

Jerry Cantrell "Wino" Les Paul Custom (Aged & Signed), Wine Red

Gibson Custom Shop is the pinnacle of craftsmanship, quality, and sound excellence. Each instrument celebrates Gibson's legacy through accuracy, authenticity, and attention to detail.

Made to replicate the Alice in Chains guitarist's iconic Les Paul™ Custom, this guitar has many personal touches, including a Murphy Lab aged "Wino" Wine Red finish over a plain maple top and 9-hole weight-relieved mahogany body, aged gold hardware, Grover® Kidney tuners, and 490R and 498T pickups with a gold cover on the neck pickup and exposed coils on the bridge pickup. It also features a Fishman Powerbridge piezo pickup-equipped bridge for acoustic-like tonal options. There are two volume controls (one for each magnetic pickup), and a third volume (where the bridge tone control would normally be) for the Powerbridge piezo pickup. A master tone and a three-way toggle pickup selector round out the controls, while a stereo output jack allows for discrete electric and acoustic signal routing. A Jerry Cantrell Custom Case is also included. Only 100 guitars will be hand-made by the expert luthiers and craftspeople of the Gibson Custom Shop as part of this very special limited run, and each will be personally hand-signed on the back of the headstock by Jerry Cantrell.

Specs

Finishes Available

Wine Red
