

This week's Finish Line:
God's unchanging Word guides our actions

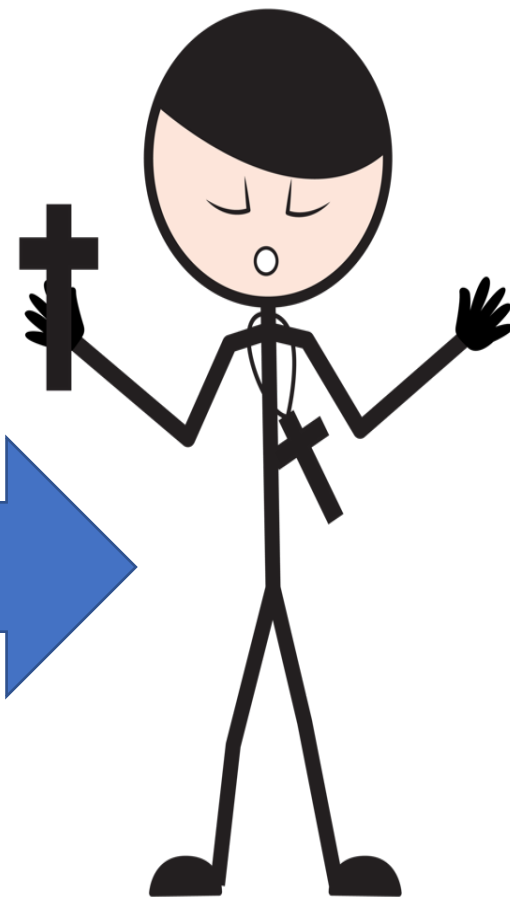

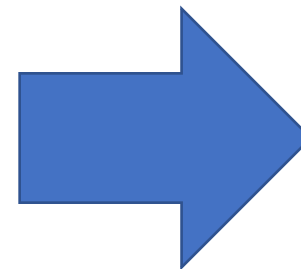

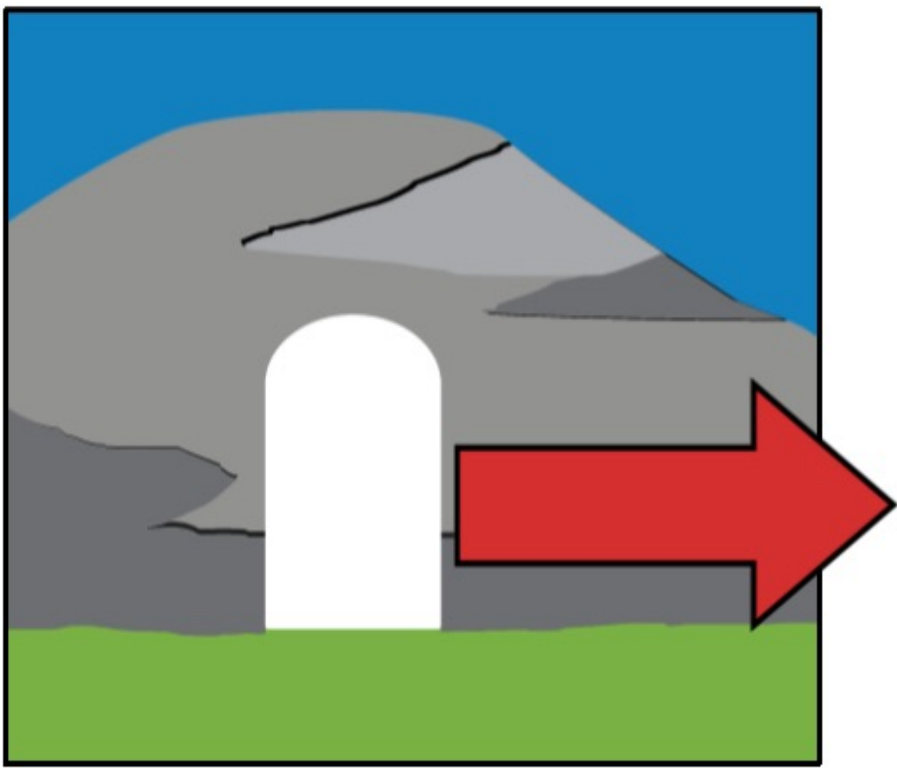

&

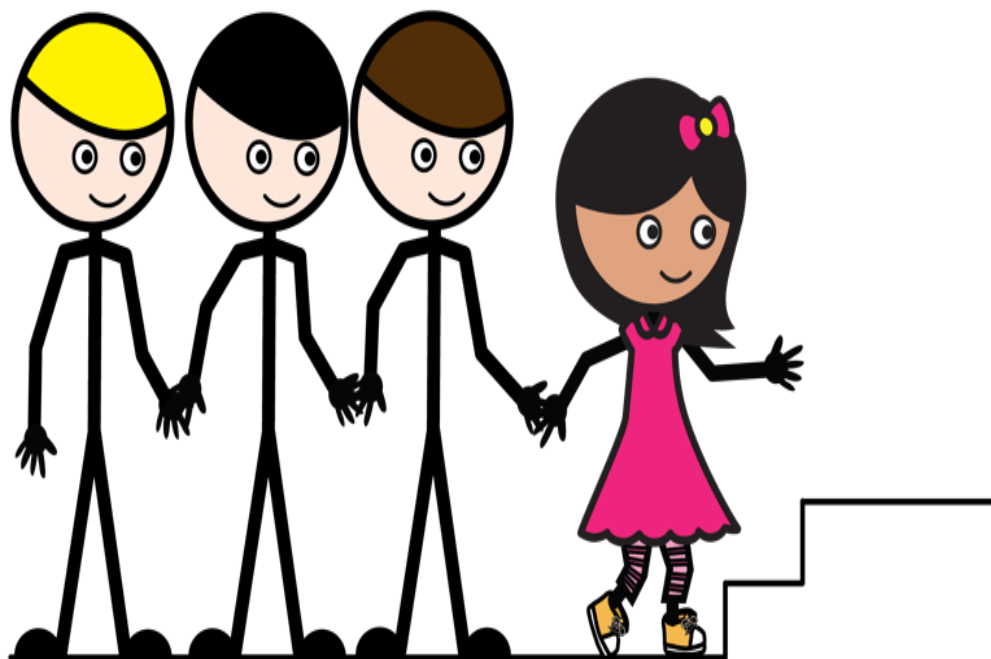

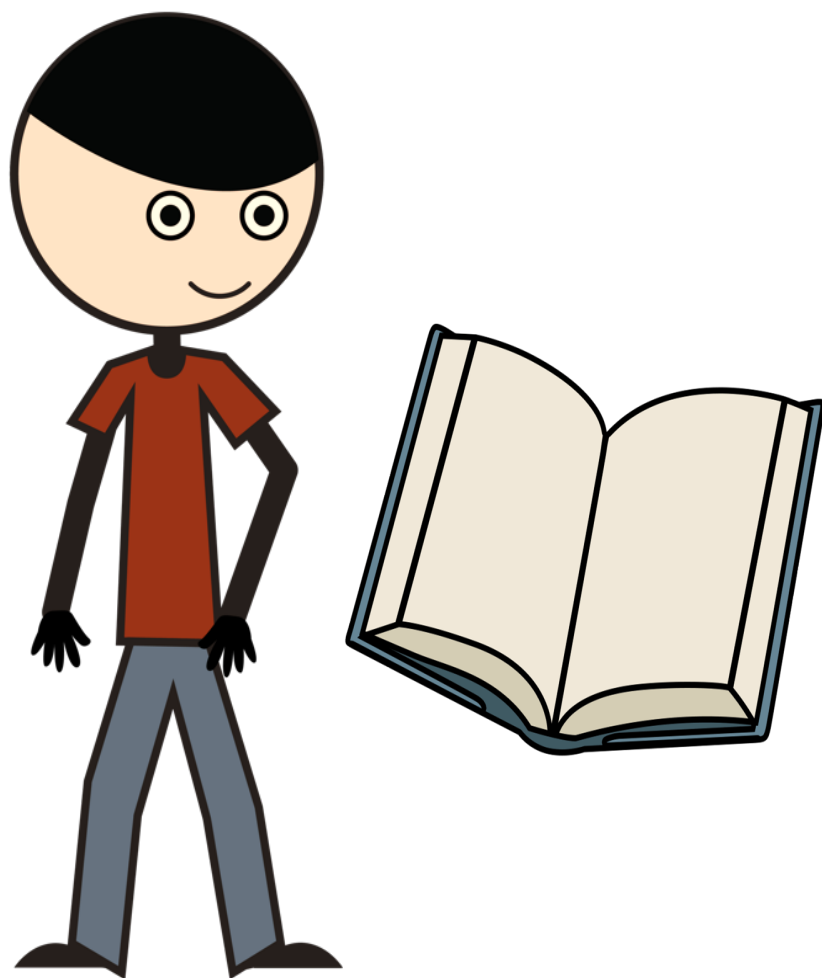

Consistency
Constantly following God and His Word

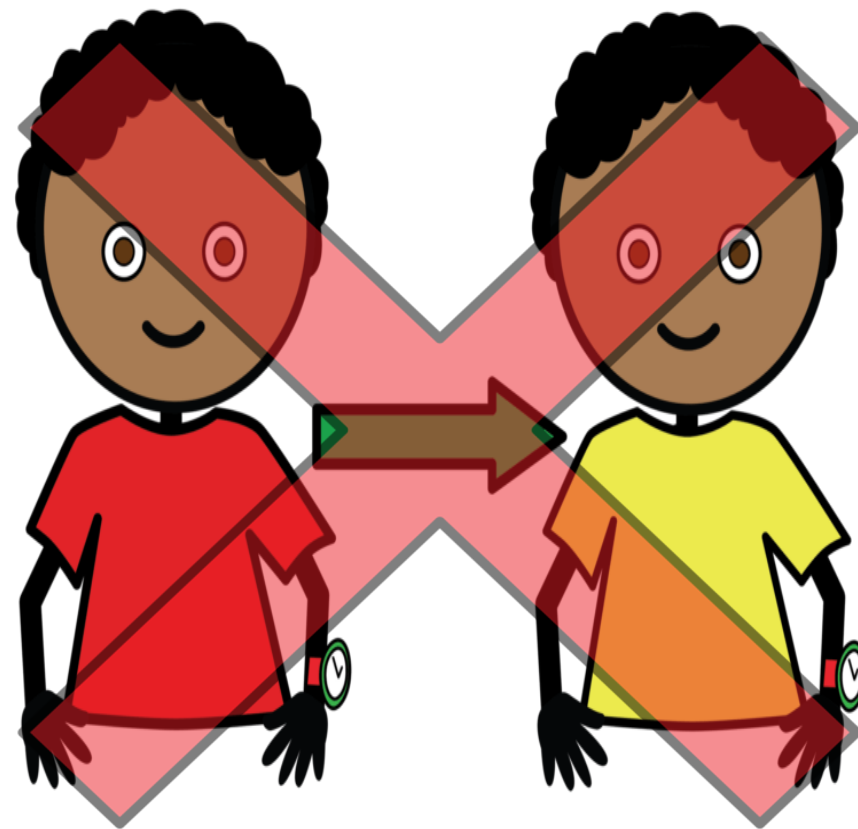

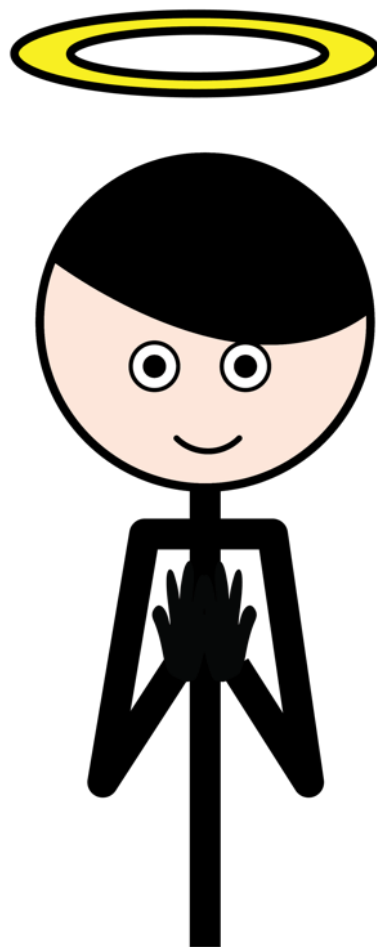

James was the half-brother of Jesus. When Jesus was on earth, James did not believe Jesus was God.

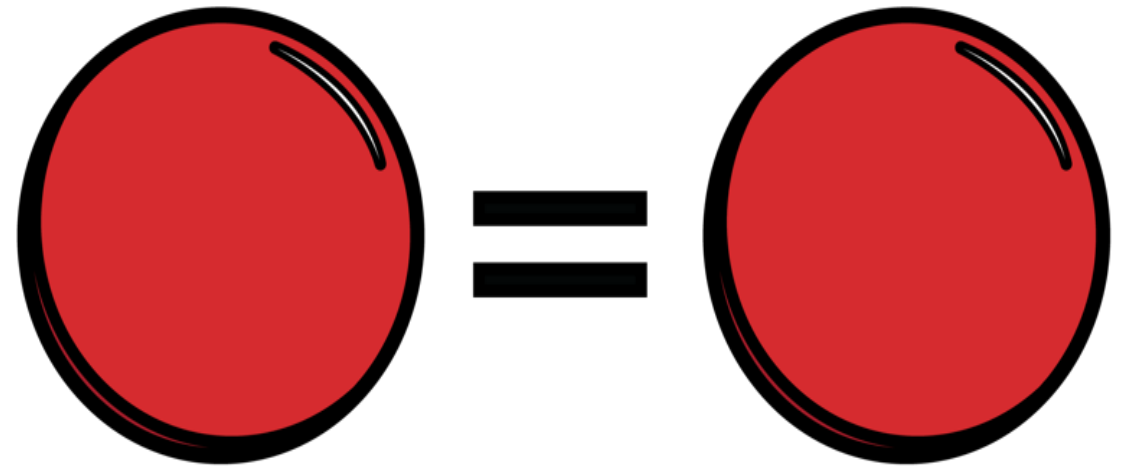

After Jesus died and rose again, James believed!

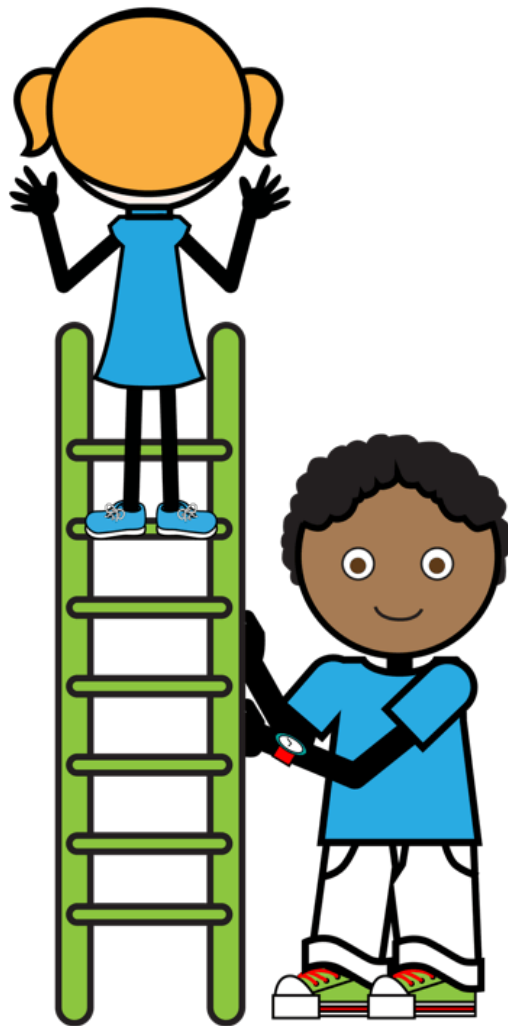

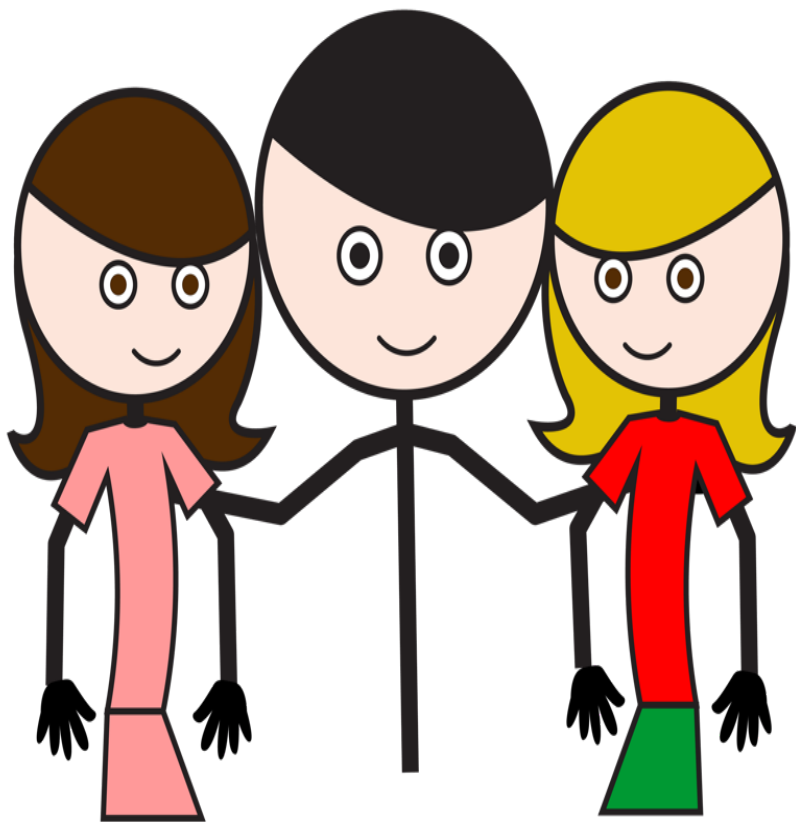

James wrote the book of James to show God's people what it looks like to constantly follow God and His Word.

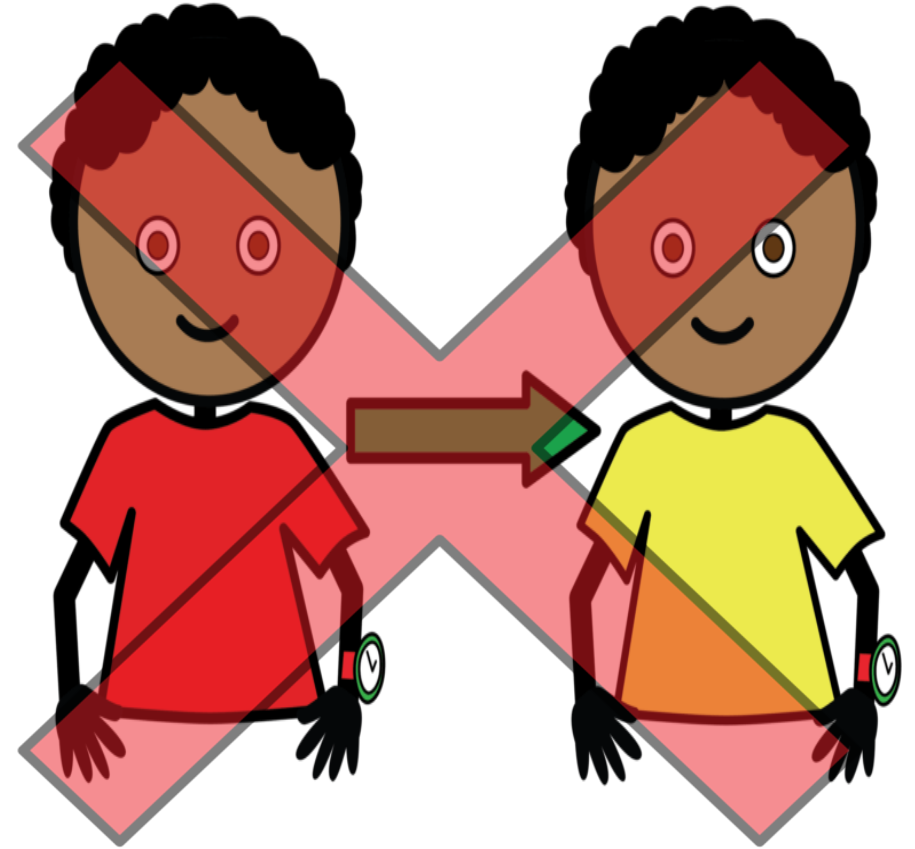

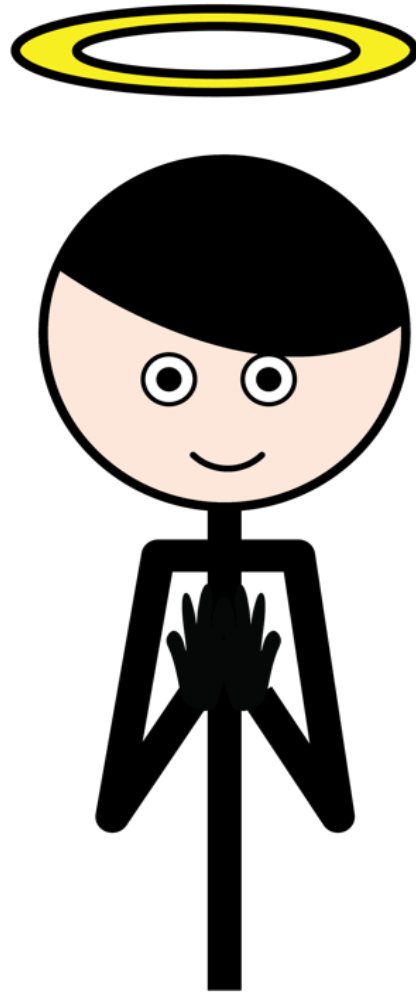

James reminds us that God is good and He does not change.

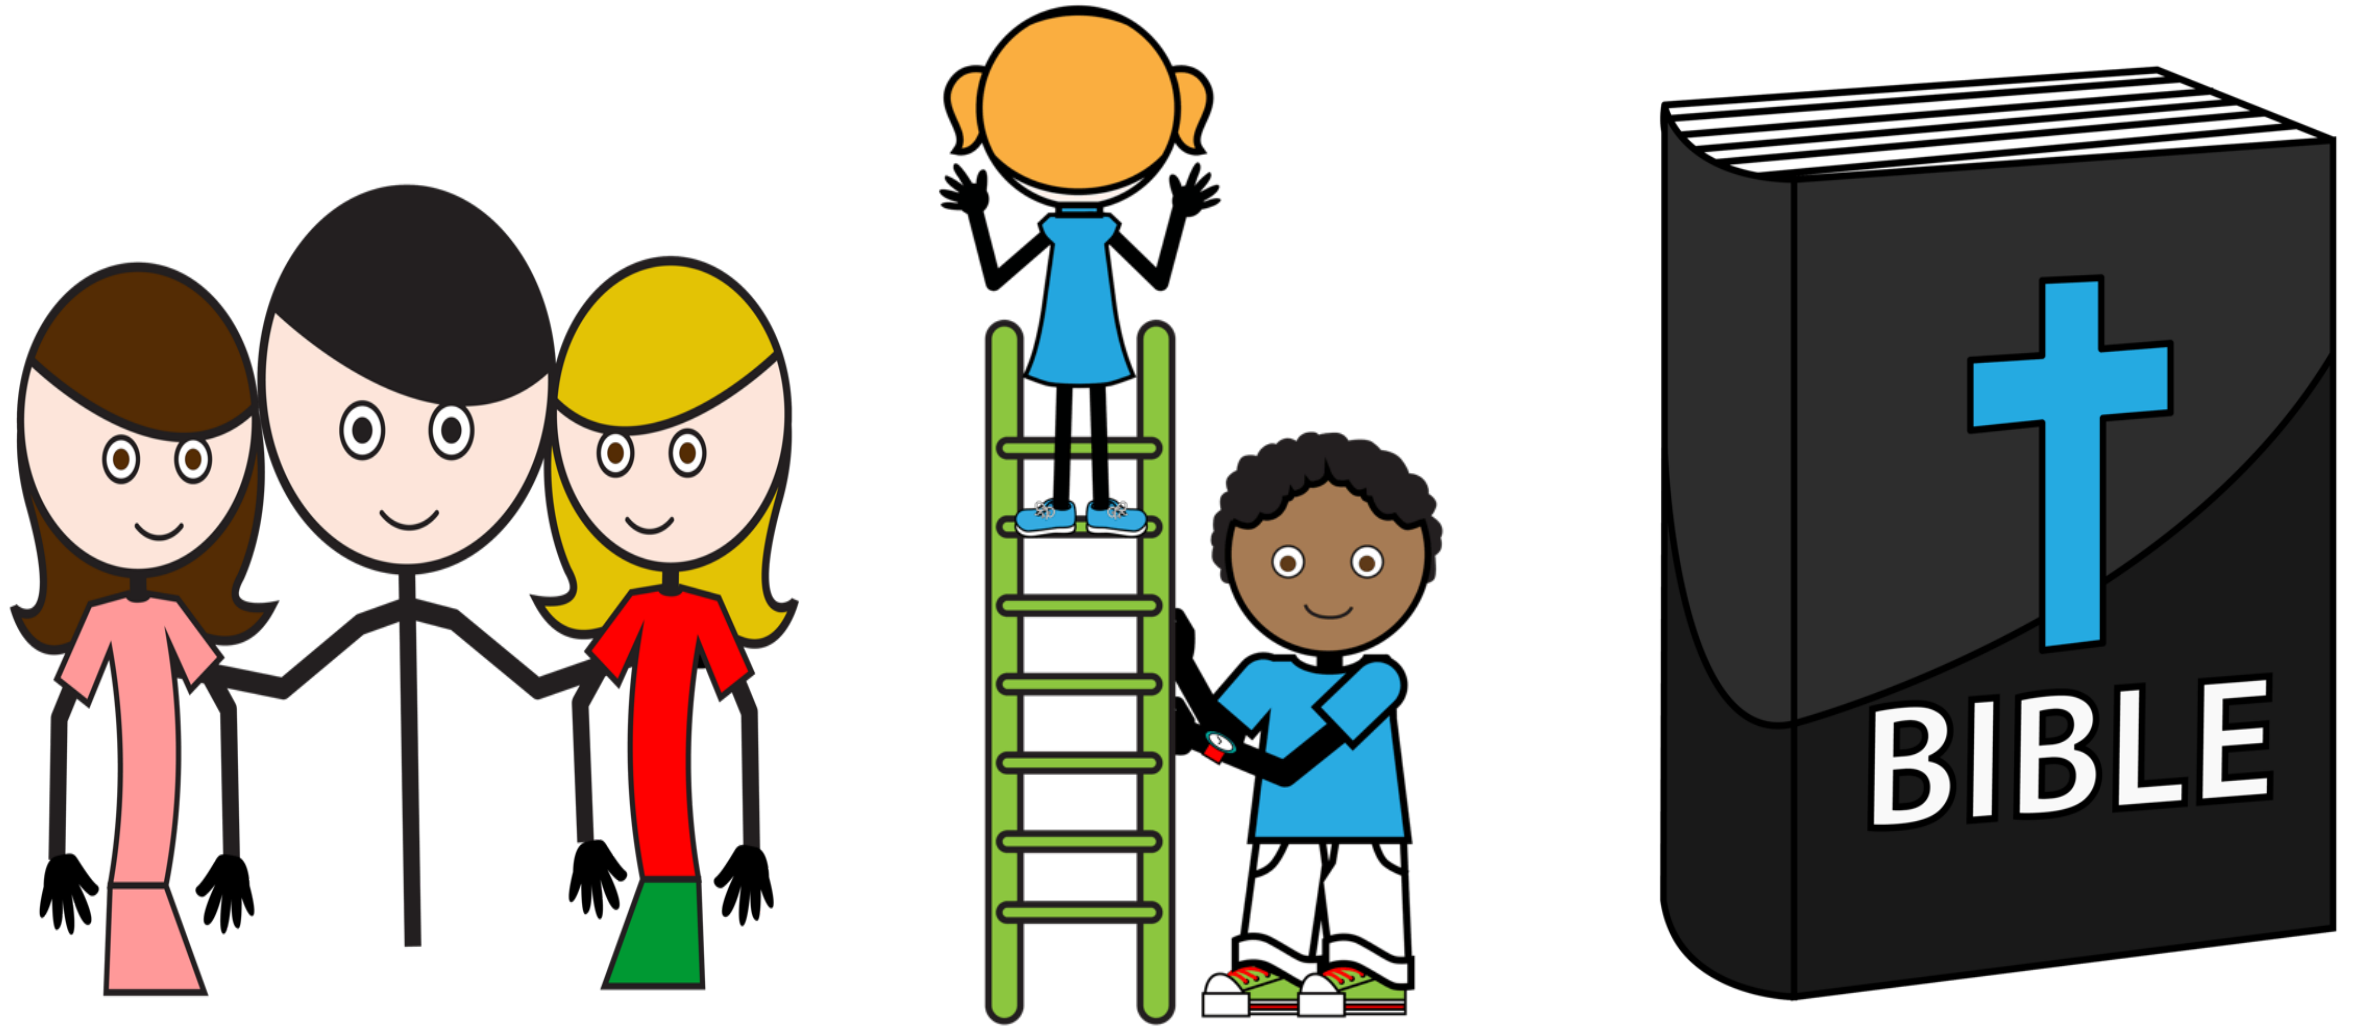

God always stays the same.

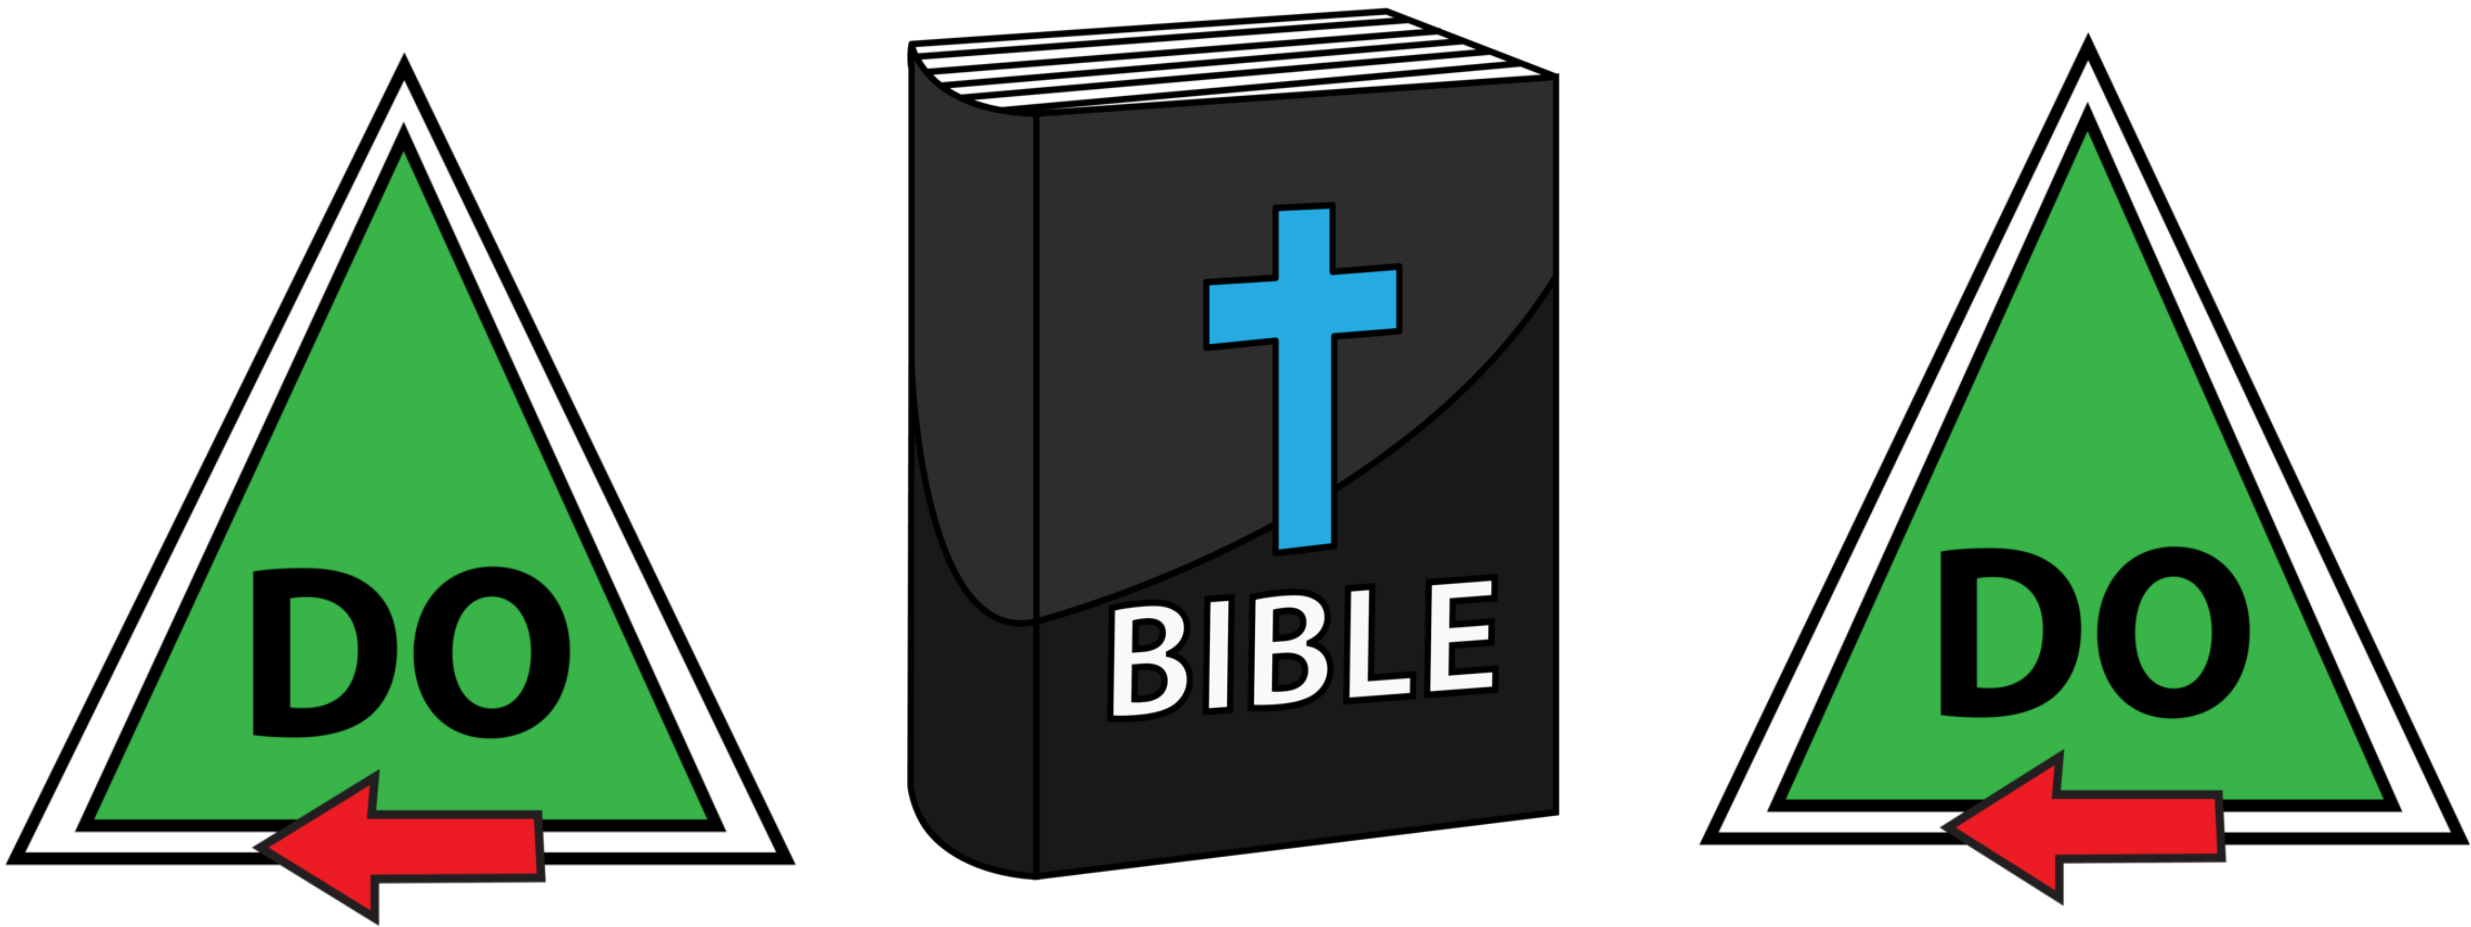

We can trust God.

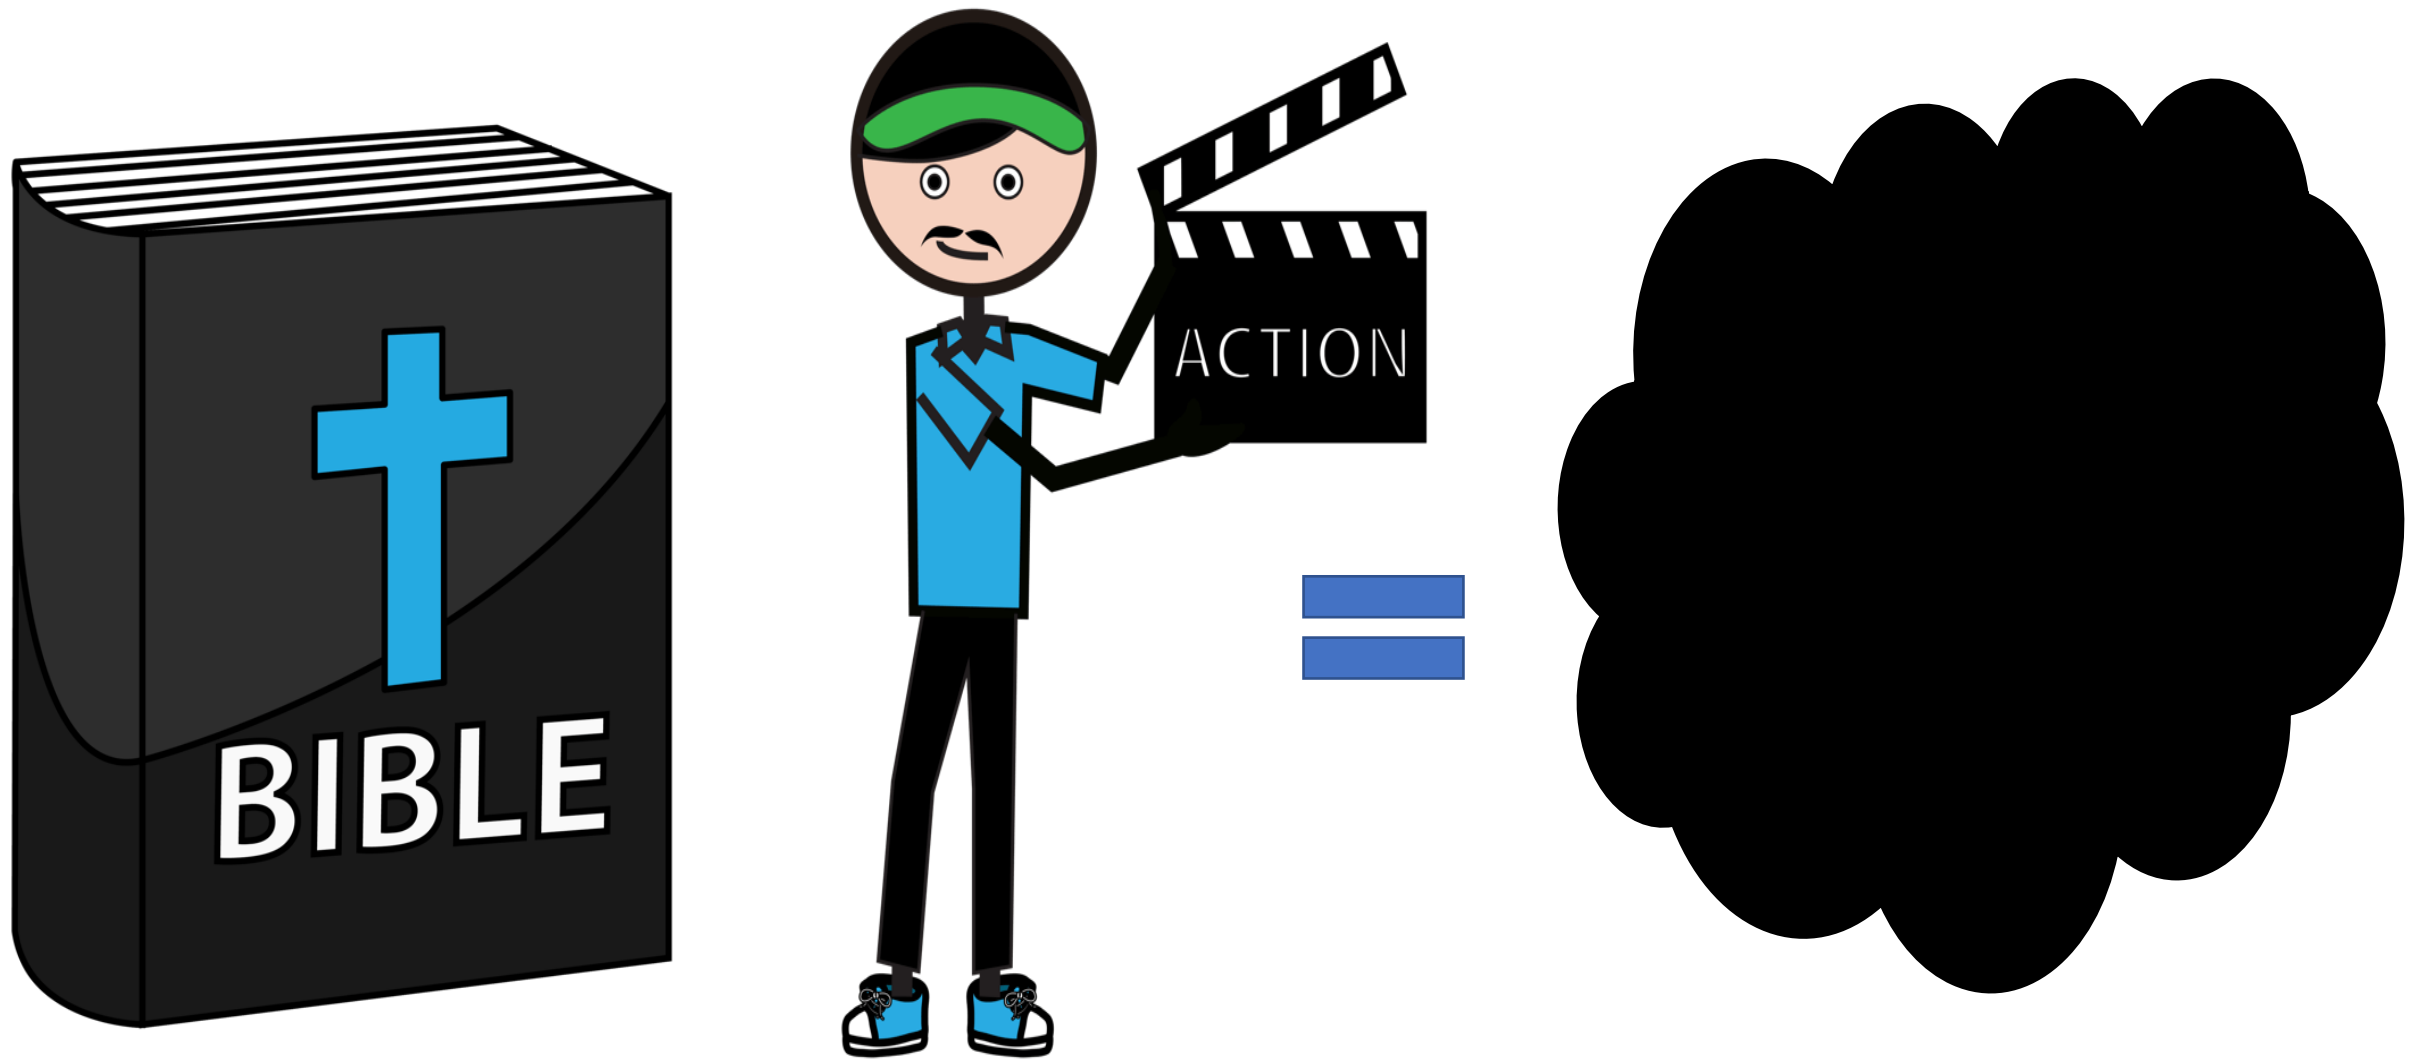

God's Word is good and does not change.

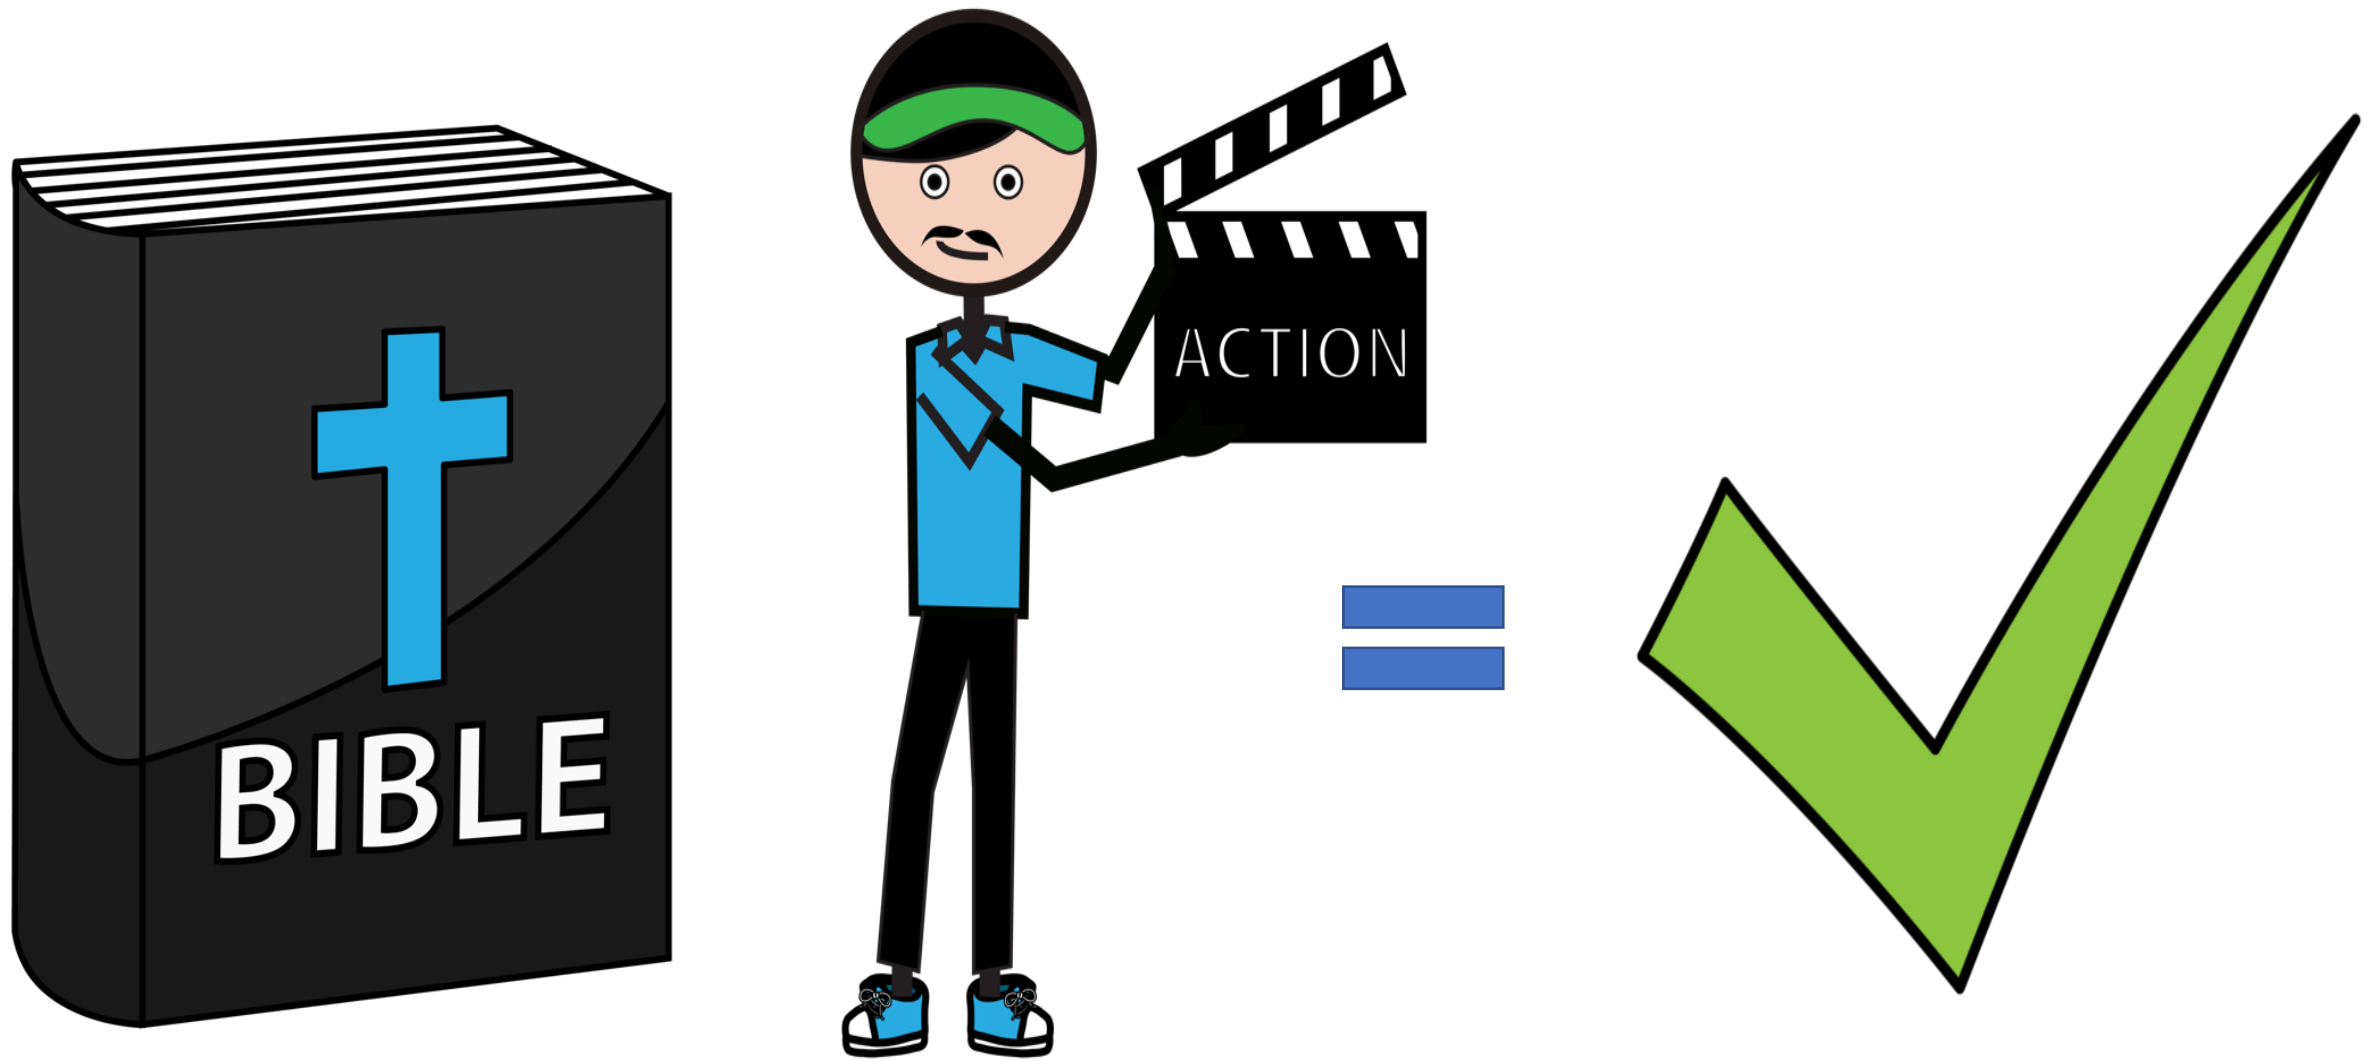

We can trust God's Word.

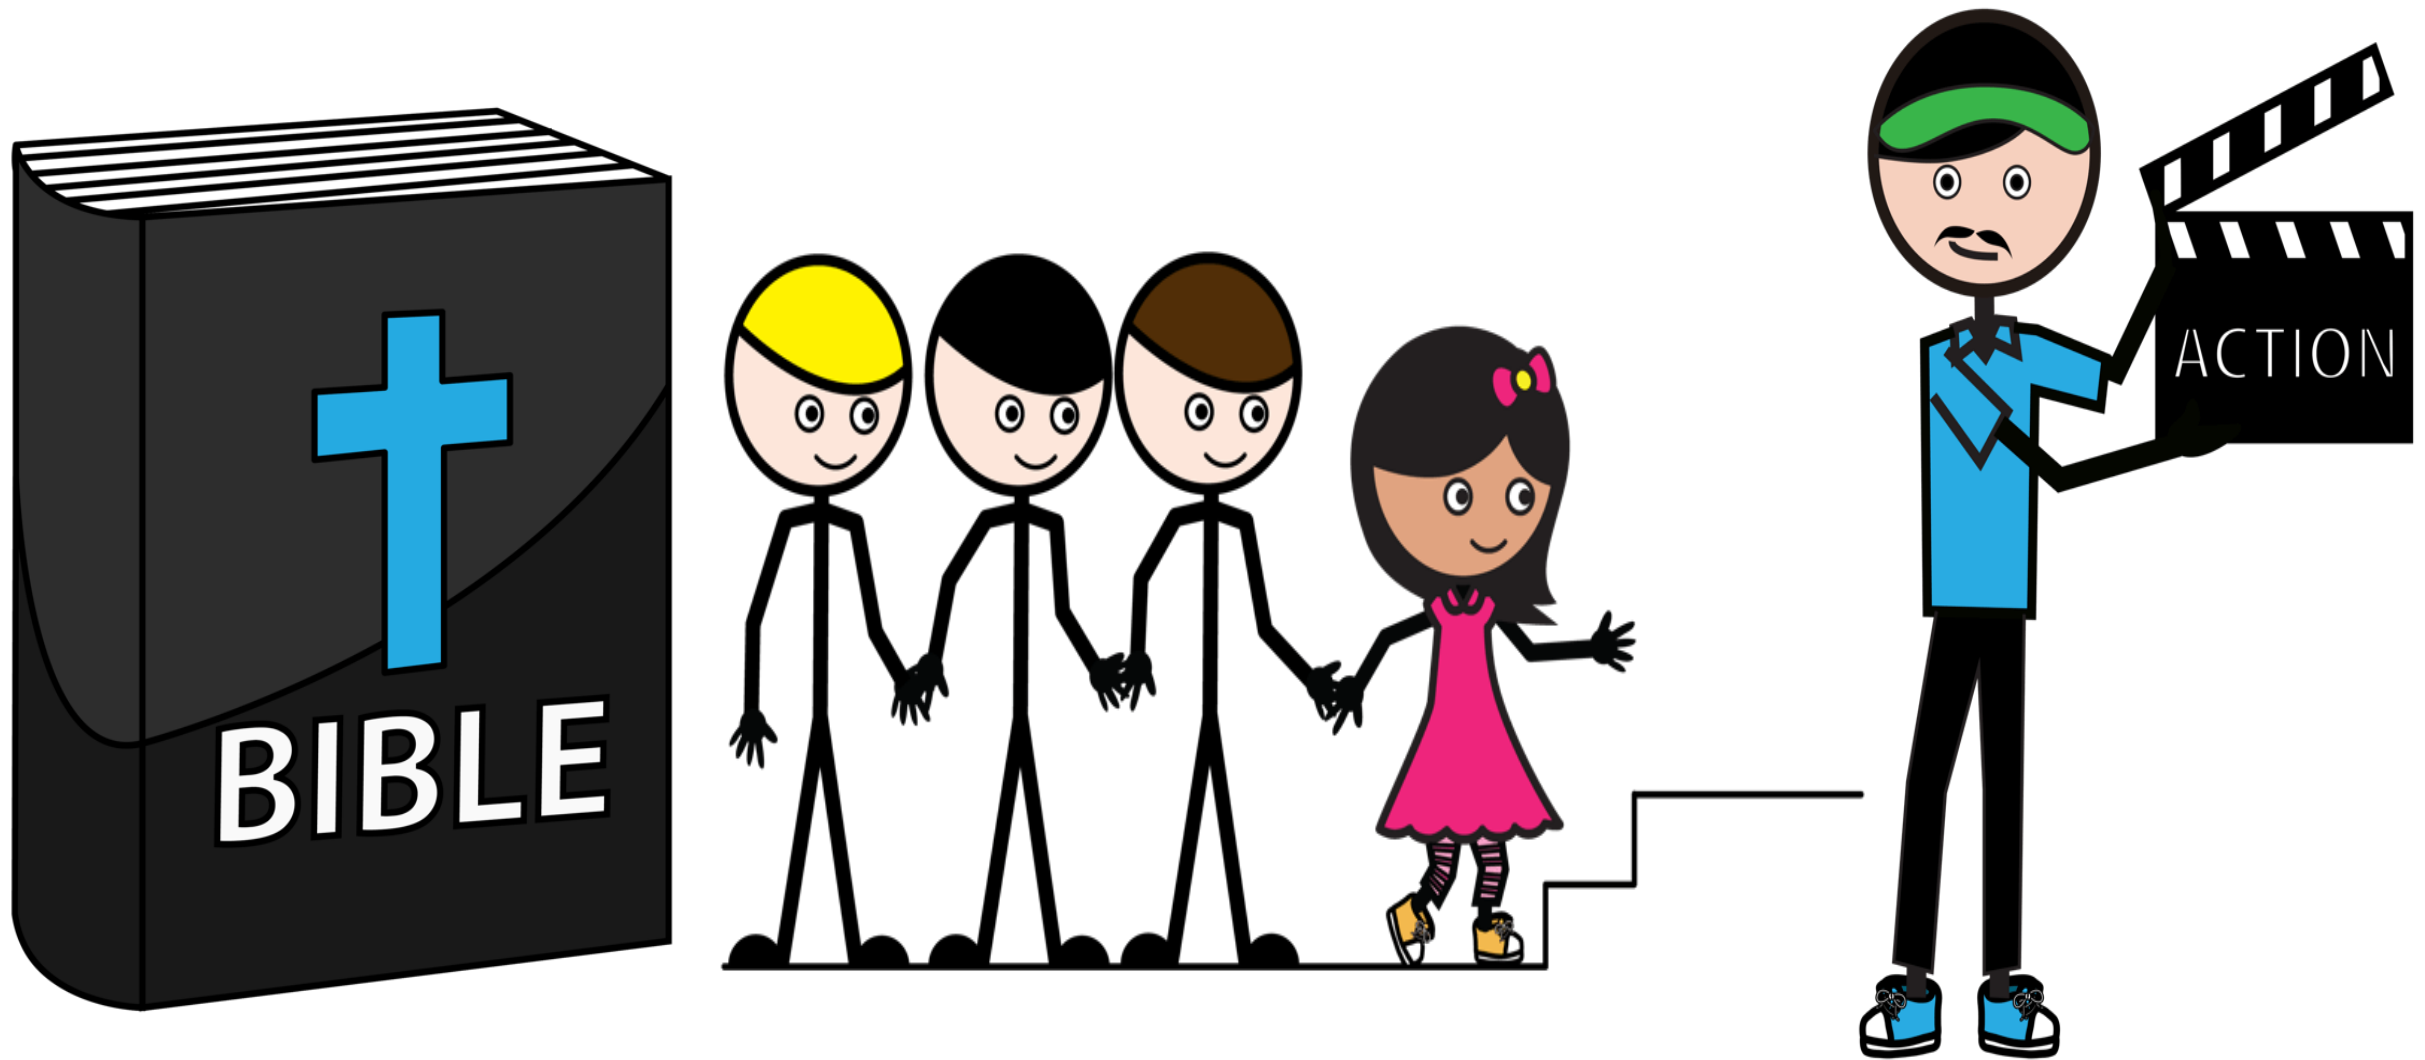

God wants us to do what His Word tells us to do.

God's Word shows us what actions are sinful.

God's Word shows us what actions are right.

God's unchanging Word guides our actions.
