

Brendon Small "GhostHorse" Explorer, Galaktikon Burst

Designed by metal legend Brendon Small, the man behind Metalocalypse, and featuring a modified Explorer™ body with a deep cutaway, custom Galaktikon Burst gloss-finished figured maple top and matte Ebony finished back, sides, and neck, Floyd Rose® bridge and tremolo system, and powered by Gibson™ USA BurstBucker™ pickups. The fast-playing SlimTaper™ neck features a contoured heel joint for outstanding upper fret access, bound ebony fretboard with 24 jumbo frets, Grover® Mini Rotomatic® 18:1 tuners, and a Galaktikon Icarus spaceship medallion on the back of the headstock. Includes an EpiLite™ case.
