

Burstbucker Type 3 Pickup

BurstBucker™ Type 1 features a lower output, excellent for the neck position. BurstBucker™ Type 2 features medium output, and is perfect for both positions. BurstBucker™ Type 3 is overwound and hot, which is typically ideal for the bridge position. None of the BurstBuckers™ are wax potted, and all feature vintage braided two-conductor wiring.

Output: 8.4
Position: Both
Magnet: Alnico II
Wiring: 2-Conductor

Details: Historically accurate "Patent Applied For" replica with airy tone and unbalanced coils. Slightly overwound.
