

Baretta, Custom Graphics, "Hot Rod", Blue Sparkle with Flames

With custom graphics designed by Kramer Custom Graphic Artist Chris Stemmer, the hand-painted original was displayed at the 2020 Winter NAMM Show Kramer exhibit and is now available to everyone. Inspired by glittery, hot-rodded collectible toy cars from the 1960s, the graphics of this Baretta, already one of the "fastest metal guitars in the world," really make it look the part! This Baretta is part of the Kramer Custom Graphics Collection and is a tribute to one of the most iconic and original guitar designs in rock. Featuring an alder body, hard maple neck, a single Seymour Duncan® JB™ zebra-coil humbucker™, a Floyd Rose® 1000 series tremolo with an R2 1000 series locking nut, an EVH® D-Tuna® Drop D Tuning System, and a Floyd Rose LRT-L40 Trem Stop to keep the tuning stable when using the D-Tuna. Plus, with the Blue Sparkle with Flames Custom Graphics finish, it looks as hot as it plays.

Specs

Body	
Shape	Baretta
