DFW Airport, NTTA Toll-Tag System

All regulated vehicles permitted at Dallas Fort Worth International Airport must utilize the NTTA toll-tag system in order to operate at the airport.
Once you have been assigned a toll-tag issued by DFW Airport it will be affixed to your windshield.
Removal of the tag on any authorized vehicle is strictly prohibited and is considered a violation which may result in your operating authority being suspended or revoked.
Failure to utilize the toll tag system including accessing non-toll tag lanes will result in a penalty fee being assessed to your account for each occurrence. All fees including access fees and assessed penalties are the responsibility of the company.

I have read and understood the above information.
