

## SG Standard '61, Exclusive, Ebony

The SG™ Standard '61 returns to the classic design that made it relevant, played, and loved -- shaping sound across generations and genres of music. In 1961, the Les Paul model was put on hiatus and an all-new design evolved into what is today known as the SG or "solid guitar." The Gibson SG Standard '61 retains the styling of the original featuring a SlimTaper™ mahogany neck and a bound rosewood fingerboard. The mahogany body features deeply sculpted body scarfing, a 5-ply teardrop pickguard, and a 22nd-fret neck joint. The nickel-plated hardware includes a classic-style Tune-O-Matic™ bridge and Vintage Deluxe tuners with Keystone buttons. The pickups are BurstBucker™ 61R and 61T humbuckers™ for a classic voice with added power and top end. The hand-wired controls feature audio taper potentiometers and Orange Drop® capacitors. A hardshell case is included.

### Finishes Available

Ebony

### Specs
