- 7.2.1. A third party clearing arrangement between a Trading Participant and a Clearing Participant will comply with this Rule 7.2 if:
 - (a) pursuant to the arrangement, the Relevant Clearing Participant has the obligation to clear and settle (or arrange clearing and settlement of) all the Trading Participant's Trades allocated to it;
 - (b) NZX has no objection to that Clearing Participant clearing the Trades of the Trading Participant; and
 - (c) the Clearing Participant's ability to clear and settle transactions on the Clearing House has not been suspended or restricted in any material way.
- 7.2.2. Each Trading Participant that is party to a Trade acknowledges that:
 - (a) the Clearing and Settlement Terms of that Trade will be novated in accordance with the Trading Participant's C&S Agreement with the Relevant Clearing Participant (unless the Trading Participant is also a Clearing Participant) and the C&S Rules and, as a result, the Clearing and Settlement Terms owing to it or by it in respect of that Trade will be replaced by the C&S Obligations of the Relevant Clearing Participant in respect of that Trade and which will be performed by the Relevant Clearing Participant as principal obligations of the Relevant Clearing Participant; and
 - (b) if and to the extent that any Trade is executed by the Trading Participant on behalf of any other Person (including a Client), the Trading Participant will ensure that it has, at all times, the full and exclusive rights, power and authority to act in all of its activities with the Relevant Clearing Participant in relation to Settlement Transactions arising from that Person's Trades to the exclusion of that Person, including full authority to bind that Person to the Trading Participant's C&S Agreement (if any) and to the C&S

Rules and authority to pay, transfer or otherwise apply Client Funds for the purpose of settlement of Trades and to authorise holding of any Client Funds of that Person in the Depository in accordance with the Depository Rules.

- 7.2.3. If a Trading Participant has third party clearing arrangements for the clearing and settlement of its Trades, or is a Clearing Participant and has third party clearing arrangements with another Clearing Participant or other Clearing Participants for the clearing and settlement of its Trades, then when entering an Order into the Trading System, the Trading Participant must identify the Clearing Participant that will be responsible for the clearing and settlement of the Trade that may result from that Order being matched in the Trading System.

7.3. C&S Agreements

- 7.3.1. A Trading Participant who is not a Clearing Participant must enter into and maintain at all times a written agreement with each of its Clearing Participants setting out the terms and conditions on which each Clearing Participant will clear and settle Trades executed by the Trading Participant. Each C&S Agreement must comply with the requirements of the C&S Rules.
- 7.3.2. A Trading Participant must promptly give NZX a copy of each of C&S Agreement to which it is a party.
- 7.3.3. A Trading Participant must notify NZX in writing of any amendments to any of its C&S Agreements at least 10 Business Days before the amendment becomes effective.
- 7.3.4. NZX may give reasonable directions to a Trading Participant requiring it to make (or refrain from making) amendments to the terms of any of its C&S Agreements and the Trading Participant must comply with those directions within the time specified by NZX.
- 7.3.5. In relation to a Clearing Participant clearing and settling Trades for a Trading Participant, that Trading Participant is bound by each minimum term which the C&S Rules require to be included in a C&S Agreement, whether or not that term is actually incorporated in a C&S Agreement between the Trading Participant and the Clearing Participant.
- 7.3.6. A C&S Agreement may include such other terms and conditions which are not inconsistent with the C&S Rules and these Rules. If any such inconsistency exists, the C&S Rules and these Rules will prevail.

7.4. General

- 7.4.1. NZX may from time to time implement procedures relating to the operation of NZX's system for recording Contracts with a view to the acknowledgement of Trades and confirmation of such Trades to the Clearing House. NZX may at its discretion at any time amend or add to such procedures and any such amendment or addition will be notified to Participants by means of a Notice or otherwise as NZX may direct.

7.5. Suspension of Clearing Arrangements

7.5.1. If NZX determines that a Clearing Participant's ability to clear and settle transactions on the Clearing House is terminated, suspended and/or restricted in any material way, and:

- (a) that Clearing Participant is a Trading Participant who has no third party clearing arrangement with any other Clearing Participant; or
- (b) a Trading Participant has a third party clearing arrangement with that Clearing Participant and no other Clearing Participant,

then NZX may, in its sole discretion, suspend or restrict the access to the Trading System or delete any Orders in the Trading System of a Trading Participant to which either paragraph (a) or (b) of this Rule applies, until NZX is satisfied that arrangements are in place that comply with these Rules for the clearing and settling of the Trading Participant's Trades on the Clearing House.

7.5.2. If a Trading Participant is not a Clearing Participant and any arrangement it has with a Clearing Participant for the clearing and settlement of its Trades is terminated or suspended for any reason, then, unless the Trading Participant has other arrangements that comply with these Rules for the clearing and settlement of its Trades on the Clearing House:

- (a) NZX may, in its sole discretion, suspend or restrict the Trading Participant's access to the Trading System or delete any of the Trading Participant's Orders in the Trading System until NZX is satisfied that the Trading Participant has in place arrangements that comply with these Rules for the clearing and settlement of its Trades on the Clearing House; and
- (b) except where the Trading Participant has given NZX more than one Business Day's prior notice of the proposed suspension or termination of the arrangement under Rule 7.5.3, the termination or suspension of that arrangement with that Clearing Participant (including the termination or suspension of the C&S Agreement) will not be effective until NZX has exercised its powers under Rule 7.5.2(a).

7.5.3. A Trading Participant must notify NZX immediately if it becomes aware that any arrangement it has with a Clearing Participant for the clearing and settlement of its Trades on the Clearing House has been or will be suspended or terminated for any reason and must inform NZX of the circumstances and date of termination or suspension.

7.6. Settlement arrangements

7.6.1. Where a Trading Participant is not itself a Clearing Participant, then the Trading Participant must ensure that the Relevant Clearing Participant referred to in Rule 7.2.1 has arrangements in place for the settlement (either through itself or through its Depository Participant) of all Trades of the Participant for which the Relevant Clearing Participant has agreed to clear, whether or not those Trades are novated to the Clearing House.

7.7. Give-up & take-up transactions

7.7.1. Where a Trading Participant is also the Clearing Participant for the purposes of a Trade entered on behalf of a Client, or on instruction from an Advising Participant, it must ensure it notifies that Client or Advising Participant (as relevant) if it receives notification under C&S Rule 3.6.2 that CHO has accepted the novation of the Settlement Transaction resulting from

the Trade to an alternative Clearing Participant. Such notification must contain the details provided at Rule 7.7.3.

- 7.7.2. Where the Clearing Participant for the purposes of a Trade entered on behalf of a Client, or on instruction from an Advising Participant, is a third-party Clearing Participant, the Trading Participant must notify that Client or Advising Participant (as relevant) if it receives notification from its Clearing Participant that the Settlement Transaction resulting from that Trade has been subject to a give-up / take-up transaction under C&S Rule 3.6, and novated to an alternative Clearing Participant. Such notification must contain the details provided at Rule 7.7.3.
- 7.7.3. The notifications required by Rules 7.7.1 and 7.7.2 above should confirm that the Settlement Transaction arising from the Client's or Advising Participant's Trade has been novated to an alternative Clearing Participant, and provide the contact details, including the name, telephone number, and main business address, of that alternative Clearing Participant.
- 7.7.4. The Client may agree in writing to opt out of the notification required by this Rule 7.7.

Section 8: Trading Participants – General obligations when Trading on the Market

8.1. Price Limits⁴⁶

- 8.1.1. In order to prevent the execution of Orders submitted to the Trading System that are at unrepresentative price levels or are the subject of manifest price errors, the Market is subject to price limits as prescribed in the Procedures ("**Price Limits**"). All Orders on the Market must be entered within those Price Limits.
- 8.1.2. No Participant or no group of Participants who, pursuant to an agreement or understanding (whether formal or informal) act in collaboration, may secure a dominant position in a Contract or Class of Contracts, which has the effect of creating unfair or misleading Trading conditions. To ensure market integrity, NZX may determine the permitted maximum number of Open Positions that any Participant or Client may hold or control in any Contract by specifying the relevant position limits in the Individual Contract Specifications (the "**Position Limits**"). A Participant shall ensure that the Position Limits applicable to any Client or Participant in respect of any Contract are adhered to at all times and that any Procedures regarding Position Limits are complied with.⁴⁷ In addition, Participants must comply with the reporting requirements relating to Open Positions as set out in the Procedures. NZX may share such reports with CHO when NZX considers that doing so is necessary or desirable to ensure the integrity, certainty or orderly functioning of the Settlement System or Clearing House.
- 8.1.3. A Participant may seek (but may or may not be granted in NZX's discretion) a waiver of an applicable Position Limit pursuant to the procedures in Rule 14.2 in circumstances where the Participant can demonstrate that it has a material or significant exposure in the Contract Unit or Underlying Market which it is seeking to hedge through Trading the relevant Contract or Class of Contracts.

8.2. Obligations of all Trading Participants

- 8.2.1. Each Trading Participant must ensure the conduct of an orderly Market. In particular each Trading Participant must:
- (a) keep and maintain records of the time and date of receipt of each Order as part of the accounting records required by these Rules and the Procedures;
 - (b) keep and maintain records of the date and time of each decision for the Trading Participant to Trade Acting as Principal, including the name of the natural person who made the decision, in accordance with Rule 9.6.3;
 - (c) be solely responsible for the accuracy of Orders entered/submitted into the Trading System in accordance with the Procedures for use of the Trading System established from time to time by NZX to ensure the efficiency and integrity of the Market;⁴⁸

⁴⁶ Procedures 8.1 to 8.7 (inclusive)

⁴⁷ Procedures 8.8 to 8.11 (inclusive)

⁴⁸ Procedures 8.12 to 8.15

- (d) maintain and enforce at all times appropriate security procedures designed to prevent unauthorised entry into the Trading System; and
- (e) answer, and provide evidence (written evidence if requested) in support of, any query or request by NZX in respect of that Trading Participant's compliance with these Rules, the Procedures and/or any direction issued from time to time by NZX. If requested, that Trading Participant must provide NZX with independent verification (by an organisation or Person approved by NZX) of that Trading Participant's compliance with these Rules and/or any directions issued from time to time by NZX (whether by Guidance Note or otherwise) or that the Trading Participant has not engaged in Unprofessional Conduct.

8.3. Requirement to have designated Dealers or DMA Authorised Persons

- 8.3.1. Each Trading Participant wishing to use Direct Market Access must comply with Rule 3.5.1 and, except in the case of a TCF, have Dealers designated by NZX in accordance with Rule 3.5. A TCF may not have Dealers.
- 8.3.2. Each Trading Participant must ensure that only Dealers or DMA Authorised Persons use the trading functionality available in the Trading System, including entering, withdrawing or amending Orders, Bids, Offers and/or Trades.
- 8.3.3. Each Trading Participant is responsible for the security of and control of access to the Trading System and must ensure that only its Dealers and/or DMA Authorised Person(s), as the case may be, enter or submit Orders into the Trading System, and that each Dealer has an active unique identification code and password to access the Trading System.
- 8.3.4. Each Trading Participant must ensure that its Dealers who access or enter/submit Orders into the Trading System, including through a third party access system or DMA, are separately identifiable in the Trading System by the use of a unique identifier which attaches to all Orders entered/submitted into the Trading System by the relevant Dealer. Each Trading Participant must be able to trace the Order flow of each of their Dealers and provide this information to NZX on request.
- 8.3.5. Each Trading Participant must notify NZX in writing of any changes internally to the Person(s) holding the position of Dealer for that Trading Participant as soon as such a change has been implemented by that Trading Participant and in any case within five Business Days of a change being made.
- 8.3.6. Each Trading Participant must ensure the accuracy of the details of all trading messages which are entered into the Trading System using that Trading Participant's identification code, regardless of whether the trading messages are entered into the Trading System by a Dealer or DMA Authorised Person or as a result of the Trading Participant allowing access to its Trading Systems.

8.4. Direct Market Access

- 8.4.1. Each Trading Participant who uses the Direct Market Access facilities provided by NZX must ensure that those facilities are operated only by its Dealers or by its DMA Authorised Persons.
- 8.4.2. Each Trading Participant that provides Direct Market Access must at all times ensure that:
- (a) It and any DMA Authorised Person and any Dealer complies with all applicable Rules, Procedures and any directions issued from time to time by NZX and at all times observes Good Broking Practice and does not engage in Unprofessional Conduct, including ensuring that the appropriate filters, screens and security measures are established and maintained by that Trading Participant;
 - (b) any DMA Authorised Person or Dealer granted authority by that Trading Participant to submit Orders into the Trading System via Direct Market Access has the appropriate skill, expertise and knowledge of the workings and use of the Trading System to do so;
 - (c) its use and access, and the use and access by each DMA Authorised Person and Dealer, do not interfere with:
 - (i) the efficiency and integrity of the markets operated by NZX (including the Market); and
 - (ii) the proper and orderly functioning of the Trading System; and
 - (d) any Orders entered/submitted into the Trading Participant's order entry system by DMA Authorised Persons which do not pass directly through the filters referred to in Rule 8.4.2(a) are rejected outright or referred to a Dealer for review and decision before being allowed to pass into the Trading System.
- 8.4.3. Each Trading Participant acknowledges that it is responsible and liable for Orders entered/submitted into the Trading System via Direct Market Access.
- 8.4.4. Subject to these Rules, a Trading Participant may request NZX to allow it to provide DMA Authorised Persons with Direct Market Access to a market provided by NZX by completing the relevant application form contained in the Procedures, and providing any additional information that NZX requests. The completed application shall be submitted to NZX for consideration by NZX. A separate application is required for each new DMA system through which a Trading Participant proposes to offer DMA.
- 8.4.5. NZX shall have complete discretion to reject or approve (with or without conditions) a Trading Participant to allow it to provide DMA Authorised Persons with Direct Market Access or approve a new system for DMA. Where a Trading Participant's application is declined by NZX, NZX shall set out its reasons for declining that application and that decision shall be final and non-contestable by the Applicant.
- 8.4.6. NZX may require a Trading Participant designated to provide Direct Market Access to meet any additional requirements and/or conditions at any time where NZX considers it appropriate or necessary to do so to ensure an orderly and fair market.

8.5. Direct Client Order Processing

- 8.5.1. Each Trading Participant that provides DCOP must have procedures in place (and must comply with those procedures):
- (a) for authorising DMA Authorised Persons to submit Orders into that Trading Participant's order entry system;
 - (b) to ensure that each DMA Authorised Person is made aware of:
 - (i) the appropriate use of the order entry system of that Trading Participant; and
 - (ii) the Rules in relation to Trading, and any directions issued from time to time by NZX on Trading or DCOP and the requirements of Good Broking Practice and any applicable Guidance Note;
 - (c) for taking reasonable steps to ensure that each DMA Authorised Client makes any individuals who will place Orders via DCOP on its behalf aware of the matters in Rule 8.5.1(b); and
 - (d) for recording any written security arrangements (and details of any non-written security arrangements) between the Trading Participant and the DMA Authorised Person regarding access by the DMA Authorised Person to the computer or other devices connected to the Trading Participant's order entry systems, the location of that computer or other devices, and the method of dealing with, and identifying, such computers or other devices.
- 8.5.2. Each Trading Participant must ensure that it has a written agreement with each DMA Authorised Client setting out the terms of that client's access to the Trading System via DCOP. The agreement must provide that, subject to any applicable data protection and privacy laws, the Client must, on request by NZX to the Trading Participant, provide the following information to the Trading Participant in relation to any Order placed via DCOP:
- (a) if the Client placed the Order for the account of a third party for whom it is acting:
 - (i) if the third party's Order was placed with the Client using an automated system offered by the Client, the identity of the third party and confirmation of the Client's authority to act for the third party; and
 - (ii) otherwise, the identity of the individual acting for the Client (if any) who placed the Order with the Trading Participant on behalf of that third party; and
 - (b) if the Client placed the Order for its own account, the identity of the individual who placed the Order.
- 8.5.3. The agreement may provide that the Client may elect to provide the requested information directly to NZX, and must provide that NZX is authorised to use the information for any investigative or regulatory purpose.

8.6. DMA Authorised Person Register and access

8.6.1. Each Trading Participant must keep a register of all of its DMA Authorised Persons including recording, as a minimum requirement, the following information:

- (a) for a DMA Authorised Client, the name, address, contact details including the client's unique identifier and (where available) telephone, facsimile and e-mail details, of the client; and
- (b) for a DMA Authorised Employee, the Employee's name and system identifier.

8.6.2. If, for any reason, NZX considers that:

- (a) a Trading Participant that provided Direct Market Access or any Person accessing the Trading System via Direct Market Access provided by that Trading Participant has breached any of the applicable Rules, Procedures and/or directions issued from time to time by NZX in respect of Direct Market Access, failed to observe Good Broking Practice and/or engaged in Unprofessional Conduct; and/or
- (b) the efficiency and/or integrity of any of the markets provided by NZX (including the Market), or the functioning of the Trading System, are at risk (to be determined by NZX in its sole discretion),

NZX may direct that Trading Participant to take any of the actions specified in Rule 8.6.3.

8.6.3. Where Rule 8.6.2 applies, NZX may direct that Trading Participant to immediately:

- (a) stop using and/or providing Direct Market Access until NZX is satisfied with that Trading Participant's compliance with all applicable Rules and/or directions issued from time to time by NZX, and/or the Trading Participant has ceased engaging in Unprofessional Conduct; and/or
- (b) suspend, limit or prohibit:
 - (i) any one or more of that Trading Participant's DMA Authorised Person's ability to use DCOP;
 - (ii) all of that Trading Participant's DCOP; and/or
 - (iii) that Trading Participant's Direct Market Access.

8.6.4. If a Trading Participant does not comply with any direction given by NZX either to all or specific Trading Participants, or that Trading Participant does not comply in the time NZX considers necessary for the efficiency and integrity of the Market, or for the proper functioning of the Trading System, NZX may withdraw trading permission for all Direct Market Access offered by, or associated with, that Trading Participant and thereby terminate that Trading Participant's ability to Trade using the Direct Market Access facilities.

8.6.5. Any direction given by NZX in relation to this Rule 8.6 will remain in force until such time as the relevant Rule or that direction is complied with, or the efficiency and integrity of any market provided by NZX (including the Market) and the Trading System are, in the opinion of NZX at its complete discretion, no longer at risk.

8.6.6. If NZX uses its discretion to withdraw permission from any DMA Authorised Person and/or Trading Participant to have Direct Market Access under these Rules, NZX will immediately

notify the affected Trading Participant of the withdrawal. Subsequent to the withdrawal of such permission, NZX will reasonably consider any written submission received by NZX on behalf of that Trading Participant outlining reasons why permission should not have been withdrawn.

- 8.6.7. A decision by NZX in relation to a submission under Rule 8.6.5 will be made by NZX as soon as possible and, in any case, within two Business Days of the receipt of the written submission by NZX.

8.7. Trading operation for the Market

- 8.7.1. The types of Order to be accepted by the Trading System shall be specified by the Procedures.⁴⁹
- 8.7.2. The Trading System shall accept Orders only during the Session States during which Orders will be accepted as specified by the Procedures.⁵⁰
- 8.7.3. If a Dealer or DMA Authorised Person is unable to enter Bids or Offers into the Trading System during a Session State specified by the Procedures as being a Session State during which Orders shall be accepted, due to a fault in that Trading Participant's order entry system or some other reason not attributable to NZX, the following shall apply:⁵¹
- (a) the Dealer or DMA Authorised Person, as the case may be, shall notify NZX as soon as practicable; and

- 8.7.6. A Trading Participant must record the unique identifier code or Client account number (as applicable) and time of transaction for each accepted Order, and retain this information. For the avoidance of doubt, the information in respect of each Order referred to in this Rule 8.7.6 is not required to be shown on a Client's contract note.
- 8.7.7. Each Trading Participant must ensure that all Orders entered or submitted into the Trading System by that Trading Participant are entered or submitted with the trading flags and data required by Procedures. This Rule extends to all Orders entered or submitted into the

- 8.7.10. All Orders may be matched partially or completely.
- 8.7.11. A Trading Participant must have appropriate systems and controls in place relating to the prevention of Orders being entered into the Trading System by a Dealer or DMA Authorised Person that result in Trades where there is no resulting change in Beneficial Ownership.

8.8. Errors and Trade and Cross Transactions cancellation

- 8.8.1. If a Trading Participant considers that an Error has occurred in respect of a Trade or a Cross Transaction and wishes to have or retain the right to request to have that Error Trade cancelled under this Rule 8.8, the Trading Participant must notify NZX of the Error by the time and in the manner set out in the Procedures and request that the Error Trade be cancelled in accordance with this Rule 8.8.⁵⁴
- 8.8.2. A Trading Participant may request NZX to seek the agreement of any other Trading Participant to the cancellation of a Trade in respect of which an Error has been made by the time and in the manner set out in the Procedures.⁵⁵
- 8.8.3. Upon receipt of a request under Rule 8.8.2, NZX will use reasonable endeavours to contact the counterparty Trading Participant to the Trade to ascertain whether the counterparty Trading Participant agrees to the cancellation to the Trade. NZX will notify the requesting Trading Participant as soon as reasonably practicable of the counterparty Trading Participant's response.
- 8.8.4. Upon becoming aware of an Error Trade, NZX may do any or all of the following if permitted by Rule 8.8.5:

8.8.5. NZX may exercise any or all of its powers under Rule 8.8.4 in respect of an Error if:

- (a) In NZX's opinion the Error may have a Market Impact; or
- (b) NZX is satisfied that:
 - (i) the parties to the Error Trade have agreed to the exercise by NZX of its powers under that Rule; and
 - (ii) the integrity or certainty of any NZX Market or the Clearing House will not be compromised as a result of NZX exercising its powers under that Rule; or
- (c) NZX is satisfied that the exercise of its powers is necessary or desirable to ensure the integrity, certainty or orderly functioning of any NZX Market, the Clearing House or the Settlement System.

8.8.6. Any decision made or action taken by NZX in respect of the exercise of its powers under Rule 8.8.4 is final and is binding on all Trading Participants.

8.8.7. No Error Trade may be cancelled except in accordance with this Rule 8.8.

8.8.10. Each Trading Participant must keep an Error Trade Register that records Errors and cancellations of that Trading Participant's Error Trades in accordance with the Procedures.⁵⁶

8.8.11. NZX may, from time to time, review a Trading Participant's Error Trade Register and may refer Trading Participants and the Employees of a Trading Participant to the NZ Markets Disciplinary Tribunal in respect of Errors. A Trading Participant or an Employee of a Trading Participant who frequently commits Errors may be liable, at NZX's discretion, to have its or their ability to Trade suspended and to be treated as a Defaulter.

- (b) Cross Transactions by a Participant or Employees of that Participant.

8.10. Disputes in relation to Trades

8.10.1. Participants must be promptly referred to and investigated by NZX whose decision shall be final and binding on those Participants.

8.10.2. NZX shall use reasonable endeavours to reach a decision on any dispute referred to pursuant to Rule 8.10.1 promptly on the day (where possible) on which that dispute is referred to it, and in any event as soon as is reasonably possible in the prevailing circumstances.

8.11. Trading Halts and Suspensions of Trading

8.11.1. If in the sole opinion of NZX any circumstances calling for emergency action in the interest of the orderly conduct of business on the Market or in the interests of maintaining a fair and efficient Market, the due performance of Contracts have developed or are developing, NZX (through its NZX Designated Person or otherwise) may take any steps whatsoever to provide for, correct or check the further development of those circumstances or to preserve or restore conditions enabling the orderly conduct of business or the due performance of Contracts to be resumed.

8.11.2. Circumstances within the scope of Rule 8.11.1 above may (but without prejudice to the generality of that Rule) include:

8.11.3. Steps taken by NZX pursuant to Rule 8.11.1 may include:

NZX shall treat any such failure as a violation of the Rules and may deem such Participant to be a Defaulter in accordance with Rule 14.14.

8.11.6. If the Market is halted or suspended in respect of a Contract during an Open (Normal) Session State, for whatever reason, NZX may extend that Session State. If such a decision

⁵⁷ Procedure 8.6.2

is made, NZX will advise this decision to all Participants and the altered Trading Hours or Session States.

- 8.11.7. If the conduct of business on the Market in one or more Contracts is suspended or halted and NZX determines that it may not be resumed either before the Close or within sufficient time prior to the Close to allow for an orderly Close to occur, NZX may determine that the conduct of business in one or more Contracts should be resumed but that the relevant scheduled Close or Last Trading Day should be delayed to a later time.

Where a different basis is used, a Participant must clearly define that basis and apply it to all instructions and F&O Orders without giving any preference to any F&O Orders or instructions for its own account; and
 - (c) if a Participant has:

- (i) a material interest, whether direct or indirect, in any proposed transaction for a Client or in the fact of its being effected (other than the interest arising solely from the Participant's participation as a Trading Participant or Advising Participant); or
- (ii) a relationship with another Person which may place that Participant in a position where its duty to, or its interest in relation to, that other Person conflicts with its duty to a Client,

- 12.11.1. Subject to Rule 12.12, where a Client has instructed a Participant to acquire an Option, that Participant must call the value of an Option's premium from that Client if the Client has not paid or lodged the premium or cover for that premium with that Participant and:

A waiver or ruling will be void from the outset if any such conditions are not satisfied or complied with in full.

 - (e) engaged a Person as an Employee, or been or is, in an association or contractual relationship with a Person who has been guilty of conduct which, if committed by that Participant, would justify the NZ Markets Disciplinary Tribunal imposing on that Participant any of the penalties available to it under the NZ Markets Disciplinary Tribunal Rules.

- 14.9.1. A Participant is liable for the full costs for any and all work carried out by or on behalf of NZX in ensuring compliance with these Rules. - 15.1.2. **Certain liability not excluded:** NZX excludes under this Rule 15.1, conditions and warranties implied by statute or general law except any implied condition or warranty the exclusion or limitation of which would contravene any statute or cause any part of this Rule 15.1 to be void ("**Non-Excludable Condition**"). The liability of NZX under any Non-Excludable Condition may be limited in the discretion of NZX respectively to:
- (a) in the case of services, the supply of the relevant services again or the payment of the costs of having the relevant services supplied again; or

- 15.2.4. **Voice recording:** NZX may record telephone conversations without the use of warning tones. The records will be sole property of NZX and may be adduced as evidence in any court, regulatory, disciplinary or other proceedings of the matters discussed.
- 15.2.5. **Conclusive evidence:** Any written advice, statement or report by NZX which relates to Trading or a Participant will, in the absence of manifest error, be final and conclusive unless disputed by the Participant within five Business Days of its deemed receipt by that Participant. Except as otherwise agreed by NZX, the failure of a Participant to inform NZX of any error or omission in any written advice, statement or report promptly within five Business Days of its deemed receipt by that Participant will constitute a waiver in favour of NZX by such Participant of any right to require rectification of that written advice, statement or report.
- 15.2.6. **Invalidity:** The invalidity, illegality and unenforceability in whole or in part of any of the provisions of the Rules in respect of any Participant will not affect the validity, legality and enforceability of the Rules in respect of any other Participant or the validity, legality and enforceability of the remaining part or provisions of the Rules.
- 15.2.7. **No set-off:** Subject to these Rules, all payments to be made by a Participant to NZX for its own account (including any fees levies and charges imposed by NZX) under or in respect of these Rules, or the Procedures shall be made without (and free and clear of any deduction for) set-off or counterclaim.
- 15.2.8. **Validity of action:** Any action or inaction by NZX under the Rules or any Procedure may not be challenged on the ground that a Rule, Procedure, direction, decision, resolution or requirement of NZX or any agreement made by NZX is ultra vires or otherwise invalid.

- 15.2.9. **Governing law:** These Rules, and all Contracts made pursuant to these Rules, will be governed by, and construed in accordance with, the laws of New Zealand.
- 15.2.10. **Jurisdiction:** In respect of these Rules and the Procedures, each Participant irrevocably submits to the exclusive jurisdiction of the courts of New Zealand. Each Participant irrevocably waives:

- 15.2.13. **Notices or time:** A decision, resolution, proceeding or act of NZX under these Rules is not invalidated by defect, irregularity or deficiency of notice or time unless:

Such Participant agrees that failure by an agent for service of process to notify that Participant of the process will not invalidate the proceedings concerned. If such Participant fails to appoint an agent under this Rule, NZX may appoint another agent for this purpose.
 - (b) If any Person appointed as agent for service of process is unable for any reason to act as agent for service of process, that Participant shall promptly (and in any event

within 10 Business Days of such event taking place) appoint another agent on terms acceptable to NZX. Failing this, NZX may appoint an agent for this purpose.

Where an application is declined by NZX, NZX shall set out its reasons for declining that application and that decision shall be final and non-contestable.

17.2. Rules Applying to Designated Market Makers

- 17.2.1. In addition to the Rules in this Section 17, a Designated Market Maker must comply with the Rules set out in the following sections in relation to its market making activity, as though it was a Participant:
 - (a) Section 1: General Provisions and Interpretation

 - (i) Rule 3.22
 - (c) The following parts of Section 4: Business Conduct of Participants:
 - (i) Rule 4.3
 - (ii) Rule 4.4 (except for 4.4.1(b)(i))
 - (d) The following parts of Section 14: NZX Powers, Default, and Resignation:
 - (i) Rules 14.1 to 14.12
 - (e) The following parts of Section 15 Miscellaneous:
 - (i) Rule 15.1

(ii) Rule 15.2

17.3. Client Agreement and DMA Authorised Person

17.3.1. A Designated Market Maker who is not also a Trading Participant must enter into and maintain all of the following written agreements and arrangements with the Trading Participant through which it routes its market making Orders:

- (a) a Client Agreement that meets the requirements of Rule 9.5;
- (b) registration as a DMA Authorised Person; and
- (c) an agreement that meets the requirements of Rule 8.5.2.

17.4. Additional Derivatives Contracts

17.4.1. A Designated Market Maker for one or more specified Derivatives Contracts may become designated as a Designated Market Maker in additional Derivatives Contracts by requesting such designation in writing from NZX specifying the additional Derivatives Contracts for which the Designated Market Maker wishes to be designated to act as Market Maker.

17.4.2. NZX shall review an application for designation as a Designated Market Maker in an additional Derivatives Contract as soon as reasonably practicable upon receipt.

17.5. Operational Obligations

17.5.1. Each Designated Market Maker must make markets in those Derivatives Contracts for which it is designated as a Designated Market Maker by NZX.

17.5.2. Each Designated Market Maker that is not also a Trading Participant must ensure that all Orders submitted for the purpose of market making activities are submitted by that Designated Market Maker by way of DCOP.

17.5.3. Each Designated Market Maker must:

- (a) buy and sell the Derivatives Contracts for which it is a Designated Market Maker on its own account and on a continuous basis;
- (b) enter and maintain Bids and Offers in the Derivatives Contracts for which it is a Designated Market Maker during the hours specified in its Market Making Agreement;
- (c) satisfy Orders delivered to the Designated Market Maker's posted quotes;
- (d) adjust and reinstate the two-sided quotations within the period specified in its Market Making Agreement following an executed Trade; and
- (e) ensure that the market maker flag is applied to all market making Orders in accordance with the Procedures.

17.5.4. All employees of that Designated Market Maker undertaking market making activities must comply with the Rules set out in this Section 17. Each Designated Market Maker is

responsible for all acts, omissions, and transactions done, made, or effected by its employees.

- 17.5.5. No Designated Market Maker may enter quotations into the Trading System for a Derivatives Contract it is designated to act as a Designated Market Maker for that exceed the guidelines for the maximum allowable Spread as set and advised by NZX from time to time.
- 17.5.6. Each Designated Market Maker must enter and maintain quotations that are reasonably related to the prevailing market in that Derivatives Contract for which it is designated a Designated Market Maker. If, in the reasonable opinion of NZX, it appears that the Designated Market Maker's quotation for that Derivatives Contract is no longer reasonably related to the prevailing market for that Derivatives Contract, NZX may require that Designated Market Maker to re-enter its quotations for that Derivatives Contract to better reflect current market conditions for that Derivatives Contract. Failure to make such an amendment as requested by NZX will result in the immediate suspension of that Designated Market Maker's quotations in that Derivatives Contract.
- 17.5.7. Each Designated Market Maker must ensure that its market making Orders meet the minimum quantity requirements as set out in its Market Making Agreement.

17.6. Market Making Representative

- 17.6.1. Every Designated Market Maker who is not also a Trading Participant must appoint a Market Making Representative responsible for the Designated Market Maker's market making activity. The person must be notified to NZX as a Market Making Representative.

17.7. Periodic Reporting

- 17.7.1. A Designated Market Maker must provide NZX with periodic reporting as notified to the Designated Market Maker by NZX.

17.8. Separation of a Designated Market Maker's Functions

- 17.8.1. A Designated Market Maker must separate its activities as a Designated Market Maker from its other business activities, including:
 - (a) using a designated trader work station or other authorised access exclusively for its market making activities; and
 - (b) ensuring that the employees of a Designated Market Maker, in performing their activities, do not execute client Orders.

17.9. Trading Halts and Emergencies

- 17.9.1. No Designated Market Maker is obliged to maintain quotations in a Contract when the Contract is in a Trading Halt or is otherwise suspended as a result of an emergency.

17.10. Withdrawal of Quotations

- 17.10.1. Each Designated Market Maker may request to withdraw a quotation for a Derivatives Contract for which it has designation as a Designated Market Maker by completing and providing to NZX written notification setting out the reasons for the request to withdraw that

quotation. For the avoidance of doubt, either Rule 17.10.2(a), (b), or (c) must be satisfied for NZX to grant such request.

17.10.2. NZX shall consider applications for the withdrawal of a quotation provided under Rule 17.9.1 in the following circumstances:

- (a) the result of circumstances beyond the control of the Designated Market Maker. For the avoidance of doubt this does not include the request for the withdrawal of quotation as a result of a sudden change in the price or Orders in a particular Derivatives Contract or the pending announcement about a Derivatives Contract which may affect the price of that Derivatives Contract; or
- (b) where the Designated Market Maker is not also a Trading Participant, if that Designated Market Maker is unable to access the Trading System via DCOP; or
- (c) where the Designated Market Maker is also a Trading Participant, failure to maintain a C&S Agreement with the Relevant Clearing Participant.

17.10.3. NZX shall reasonably consider an application from a Designated Market Maker requesting the withdrawal of a quotation for a Derivatives Contract for which it has designation as a Market Maker as soon as possible after a written application pursuant to Rule 17.10.1 is submitted to NZX. For the avoidance of doubt, NZX is under no obligation to withdraw a quotation for a Derivatives Contract as requested by a Designated Market Maker pursuant to Rule 17.10.1.

17.11. Obligation to Report

17.11.1. If a Designated Market Maker becomes aware that it has breached, or is likely to breach, any of its obligations under these Rules and that the breach, or likely breach, is significant, that Designated Market Maker must promptly notify NZX in writing of the circumstances of that breach or likely breach. When determining whether a breach, or likely breach, is significant, a Designated Market Maker should consider:

- (a) the number or frequency of similar previous breaches;
- (b) the impact of the breach or likely breach on the Designated Market Maker's ability to comply with the Rules or to conduct its business; and
- (c) the extent to which the breach or likely breach indicates that the Designated Market Maker's arrangements to ensure compliance with the Rules are inadequate.

17.12. Suspension and Withdrawal of a Market Maker Designation

17.12.1 NZX may suspend and or withdraw a Designated Market Maker's designation to act as a Market Maker either in all Derivatives Contracts, or in specific Derivatives Contracts only, if NZX considers in its reasonable opinion that:

- (a) the Designated Market Maker has failed to comply with these Rules, any directions issued from time to time by NZX or failed to observe Good Broking Practice; or
- (b) the integrity of all or any of the markets provided by NZX and/or the proper functioning of those markets are, in the opinion of NZX, at risk in any way.

- 17.12.2 NZX will notify that Designated Market Maker of its decision to suspend or withdraw its designation as a Designated Market Maker, or as a Designated Market Maker in specific Derivatives Contracts, and the reasons for that decision as soon as practicable after the decision has been made. NZX will reasonably consider any written submission received by NZX on behalf of that Designated Market Maker outlining reasons why the designation of that Market Maker should not have been suspended or withdrawn.
- 17.12.3 A Designated Market Maker suspended or withdrawn under Rule 11 must not hold itself out as a Designated Market Maker during the period of that suspension or withdrawal. At any time during the suspension of a Designated Market Maker, NZX at its complete discretion may withdraw the designation of the Market Maker.
- 17.12.4 A Designated Market Maker suspended or withdrawn under Rule 11 may be referred to NZ Markets Disciplinary Tribunal for a breach of these Rules, any directions issued from time to time by NZX, or failure to observe Good Broking Practice at the complete discretion of NZX.

17.13. Resignation as a Designated Market Maker

- 17.13.1 A Designated Market Maker must advise NZX in writing of its intention to resign as a Designated Market Maker, or as a Designated Market Maker in a specific Derivatives Contract, not less than 20 Business Days (notice period) before the intended date of such resignation unless NZX consents to a shorter notice period. NZX must not unreasonably refuse a Designated Market Maker's request for resignation.
