School and Pool for Digital Talent

All contents at a glance

Become a UX/UI Designer – your entry into the world of user-centered design and digital innovation. Our intensive and hands-on bootcamp guides you step by step on your journey into the UX/UI world. You'll learn how to design intuitive user interfaces, develop user-centered products, and create design solutions with real impact. From foundational design knowledge to UX research and wireframes, all the way to high-fidelity prototypes – you'll develop practice-oriented projects that prepare you optimally for your future career.

Our experienced coaches support you throughout the entire course and prepare you specifically for your entry into the design industry – whether you come from a creative, technical, or completely different background. With real-world projects, a collaborative learning environment, and the opportunity to use an education voucher (Bildungsgutschein), you'll lay the foundation for a successful future in one of the most in-demand and fastest-growing areas of the digital world.

What fits into your life right now?

No matter what life situation you're currently in, whether you're a university dropout, a job changer, a parent on parental leave or on the next career leap - with us you can learn when, how and where you want.

Which bootcamp do you choose?

Students can complete their bootcamp with us full-time in 12–16 weeks (Mon–Fri, 8:30 AM – 6:30 PM). Whether you join remotely (live online) or attend in person on campus depends on the specific bootcamp and your personal preferences

How do you want to finance your bootcamp?

We offer you various financing options for your coding bootcamp so that you can realize your dream job in the tech industry. Whether 100% free of charge with an education voucher from the Federal Employment Agency, as a self-payer or installment payer or with a scholarship for women or international students.

»Our team has trusted neuefische for quite some time now and their knack for supporting career changers. The constructive communication and high quality of training constantly show us that a candidate's CV is not the deciding factor..«
