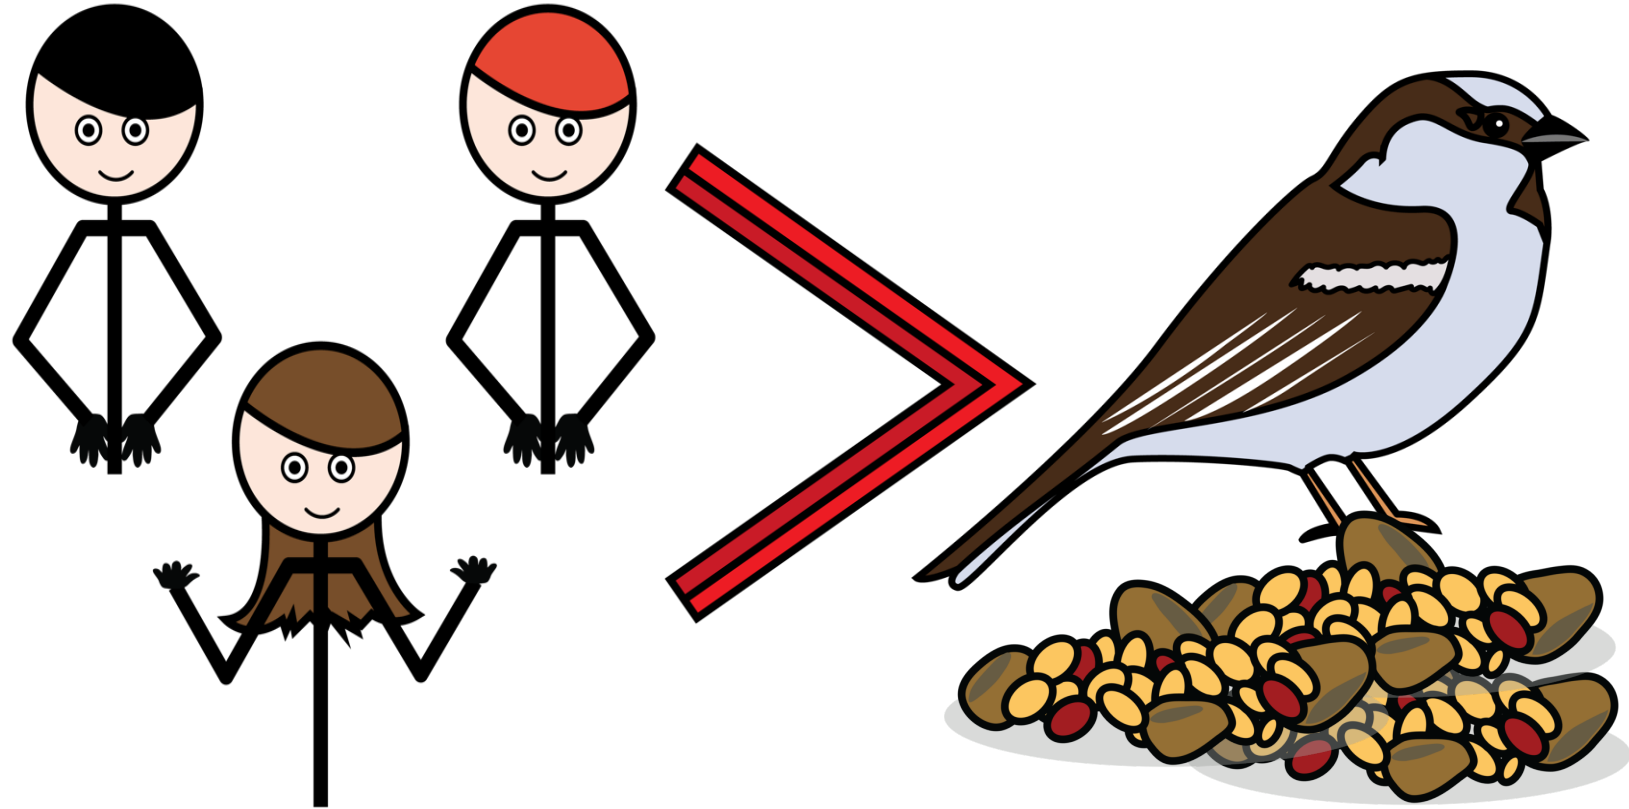

This week's Teaching Truth:
God's people do not need to worry

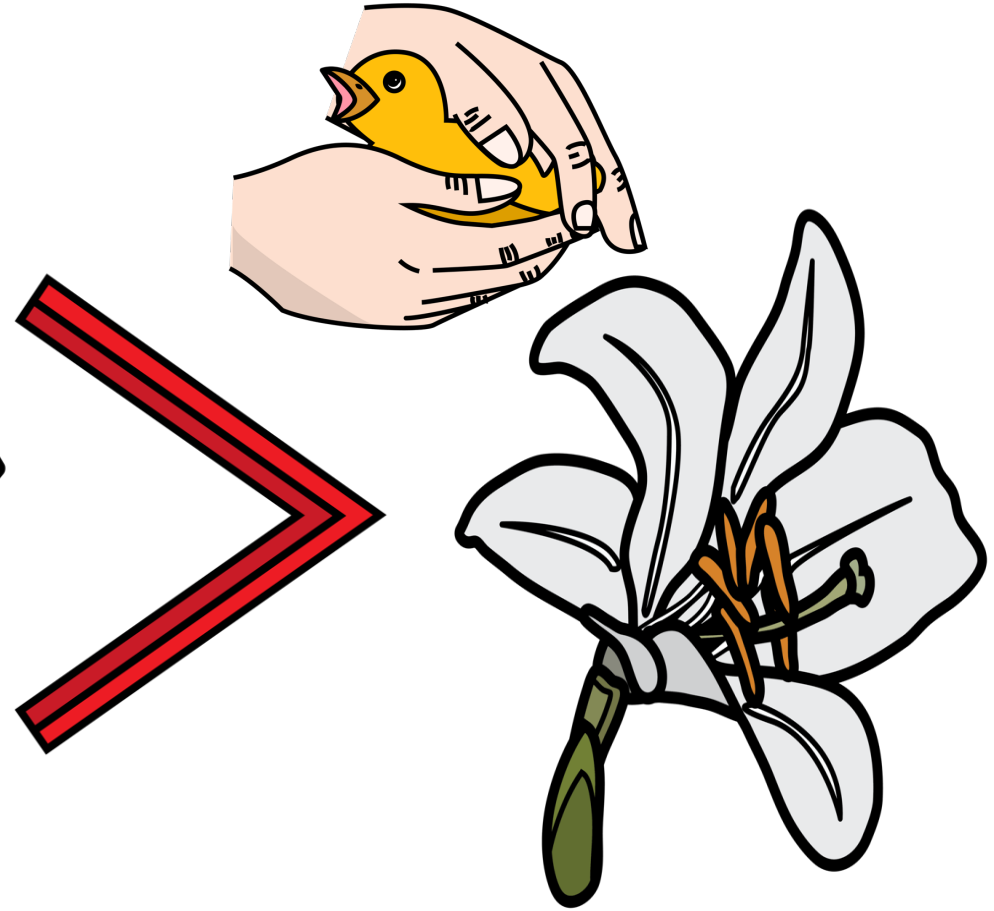

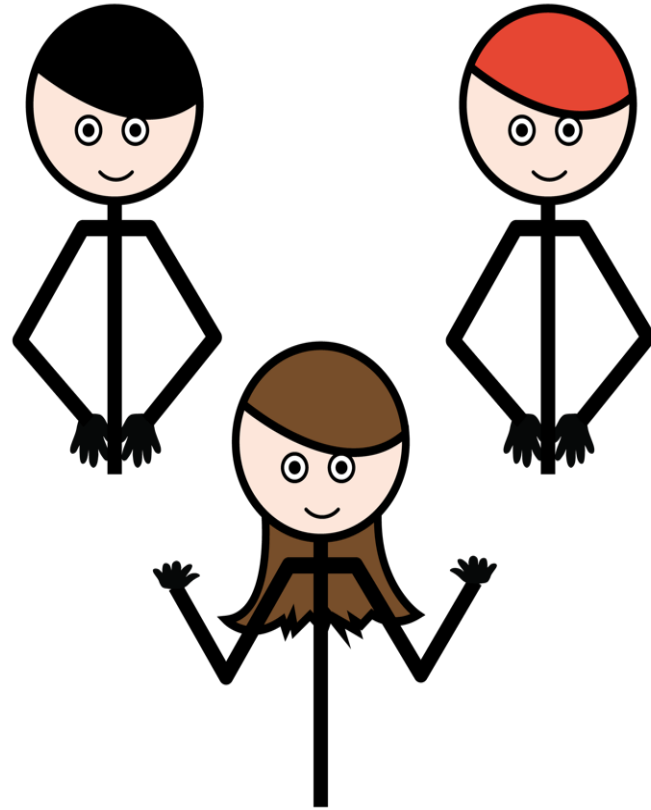

Jesus was teaching His disciples and many others on a mountain. He was teaching them what it looked like for them to live in a way that pleased God.

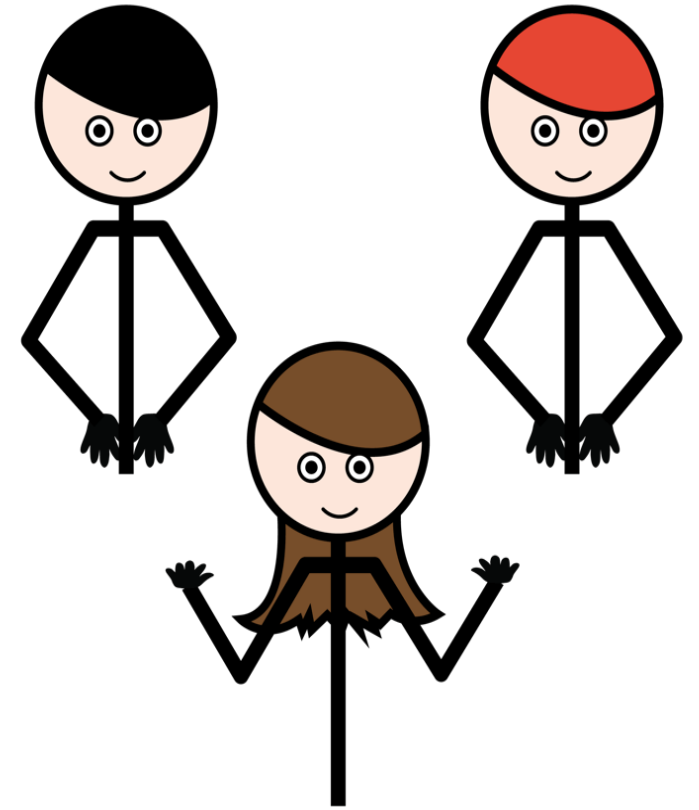

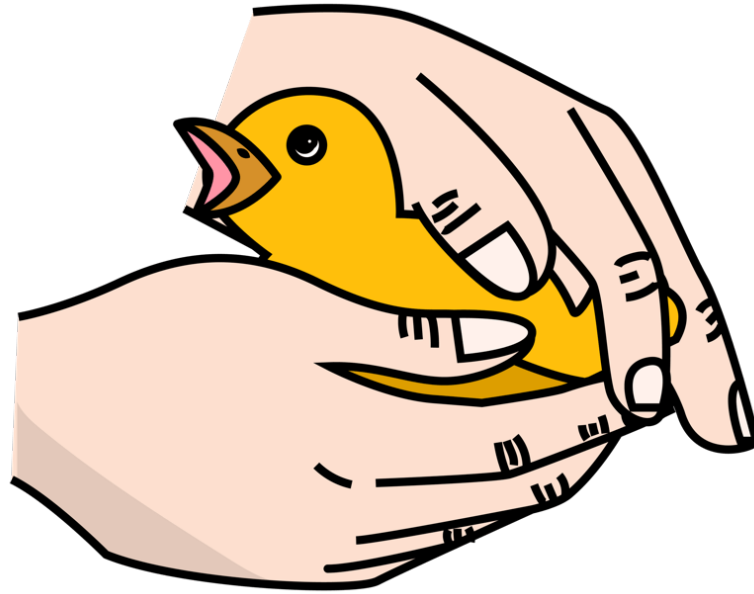

Jesus told us not to worry about food and drink.

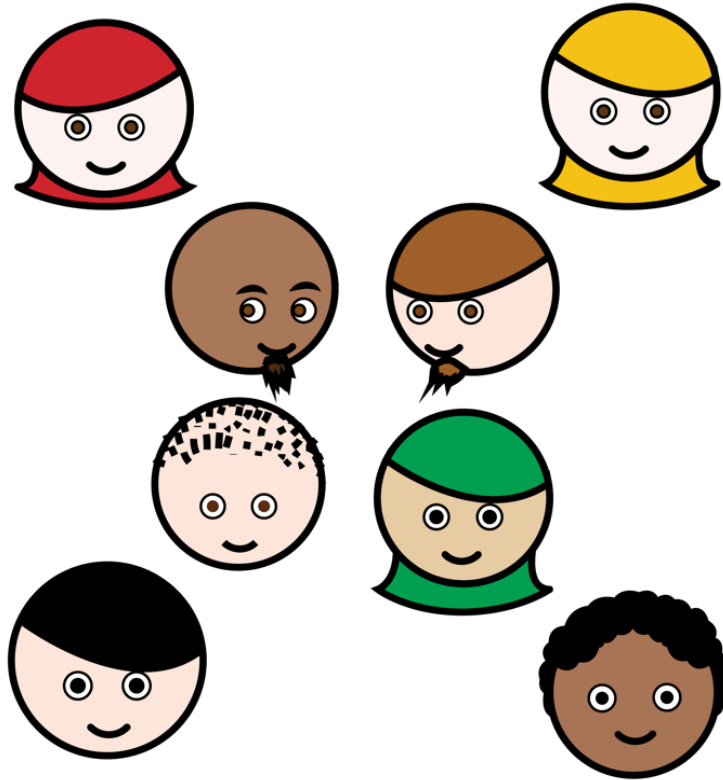

God feeds the birds, and we are more valuable to God than birds.

God takes care of the flowers, and He cares for us more than flowers.

God loves us and He will take care of us.

God's people do not need to worry.
