AI Modeling Bootcamp

100% Free

via Bildungsgutschein

>> neue fische
School and Pool for Digital Talent

All contents at a glance

Become an AI Specialist – Kickstart Your Career in AI Modeling for the Future.

In our hands-on bootcamp, you'll learn how to understand, train, and effectively apply modern AI models in a business context.

You'll work directly with tools like Python, TensorFlow, PyTorch, and common data analysis methods – practical and future-focused. Whether you have prior experience or not, our experienced coaches will prepare you specifically for your entry into the field of Artificial Intelligence. 100% funded with a Bildungsgutschein (education voucher).

NEW!
AI-optimized

Fundamentals & Tools

- Working with the Bash console
- Version control with Git & GitHub
- Python basics: syntax, functions, data structures
- NumPy, Pandas & Matplotlib
- Exploratory data analysis
- Mini team project

Supervised Learning:

Classification

- Introduction to Machine Learning
- Training & evaluating models with Scikit-Learn
- Feature engineering & hyperparameter tuning
- Classification metrics: accuracy, precision, recall
- Titanic prediction model

Supervised Learning: Regression

- Linear regression & regularization (Ridge, Lasso)
- Avoiding overfitting
- Time series analysis & forecasting models
- Bike-sharing demand prediction

Advanced Machine Learning

- Decision trees & random forests
- Ensemble methods (e.g., XGBoost)
- Clustering with K-Means & hierarchical methods
- Dimensionality reduction with PCA

Deep Learning

- Neural networks with TensorFlow & Keras
- Backpropagation & training strategies
- Convolutional neural networks (CNNs)
- Image classification with transfer learning

NLP & Large Language Models

- Text processing: tokenization, TF-IDF
- Sentiment analysis & classification
- Working with LLMs (BERT, GPT)
- Retrieval-Augmented Generation (RAG)
- AI agents with LangChain (e.g. FAQ chatbot)

Teamwork & Practical Relevance

- Working in small groups (~12 people)
- Live mentoring in a remote format
- Real-world datasets & business cases
- Project presentation & documentation

The curricula presented here represent an exemplary orientation for the course content. We expressly reserve the right to make adjustments to the content and sequence for didactic and organizational reasons as well as to adapt to the state of the art and the current requirements of the job market, without this affecting the character of the course and the overall quality of the content.

Accredible

This is us

Since 2018, neue fische has been offering a training and qualification program for IT professions that is unique in Germany. The team trains career changers and those returning to work in short boot camps to become qualified software, data and cloud talents and then brings them together with exciting employers from its network of over 70 partner companies.

Certified. Education with quality

"The company neuefische GmbH impresses with a very promising training program with a modern methodical approach. The high level of professionalism, the excellent industry networking and the innovative practical expertise of the management should be emphasized."

Our Career Development in a Nutshell

At the heart of our Career Service is our Learning Management system (LMS). Here, our course participants receive career tips and support from the preparation of application documents to job search strategy and personal branding - all from a single source. We make sure you are well prepared for your job search. Our Career Service prepares our students not only theoretically but also practically for the demands of the market.

Phase 1

Getting to know each other:

Identification of skills

Phase 2

Sharing insider knowledge:

Understanding the job market

Phase 3

Tips for starting your career:

Milestones and successful completion

Phase 4

We connect:

Networking events to make contacts

- Interview Workshops
- Job Changing Strategies and Career Paths
- Salary negotiations
- Career Cupid: Networking event with companies, online and onsite (Berlin + Hamburg)
- Alumni "Ask me anything"
- Recruiters "Ask me anything"
- Professional Panels and Q+A
- Career Roadmap for international students

What are the career opportunities?

Jobs in the IT industry are constantly evolving. Here are just a few examples of job opportunities after completing an IT bootcamp:

Data Engineer

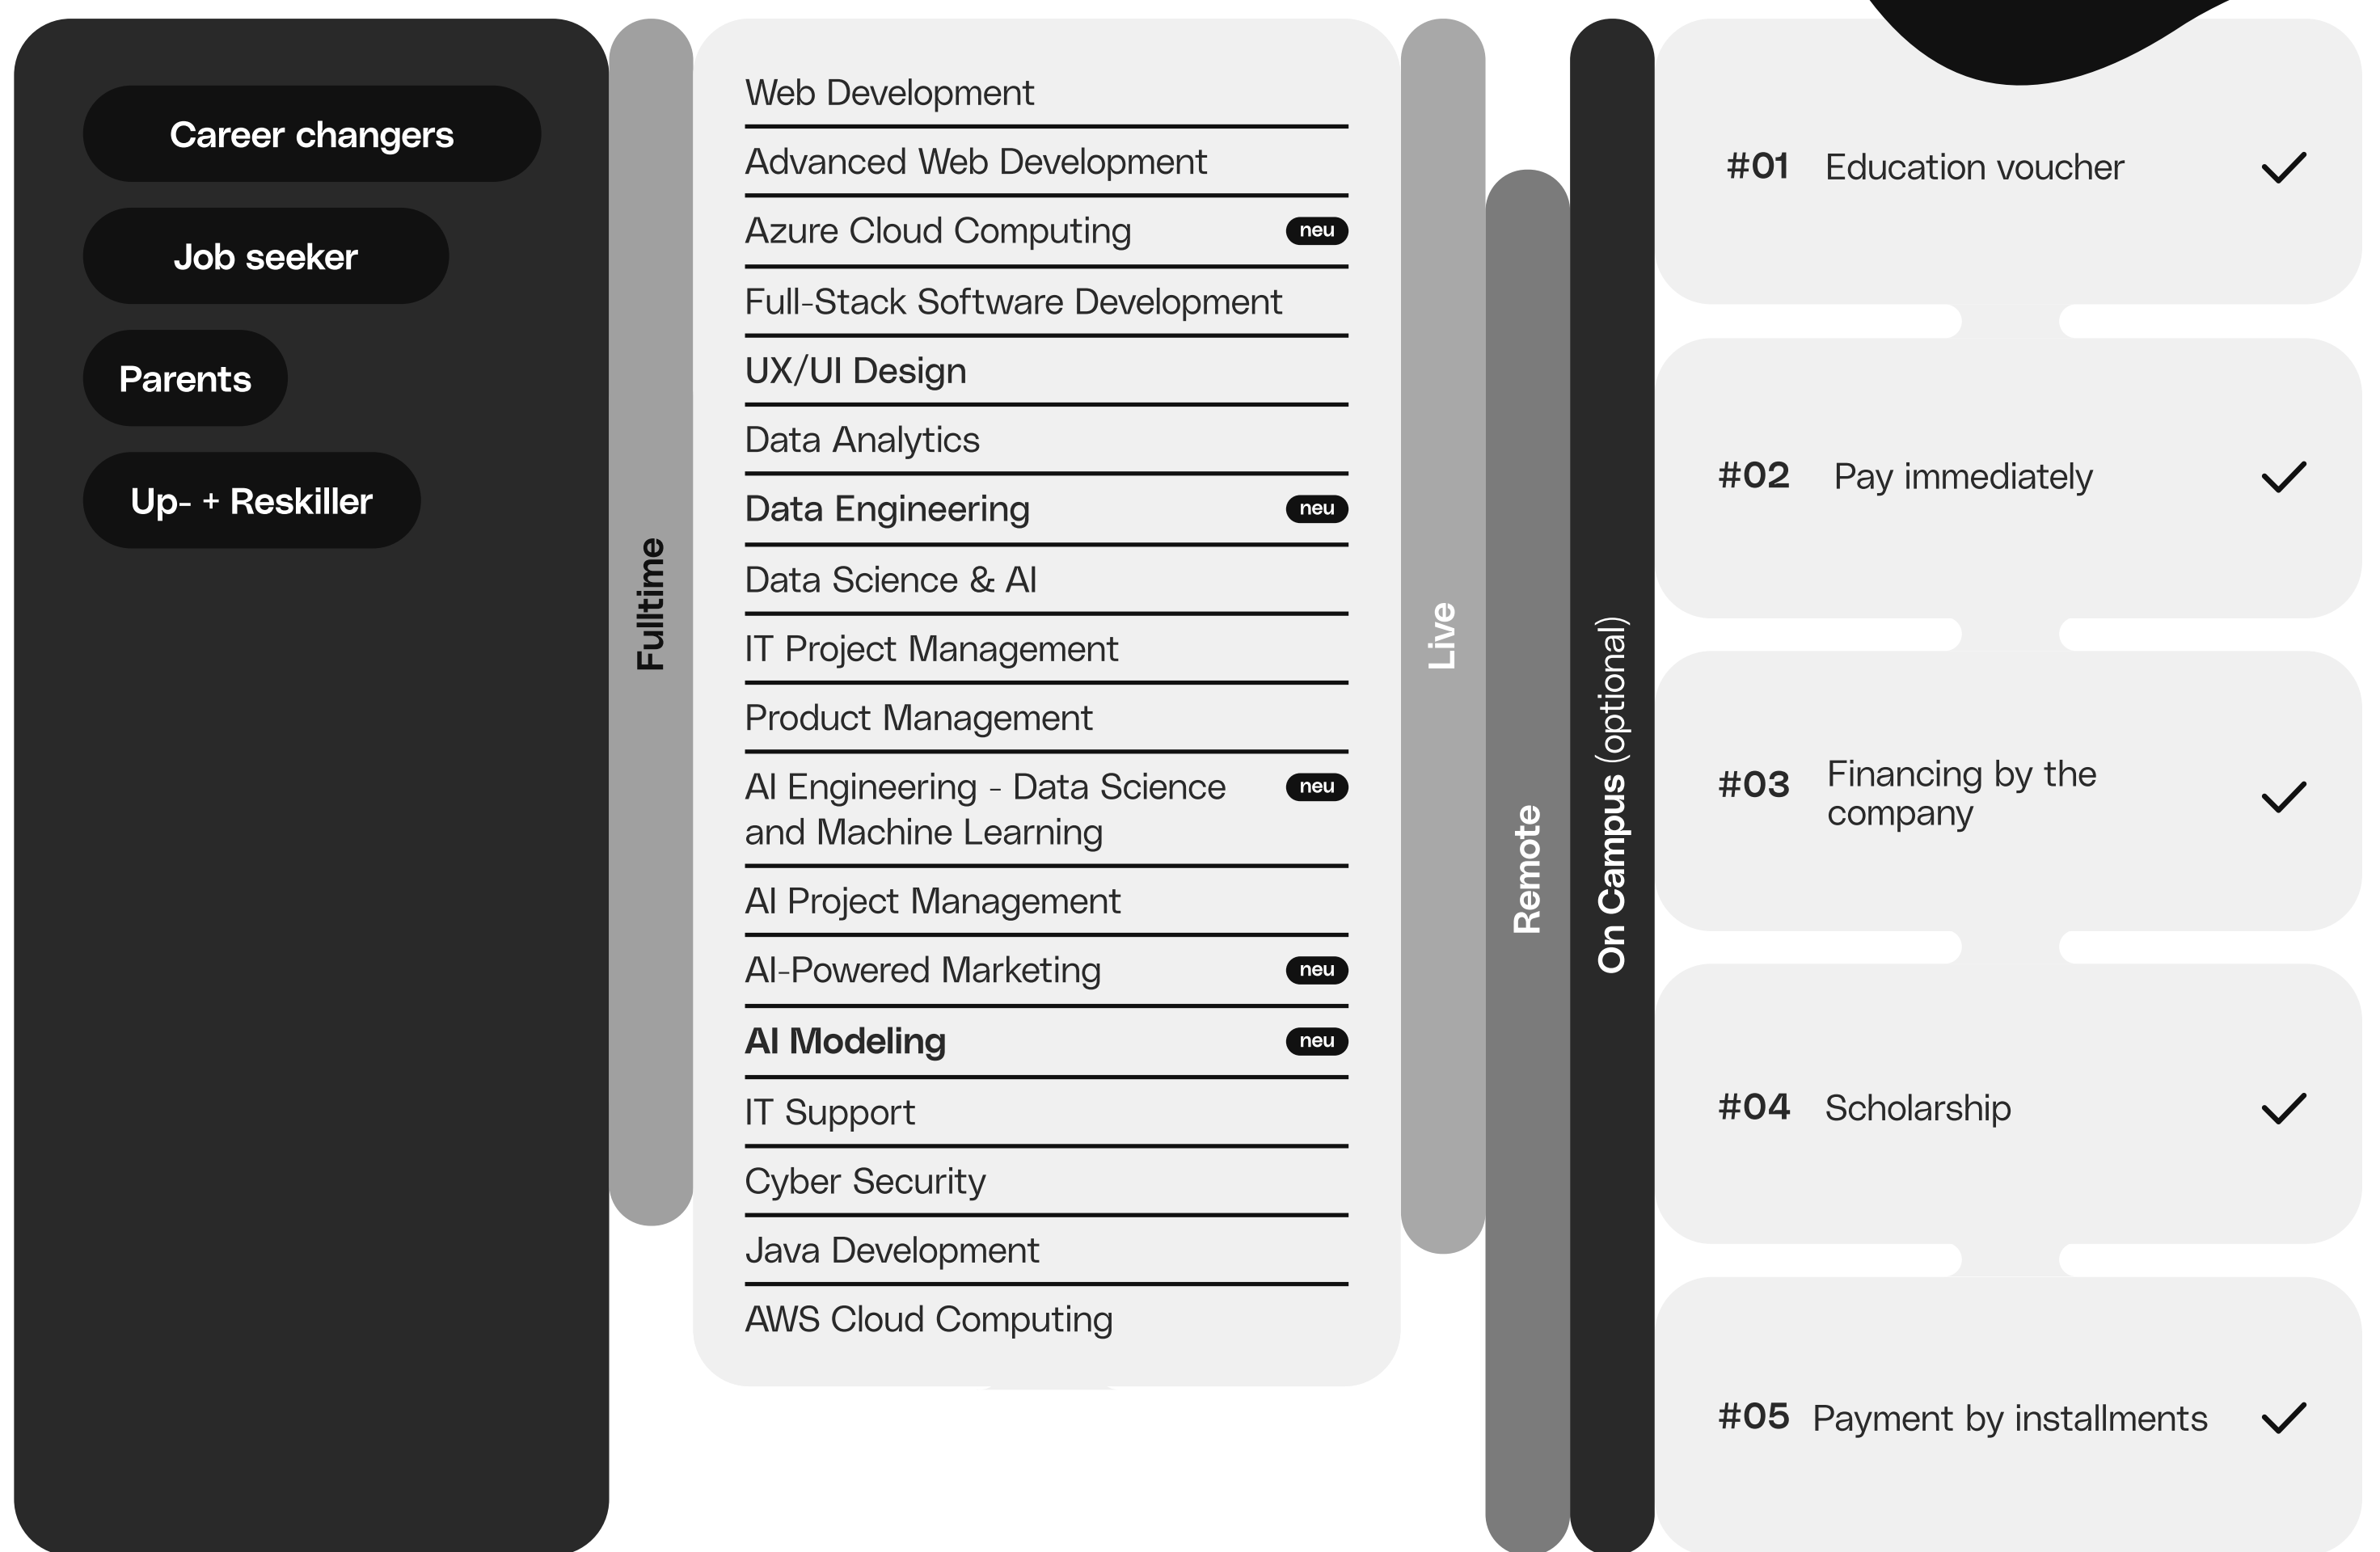

AI Engineer

Machine Learning Specialist

We have the options, *you* have the choice!

How much time do you have? → What do you want to learn?
Where do you want to study? → How do you want to pay?

95%
successful
completion
rate

What fits into your life right now?

No matter what life situation you're currently in, whether you're a university dropout, a job changer, a parent on parental leave or on the next career leap - with us you can learn when, how and where you want.

Which bootcamp do you choose?

Students can complete their bootcamp with us full-time in 12–16 weeks (Mon–Fri, 8:30 AM – 6:30 PM). Whether you join remotely (live online) or attend in person on campus depends on the specific bootcamp and your personal preferences

How do you want to finance your bootcamp?

We offer you various financing options for your coding bootcamp so that you can realize your dream job in the tech industry. Whether 100% free of charge with an education voucher from the Federal Employment Agency, as a self-payer or installment payer or with a scholarship for women or international students.

»Our team has trusted neuefische for quite some time now and their knack for supporting career changers. The constructive communication and high quality of training constantly show us that a candidate's CV is not the deciding factor..«
