

This Week's Story:
David and Goliath

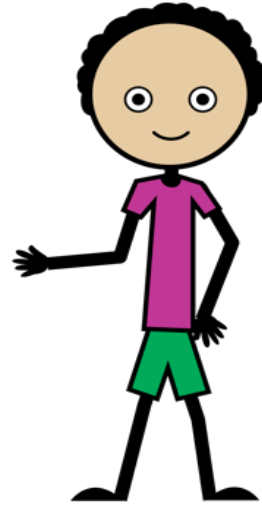

This Week's Teaching Truth:
We can trust God no matter what happens

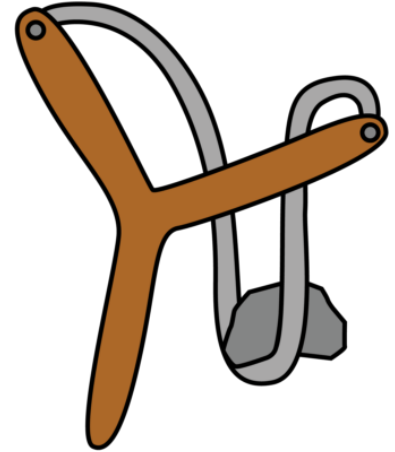

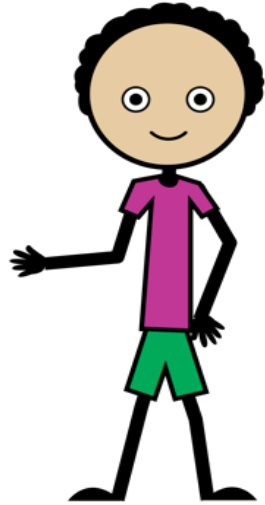

Goliath was a big, tall giant. He yelled at God's people to come and fight him, but they were too scared.

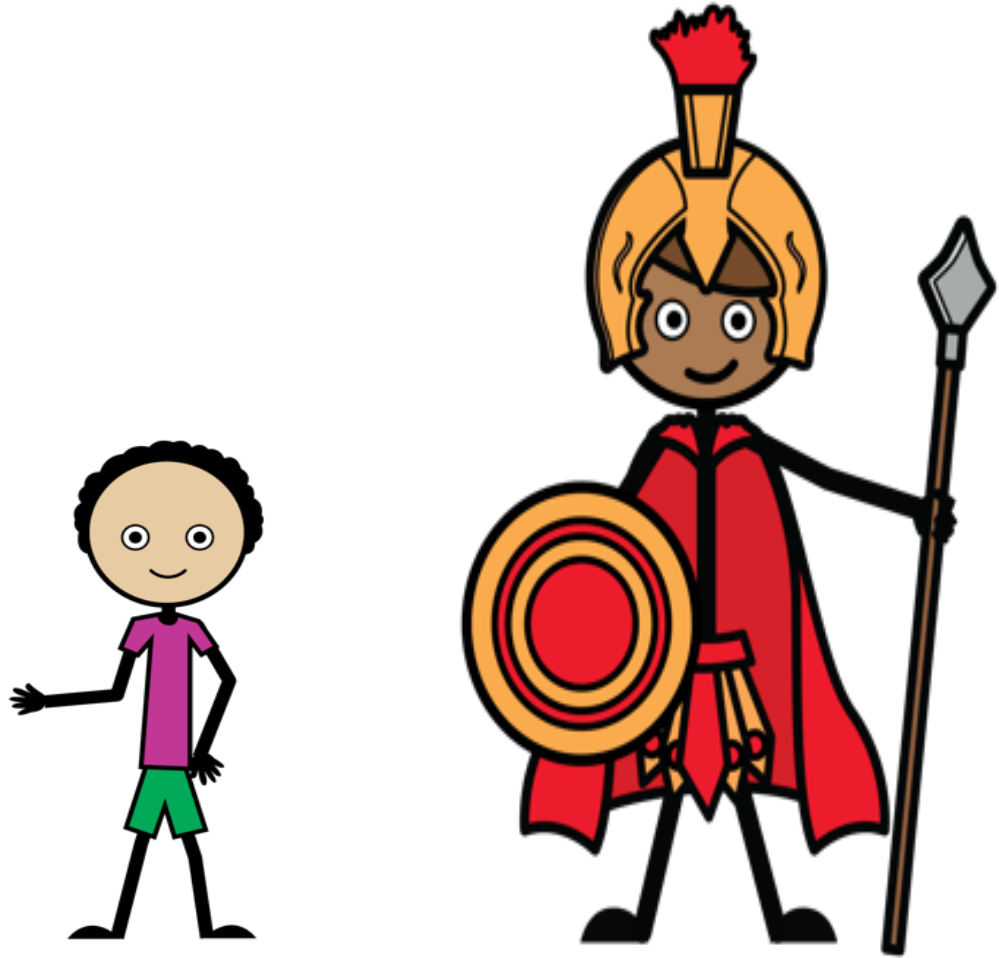

A boy named David came and heard the bad things Goliath said. He told the king he would fight Goliath.

“How can you fight Goliath? You are not big,” the king said. “God will keep me safe,” said David.

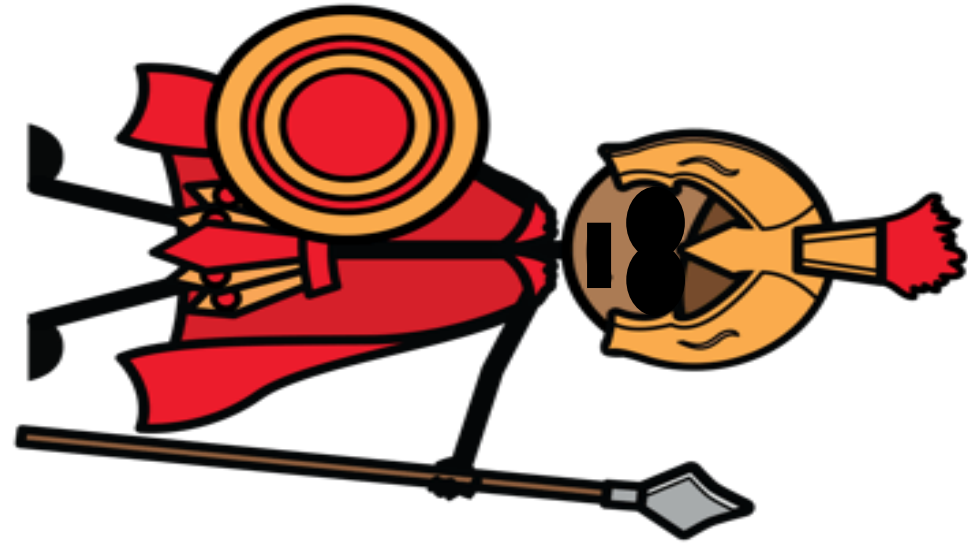

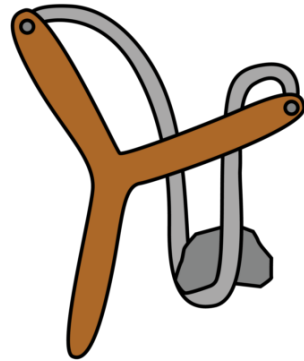

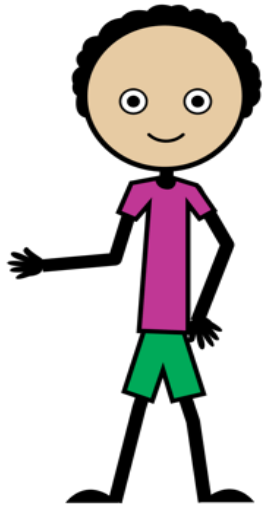

David went to a stream to choose five rocks for his sling shot.

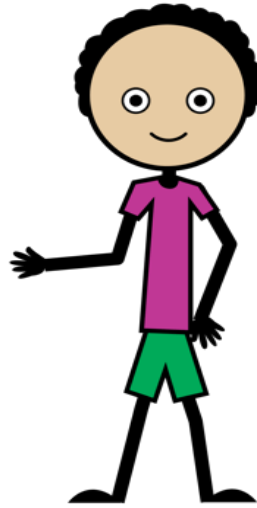

David went to fight Goliath. Goliath laughed at David and God, but David trusted that God was with him.

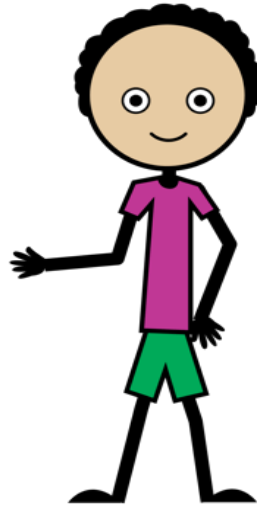

David said, “You come against me with a sword and spear, but I come against you in the name of the Lord Almighty!”

**David used his sling and threw a stone at Goliath.
The stone hit Goliath's head and he died.**

God used David to defeat Goliath and protect His people.

We can trust God no matter what happens.
