

Announcement Search

A live database of all market announcements that have been released to market electronically.

It includes:

- Access to daily announcements in real time or 24 hour delayed depending on subscription package.
- Access to all NZX regulation waivers and rulings that are released as announcements
- A comprehensive search function that lets you search by company, keyword, announcement type and date.

Subscriber Benefits:

- Keep ahead of the game and get the latest announcements as they're made
- Excellent tool to research company activity
- Search and view all regulation waivers and rulings released to the market

Listed Issuers:

- Monitor competitors and how they're responding to the market
- Use as your company's announcements database
- See what other listed issuers have done as a guide to releasing market information.

Format:

- Online tool accessed via i-search website.

Subscriptions:
