Goryo Yuto Les Paul Standard, Blue Burst

The BanG Dream! universe has expanded, and one of the new featured bands from this Japanese multimedia franchise is Argonavis, which is led by outgoing and optimistic lead guitarist Goryo Yuto. Now he has his own Epiphone Inspired by Gibson™ Les Paul™ signature model too, and it's gorgeous. Featuring a mahogany body with a maple cap topped with a AAA quilted maple veneer, mahogany neck with a 50s rounded C-shaped profile and fitted with an Indian laurel fretboard with 22 medium jumbo frets, it's powered by a pair of Epiphone ProBucker™ Humbucker™ pickups that deliver classic PAF-inspired tones. The pickups also feature coil-splitting for even more tonal versatility. Finished in Blue Burst, an EpiLite™ case is included.
