

# Use **See Say Airport** to Report Issues

***See a spill? Notice Something Suspicious?  
Use this free tool to notify  
the DFW Integrated Operations Center easily.***

We are one team, one family at DFW Airport. It falls onto all of us to ensure the Airport is ready to provide a truly exceptional customer experience. The Airport now has a new way to help make this task easier.

Use the new See Say Airport tool to report issues in real-time to the DFW Airport Integrated Operations Center (IOC).

You can use this tool to report incidents such as terminal/airfield safety issues, facility issues, and land or airside maintenance requests. This will help ensure our facilities are at their best and ready for our customers.

Additionally, you can use this app to help keep DFW Airport safe. If you see anything suspicious, use See Say to send a report to Airport authorities. Remember, if you see something, say something.

**Report what you see to the IOC.  
Here are 3 easy ways:**

- Use the **See Say Airport app**
  - Download it at [getSSAirport.com](http://getSSAirport.com)
- Send a **Text** to **(972) 534 5550**
- Or use the **QR Code** below to send in your report
