

BE FUTURE
READY

YOUR SOURCE FOR TALENTED HIGH SCHOOL INTERNS

NAF academies work with employers across the country—such as Verizon, Capital One, Lenovo, KPMG, and many local employers—to create custom internship programs that match employer and industry needs. Our interns are exceptionally prepared to work in the fields of finance, technology, health sciences, engineering, hospitality and tourism, and more. Industry-specific training received in school means they are ready for the workplace, and will bring practical value right away.

Academies make it easy for you to hire high school interns. We'll provide support every step of the way.
