NOTES

[Not to be faxed to NZX]

[These notes are deemed to form part of this form and are for the purposes of completing it]

- (I) *The objective of the Quarterly Statement of Consolidated Cash Flows is to provide a basis for reporting to the market how the activities of the Mining Issuer for the past quarter have been financed and the effect on the Mining Issuer's cash position. Any Issuer wishing to disclose additional information is encouraged to do so and should provide it in the form of a note or notes attached to this statement.*
- (II) *Although this statement is a specific purpose financial statement, the definitions and provisions of FRS-10: Statement of Cash Flows apply.*
- (III)(a) *The aggregate amount of loans [Item 2(c)] made to associated persons shall be disclosed by way of note.*
- (b) *The aggregate amount of payments to suppliers and employees [Item (b)] made to associated persons shall be disclosed by way of note with such additional explanations as are necessary for an understanding of the transactions.*
- (c) *In this note, "associated persons" has the same meaning as in NZAX Listing Rule 1.1.2.*
- (IV) *"Investments" includes expenditure to acquire property, tangible or intangible, with an expectation of yielding income for services over an extended period. Details of investments in intangibles and in other mining exploration Issuers should be disclosed separately by way of note.*
- (V) *"Exploration" outlays include payments arising from the search for a mineral deposit or oil or natural gas field which appears capable of commercial exploitation by an extractive operation and includes payments for topographical, geological, geochemical and geophysical studies and exploratory drilling.*
- (VI) *"Evaluation" outlays include payments arising from the determination of the technical feasibility and commercial viability of a particular prospect and includes outlays made in determining the volume and grade of the deposit or field, examination and testing of extraction methods and metallurgical or treatment processes, surveys of transportation and infrastructure requirements, and market and finance studies.*
- (VII) *"Development" outlays include payments arising from the establishment of access to the deposit or field and other preparation for commercial production and includes expenditure on shafts, underground drives and permanent excavations, roads and tunnels, advance removal of overburden and waste rock, and drilling of oil or natural production wells.*
- (VIII) *"Production" outlays include payments arising from the day-to-day activities directed to obtaining saleable product from the deposit or field on a commercial scale and includes extraction and any processing prior to sale.*
- (IX) *"Administration" outlays include payments made to staff primarily engaged in administration and other payments related to the operation of the Mining Issuer not included in other categories.*
- (X) *The "Nature of Interest" referred to in Item 9 includes options in respect of interests in mining tenements acquired, exercised or lapsed during the reporting period. Where the Mining Issuer is involved in a joint venture agreement and there are conditions precedent which will change the Mining Issuer's percentage interest in a mining tenement, disclosure of the change of percentage interest and conditions precedent should be made in the list required for Item 9(c)*
