Development & Operation Plan

Overview

NAF BE FUTURE READY

The Advisory Board Development & Operation Plan outlines the steps for developing a board, including inviting professionals to join the board, determining key positions, ongoing engagement, creating by-laws, and strategic planning. It includes a timeline for each activity, key metrics for progress measurement, and stakeholders involved. The plan leverages templates, forms, and guides to ensure effective board formation and operation.

Leadership Roles

The Advisory Board establishes the length of leadership terms and outlines them in its by-laws. Usually, the Academy Lead and school principal select the initial board chairperson.

- Academy Lead
 - o The Academy Lead serves as the Advisory Board's main liaison, responsible for coordinating, leading, and advocating for the academy program.
- Advisory Board Chairperson (Chair or Co-Chair)
 - The Chairperson serves as the main liaison between the business community, Advisory Board members, and the academy.
- Advisory Board Secretary
 - o The secretary performs essential administrative functions for the entire Advisory Board.
- Advisory Board Treasurer
 - The treasurer manages fiscal responsibilities for the board.
- Advisory Board Members
 - Advisory Board members actively support the Academy by participating in committees, providing input on activities, reviewing work-based learning data, leveraging and building connections, and offering work-based learning opportunities and classroom support when possible. Note that not all industry partners should or can serve as Advisory Board members, as the role requires significant time and involvement. Some partners may only be able to offer work-based learning activities or other timely support, which, while valuable, does not require Advisory Board membership.
- Advisory Board Interns
 - o Advisory Board interns offer a chance to model internship best practices and enhance the board's effectiveness.

Key Metrics

- Board Membership: Successfully inviting and onboarding professionals to the board, confirming key positions.
- By-Law Approval: Completing and approving by-laws.
- Strategic Plan Development: Executing SWOT analysis by all members and completion of a strategic plan.
- Ongoing Engagement: Participating in conferences, webinars, trainings, and review of newsletters.
- Meeting Attendance: Adhering to timelines for meetings and attendance rate.

Development & Operation Plan

Orienting Advisory Board Members

Introduce new advisory board members to their roles through an orientation process outlined in the by-laws. This can be effectively achieved through individual or group meetings that cover the following key points.

- Introduce NAF: Explain NAF's mission and national impact.
- Clarify Roles & Responsibilities: Review by-laws, focusing on "Membership Requirements."
- Highlight Past Accomplishments: Share last year's achievements and the Advisory Board Impact Dashboard.
- Introduce Resources: Familiarize members with the Academy Support Hub and Advisory Board newsletters.
- Invite to a Meeting: Encourage meeting attendance to understand their role and contributions.
