² In this Corporate Action Notice, a "retail offer" refers to an offer that is not a Rights issue, Accelerated Offer or Share Purchase Plan, but is nonetheless open to "retail" investors of the Issuer (for example an offer that would be a Share Purchase Plan but for the amount offered to each shareholder exceeding the relevant limit).

³ Scaling for a Share Purchase Plan must be determined as set out in the definition of "Share Purchase Plan" in the Listing Rules. Retail offers may apply a different basis for scaling.

⁴ Where the issue price per Equity Security is not fixed, and the number of Equity Securities to be issued is not known, the Issuer should instead indicate the maximum dollar amount of Equity Securities to be issued.

⁵ Issuers should answer Y if existing shareholders are eligible to participate even if their participation is subject to satisfaction of eligibility criteria applying to the placement generally, such as the offer only being made to investors in certain jurisdictions or with a certain status, such as wholesale, sophisticated or professional investors only.
