

# DAILY, WEEKLY, MONTHLY

It helps me to know what to expect every day, week, and month of my internship. Here's what to schedule on both our calendars, starting from Day 1!

## START OF INTERNSHIP

- ✓ **Supervisor-Intern Expectations Meeting:** a one-on-one to connect and set expectations for the internship, make sure that interns have all of the materials and information they'll need to get started

## DAILY

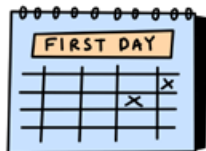

- **Morning stand:** (10 minutes) set expectations and priorities for the day
- **End of day stand:** (10 minutes) what was accomplished? what is still being worked on?

## WEEKLY

- **Team Check-In Meetings:** (30-60 minutes) interns meet with a full team, everyone shares progress
- **Workshops:** internal or external offerings where interns can learn or develop skills

## MONTHLY

- Are there any religious observations that overlap your intern's internship? Ensure interns get time off to observe religious holidays.
- Team (or Company) Retreats
- Broader Company Meetings

## END OF INTERNSHIP

- **Farewell Check-In:** a one-on-one for the end of your intern's time at the company
- **Farewell Gathering:** a gathering of colleagues to wish your intern future success
- **Post-Internship Assessment:** set aside time to complete your intern's assessment
- **Follow-Up Reminder:** a message to check in with your intern after the internship has ended
