

# Social Capital: Web of Support Activity

Watch [Social Capital: The Power of Relationships](#) (2 min. video) before completing this activity.

Design/draw your web of support.

Add yourself, then draw people you know and connect them to you using different lines.

- People you know well (strong ties) = solid line
- People you know but aren't as close with (loose ties) = dotted line
- If you know about ties people have with each other, you can add those too.
