

FOR EVERY STAGE

## Dove Studio, Violinburst

The Dove™ acoustic was first introduced at the legendary Gibson™ & Epiphone factory in Kalamazoo in 1962 and became one of the first acoustic guitars to become a recognized rock and roll classic. Now, both beginners and professionals can enjoy the classic sound of the Dove acoustically, or plugged in with the onboard Fishman® electronics. Epiphone stands behind every guitar they make with a Limited Lifetime Warranty and Gibson Brands™ Customer Service. A battery is not included. To power your pickup, you will need a 9-volt battery. (Previously called Dove Pro)
