

HIGH REACH EXTENDABLE TURRET

OVERVIEW:

If you're an ARFF certified firefighter operating a fire department's High Reach Extendable Turret (HRET) apparatus, this course is exactly what you need to meet the training requirements and standards outlined in AC 5210-23A. Here's what you'll master:

- Apparatus inspections and maintenance
- Operations
- Turret operations (static and modulating)
- Piercing operations
- Emergency stow procedures
- Strategies and tactics

This combined classroom and live fire training meets the standards of NFPA 1010 (formerly NFPA 1003) and FAA Advisory Circular 150/5210-17C.

SCHEDULE:

We require a minimum of 4 students to schedule a course, with a typical class size capped at 6 students. This course can be taught on location, training your students on your specific apparatus. Our instructors have experience with OshKosh and Rosenbauer products.
