

Summary

This Practice Note outlines the standard timetable that issuers can follow for offers or issues of warrants where quotation is sought on the NZX Main Board

Relevant NZX Listing Rules: 4.17, 7.4, 7.7

Under Rule 9.15.1 of the NZX Listing Rules (**Rules**), NZX Limited (**NZX**) may act by and through NZX Regulation Limited (**NZ RegCo**) in performing any function or discharging any power set out in the Rules. References in this Guidance Note to NZX therefore also include NZ RegCo in relation to any regulatory activity or discretion.

What are warrant offers?

A warrant offer is where an Issuer issues warrants to its shareholders, usually at a predetermined ratio (i.e. one new warrant for every share held). Holders of the warrants then have the right, but are not obligated, to buy or sell the Issuer's shares at a set date and at an exercise price which is either fixed by the Issuer in advance or calculated in the future by reference to the underlying financial products.

Warrant offers and the Rules

Under the Rules, warrants will be Equity Securities and may be an Option, or Right. Issuers may be able to offer warrants in accordance with Schedule 1 of the Financial Markets Conduct Act 2013 under the "same class as quoted financial products" exclusion (QFP exclusion). The information in this Practice Note is based on an Issuer making an offer under the QFP exclusion of warrants that are to be Quoted on the NZX Main Board.

Under the QFP exclusion, warrant offers are not regulated offers and no prescribed disclosure requirements apply to warrant offer documents. For issuers to be able to rely on the QFP exclusion they must issue a QFP notice (also known as a "cleansing notice").¹ Warrant offers made under the QFP exclusion do not require approval by NZX but will still require a form of offer document to be released under the Rules.

Warrants may be quoted to provide trading on market, however this is not mandatory.

Standard timetable for an offer of warrants that will be quoted on the NZX Main Board

This Practice Note includes an example transaction timetable for an offer of warrants. The timetable assumes:

- a standard offer structure undertaken in the minimum time permitted under the Listing Rules,
- the offer is made in accordance with a Schedule 1 Offer Document not requiring prior NZX review under Rule 7.1.1

¹ Under Rule 4.17.6 a QFP notice must be released through MAP at the same time as the Corporate Action Notice for the offer of warrants. The Listing Rule has the effect of changing the "relevant time" for release of the QFP notice under clause 20 of Schedule 8 of the Financial Markets Conduct Regulations 2014.
