

BE FUTURE READY

Year of Planning

Your Path to a Successful NAF Academy Launch

Together, we can create access to opportunities that prepare students for college, career, and future success.

Why YOP Matters

Dedicated Expertise

Work with a NAF Portfolio Manager who guides your Academy Design Team through every phase of planning.

Proven Framework

Design an academy aligned with NAF standards and tailored to local school, community, and workforce priorities.

Comprehensive Planning

Address key components — including recruitment, work-based learning, sustainability, and culture before launch.

Ongoing Support

Receive continued guidance and progress monitoring as your academy transitions from planning to implementation, leveraging proven practices across the NAF network.

Focus Areas

Assess Needs

Gather insights from school, community, and industry.

Plan for Success

Develop strategies for long-term sustainability.

Build Culture

Foster a positive academy environment.

Track Progress

Monitor development using NAF's online tools & resources.

Benefits

Personalized Support

- Dedicated Portfolio Manager for expert coaching and strategic guidance
- Program of study aligned to the National Career Clusters Framework
- Technical system support

Professional Learning

- Self-guided YOP resources and standards alignment tool
