I. Policy Statement

41 CFR 60-741.44(a) and 41 CFR 60-300.44(a)

It is the policy of Dallas/Fort Worth International Airport ("DFW") to seek and employ qualified personnel at all locations and facilities, and to provide equal employment opportunities for all applicants and employees in recruiting, hiring, placement, training, compensation and benefits, promotion, demotion, transfer, layoff and termination of employment. To achieve this, DFW will take affirmative action to employ and advance in employment individuals with disabilities and also disabled veterans, recently separated veterans, active duty wartime or campaign badge veterans and Armed Forces service medal veterans (collectively, "protected veterans") and will administer all personnel actions without regard to disability or protected veteran status and base all such decisions on valid job requirements. DFW will ensure that applicants and employees are informed of the contents of its Equal Employment Opportunity Policy Statement (the "EEO Policy")(Exhibit 1) by posting it on DFW bulletin boards in employee break rooms, on DFW's intranet and on DFW's external internet website. These postings will be done in a manner that is accessible and understandable to individuals with disabilities, including disabled veterans.

This affirmative action program has the complete support of the Chief Executive Officer ("CEO") as well as the Dallas/Fort Worth International Airport Board (the "Board"), who the CEO reports to. The Board and the CEO have assigned overall responsibility for implementation of the affirmative action program to the EEO Administrator. DFW maintains an audit and reporting system to determine overall compliance with its equal employment opportunity mandates and to respond to any specific complaints applicants or employees file with DFW's Human Resources department.

Applicants and employees shall not be subjected to harassment, intimidation, threats or coercion or discrimination because they have engaged in or may engage in any of the following activities:

- Filing a complaint;
- Assisting or participating in an investigation, compliance evaluation, hearing or any other activity related to the administration of section 503 of the Rehabilitation Act, as amended ("section 503") or the Vietnam Era Veterans Readjustment and Assistance Act, as amended ("VEVRAA"), or any other Federal, State or local law requiring equal employment opportunity for individuals with disabilities or protected veterans;
- Opposing any act or practice made unlawful by section 503 or VEVRAA or their implementing regulations or any other Federal, State or local law requiring equal employment opportunity for individuals with disabilities or protected veterans; or
- Exercising any other right protected by section 503 or VEVRAA or their implementing regulations.

II. Review of Personnel Processes

41 CFR 60-741.44(b) and 41 CFR 60-300.44(b)

DFW reviews its employment practices to ensure that personnel processes provide for careful, thorough and systematic consideration of the job qualifications of applicants and employees who are individuals with known disabilities or protected veterans, for job vacancies filled by hiring, promotion or transfer and for all training opportunities.

DFW also ensures that its personnel processes do not stereotype individuals with disabilities or protected veterans in a manner which limits their access to jobs for which they are qualified.

DFW reviews and makes modifications to its personnel processes as necessary to ensure compliance with applicable requirements. The following procedures facilitate these reviews:

- DFW offers applicants, those offered jobs and incumbent employees the opportunity to self-identify as individuals with disabilities or as protected veterans. These self-identification forms are available for review by the U.S. Department of Labor and by DFW officials for use in investigations and internal compliance activities.
- In each case where an applicant or employee with a known disability or a protected veteran is rejected for employment or promotion, DFW maintains records identifying the reason for the rejection as well as a description of any accommodations considered if the inability to perform the essential functions of the job due to a disability was the reason for rejection. To the extent that this information relates to the individual's medical condition or history, it shall be maintained on separate forms and in separate medical files and treated as a confidential medical record, as required by 41 CFR 60-741.23(d) and 41 CFR 60-300.23(d).
- DFW keeps records that contain a description of any accommodation which made it possible to place an individual with a disability or protected veteran on the job. To the extent that this information relates to the individual's medical condition or history, it shall be maintained on separate forms and in separate medical files and treated as a confidential medical record, as required by 41 CFR 60-741.23(d) and 41 CFR 60-300.23(d).

III. Review of Physical and Mental Qualifications 41 CFR 60-741.44(c) and 41 CFR 60-300.44(c)

DFW has reviewed the physical and mental qualifications of all its jobs. None have requirements that tend to screen out disabled individuals, including disabled veterans, unless the requirement is job-related and consistent with business necessity. DFW will continue to periodically review its jobs for requirements that tend to screen out disabled individuals, including disabled veterans. DFW will also review the physical and mental qualifications of a job whenever the job specifications for that job are revised, or when a new job is created.

For those jobs which require a post-offer, pre-placement physical examination, all entering employees in the same job category are subject to the same examination, regardless of disability. To the extent physical examination criteria may tend to screen out conditional new hires or employees with disabilities, the criteria are carefully reviewed to ensure they are job-related and consistent with business necessity. DFW understands that it has no obligation to hire, as a reasonable accommodation, an individual with disability whose accommodation poses an undue hardship to DFW or where the individual with a disability poses a direct threat to the health or safety of the individual or others in the workplace.

Information obtained about an applicant's or employee's medical condition or history shall be collected and maintained on separate forms and in separate medical files. These files shall be kept confidential except that

- Supervisors and managers may be informed regarding necessary restrictions on the work or duties of the applicant or employee and necessary accommodations;
- First aid and safety personnel may be informed, when appropriate, if the disability might require emergency treatment; and
- Government officials engaged in enforcing the laws administered by OFFCP or enforcing the Americans With Disabilities Act, as amended, shall be provided with relevant information on request.

IV. Reasonable Accommodation to Physical and Mental Limitations
41 CFR 60-741.44(d) and 41 CFR 60-300.44(d)

DFW will offer reasonable accommodation to the known physical and mental limitations of an otherwise qualified individual with a disability unless it can demonstrate that the accommodation will impose an undue hardship on the operation of its business or where the individual with a disability poses a direct threat to the health or safety of the individual or others in the workplace.

As a matter of affirmative action, if an employee with a known disability is having significant difficulty performing his or her job and it is reasonable to conclude that the performance problem may be related to the known disability, DFW shall confidentially notify the employee of the performance problem and inquire whether the problem is related to the employee's disability. If the employee responds affirmatively, DFW shall confidentially inquire whether the employee is in need of a reasonable accommodation. This does not mean that unsatisfactory performance will be allowed to continue. The purpose of a reasonable accommodation is to enable the employee to perform the job in accordance with standards established by DFW for all employees in the same or a similar position.

Employees may also contact the Risk Management department at any time to request an accommodation.

V. Harassment
CFR 60-741.44(e) and CFR 60-300.44(e)

DFW prohibits harassment of employees on account of their status as individuals with disabilities or protected veterans. Any employee who believes he or she has been harassed in violation of this policy is urged to bring the matter to the immediate attention of his or her supervisor or the Human Resources Consultant or DFW Ethics Line at 1-866-366-1723.

VI. External Dissemination of Policy, Outreach and Positive Recruitment
CFR 60-741.44(f) and CFR 60-300.44(f)

DFW shall undertake appropriate outreach and positive recruitment activities that are reasonably designed to effectively recruit qualified individuals with disabilities and protected veterans. Following are some of the efforts taken by DFW to disseminate our policy externally and to attract qualified individuals with disabilities and protected veterans:

- DFW sends written notification of its policy related to affirmative action efforts to all subcontractors, including subcontracting vendors and suppliers, requesting appropriate action on their part.
- DFW enlists the assistance and support of recruiting sources that are capable of referring qualified individuals with disabilities and protected veterans for employment with DFW, including but not limited to the Texas Workforce Commission and national and local veterans' service organizations.
- As required by applicable regulations, DFW lists employment opportunities (except executive and top management positions, those we expect to fill internally and those expected to last three days or less) with the Texas Workforce Commission.
- DFW includes images of individuals with disabilities and protected veterans in consumer, promotional, diversity and recruitment marketing materials.
- DFW conducts briefing sessions with representatives from recruiting resources who are in a position to refer individuals with disabilities and protected veterans. The briefing sessions

include airport tours, descriptions of existing and future job openings, and explanation of DFW's selection process.

- DFW evaluates the possibility of participating in work study programs with rehabilitation facilities and schools which specialize in training or educating individuals with disabilities and protected veterans.
- DFW participates in job fairs which focus on individuals with disabilities and protected veterans.
- Newspaper advertisements and other recruiting communications include a statement that DFW is an equal employment opportunity employer, or words to that effect.

VII. Internal Dissemination of Policy

41 CFR 60-741.44(g) and 41 CFR 60-300.44(g)

DFW recognizes that a strong outreach program will be ineffective without adequate internal support from supervisory and administrative personnel and other employees. In order to ensure greater employee cooperation and participation in DFW's efforts, with respect to individuals with disabilities and protected veterans, DFW has developed the following internal procedures to communicate its obligation to engage in these affirmative action efforts. These procedures are designed to foster understanding, acceptance and support among DFW's executive management, supervisory and other employees and to encourage such persons to take the necessary actions to aid DFW in meeting its obligations.

- DFW's EEO Policy is posted in DFW's and the Board's Policies and Procedures manuals
- DFW's EEO Policy Statement is posted on DFW's bulletin boards in employee break rooms, on DFW's intranet and on DFW's external internet website.
- DFW's EEO Policy and its affirmative action plans are discussed in new employee orientation and in management training programs.
- DFW's EEO Policy and its affirmative action plans are discussed during special meetings with executive, management and supervisory personnel. At these meetings, the intent of the policy and affirmative action program and individual responsibility for implementation of the policy and program is explained. Further, DFW's CEO conveys his support for the policy and the affirmative action program.
- DFW's EEO Policy and its affirmative action plans are discussed during employee meetings.
- The Invitation to Self-Identify as an individual with a disability or as a protected veteran is posted at the DFW Board internet. Employees are welcome to complete and submit this online form at any time.
- DFW's affirmative action plans are available for inspection by employees in the Human Resources Department, Board's intranet and the DFW external internet website.
- Newsletters published by the DFW Board and discrete departments include articles on the accomplishments of individuals with disabilities and protected veterans.

VIII. Audit and Reporting System
41 CFR 60-741.44(h) and 41 CFR 60-300.44(h)

An important element in effectively implementing our EEO Policy and affirmative action program is an adequate internal audit and reporting system. Through the development of this system, we can measure the effectiveness of policy and affirmative action program. Toward this purpose, we have developed a system that:

- Measures the effectiveness of the DFW affirmative action program;
- Indicates any need for remedial action;
- Determines the degree to which our objectives have been attained;
- Determines whether known individuals with disabilities and protected veterans have had the opportunity to participate in all DFW sponsored educational, training, recreational and social activities;
- Measures DFW's compliance with the affirmative action program's specific obligations; and
- Documents the actions taken to comply with this audit and reporting system obligation and retains these documents and required in the recordkeeping subsections of implementing regulations for both section 503 and VEVRAA.

IX. Responsibility for Implementation
41 CFR 60-741.44(i) and 41 CFR 60-300.44(i)

David Comeaux has been assigned the position of EEO Administrator and has the full support of the Board and DFW's executive management, in being responsible for implementing, monitoring and administering DFW's affirmative action program. David Comeaux's name appears on all external and internal communications regarding the affirmative action program.

X. Training of Personnel Involved in Selection
41 CFR 60-741.44(j) and 41 CFR 60-300.44(j)

All personnel involved in the recruitment, screening, selection, promotion, disciplinary and related processes shall be trained to ensure that the commitments in the DFW affirmative action program relating to individuals with disabilities and protected veterans are implemented.

XI. Data Collection Analysis
41 CFR 60-741.44(k) and 41 CFR 60-300.44(k)

DFW has collected data regarding total number of job openings, total number of jobs filled, total number of applicants for all jobs, total number of applicants who self-identified as individuals with disabilities who were hired, total number of applicants who self-identified as protected veterans who were hired and total number of applicants hired.

If you are a covered veteran and would like to be considered under the affirmative action program, please let us know. You may inform us of your desire to be identified at any time in the future.

The Board's Affirmative Action Plan contains a number of elements designed to eliminate stereotyping of covered veterans in Board employment practices and to encourage such persons to seek employment with the Board and advancement within the Board organization. Board managers will be advised that their performance will be evaluated, in part, on the success of their affirmative action efforts and will be trained so as to eliminate negative stereotyping and to encourage careful, objective assessment of the experience, qualifications and capabilities of covered veterans. The Board will coordinate with recruiting sources to encourage their referral of covered veterans for Board positions and to arrange for follow-up and feedback on such efforts. The Board will seek technical assistance from organizations representing or serving covered veterans, and will participate in job fairs with or for covered veterans. The Board will periodically re-evaluate physical and mental job qualifications that may tend to screen out covered veterans. During annual performance reviews, the Board will undertake career counseling for covered veterans employed by the Board and will include covered veterans in promotional and/or recruitment advertising.

Submission of self-identifying information is voluntary and refusal to provide it will not subject you to any adverse treatment. The information provided will be kept confidential and used only in ways that are not inconsistent with VEVRAA and JVA.

Definitions

This employer is a Government contractor subject to the Vietnam Era Veterans' Readjustment Assistance Act of 1974, as amended by the Jobs for Veterans Act of 2002, 38 U.S.C. 4212 (VEVRAA), which requires Government contractors to take affirmative action to employ and advance in employment: (1) disabled veterans; (2) recently separated veterans; (3) active duty wartime or campaign badge veterans; and (4) Armed Forces service medal veterans. These classifications are defined as follows:

- A "disabled veteran" is one of the following:
 - a veteran of the U.S. military, ground, naval or air service who is entitled to compensation (or who but for the receipt of military retired pay would be entitled to compensation) under laws administered by the Secretary of Veterans Affairs; or
 - a person who was discharged or released from active duty because of a service-connected disability.
- A "recently separated veteran" means any veteran during the three-year period beginning on the date of such veteran's discharge or release from active duty in the U.S. military, ground, naval, or air service.
- An "active duty wartime or campaign badge veteran" means a veteran who served on active duty in the U.S. military, ground, naval or air service during a war, or in a campaign or expedition for which a campaign badge has been authorized under the laws administered by the Department of Defense.
- An "Armed Forces service medal veteran" means a veteran who, while serving on active duty in the U.S. military, ground, naval or air service, participated in a United States military operation for which an Armed Forces service medal was awarded pursuant to Executive Order 12985.

Protected veterans may have additional rights under USERRA - the Uniformed Services Employment and Reemployment Rights Act. In particular, if you were absent from employment in order to perform service in the uniformed service, you may be entitled to be reemployed by your employer in the position you would have obtained with reasonable certainty if not for the absence due to service.
