

NZX Policy Workplan H2 2025

This workplan is designed to provide external stakeholders with visibility of the indicative times for upcoming consultations in H2 2025.

While NZX Policy is currently working on a number of initiatives, the table below provides visibility as to the intended timeframes for those reviews on which public consultation is expected in H2 2025.

Policy initiative description	Consultation Date
Trade Settings Review of obligations relating to trading practices to ensure settings are appropriate for market conditions and align with best practice internationally.	Q3 2025
Client Asset obligations Review of the NZX Participant Rules and NZX Derivatives Market Rules to ensure that the settings relating to Client Assets are fit for purpose.	Q4 2025
