

FOAM APPLICATION COURSE

OVERVIEW:

Elevate your firefighting skills with our Foam Application course! This comprehensive 4-hour training blends 2 hours of expert classroom instruction with 2 hours of hands-on live fire foam application.

Here's what you'll master:

- Understanding regulations and the science behind PFAS/foam
- Differences in chemical makeup, mechanical functionality, and application techniques between AFFF and fluorine-free (F3) foam
- Prioritizing foam application and refining essential techniques
- Navigating F3 issues and managing F3 foam blankets
- Truck transition considerations

This combined classroom and live fire training meets the standards of NFPA 1010 (formerly NFPA 1003) and FAA Advisory Circular 150/5210-17C.

COST:

$550 Per Person

SCHEDULE:

Groups with fewer than 12 participants will join a regularly scheduled course.
A minimum of 12 participants is required for a dedicated course on a custom date.
