

Computer Masters invite you to our first annual

VIRUS SCAN AND REMOVAL DAY

Saturday May 17

Drop off your computer at Jefferson High School computer lab before 9:00 a.m., and pick it up any time after 2:00 p.m. Our Masters team will:

- Scan your computer for viruses and remove any viruses that are found
- Provide you with a detailed report about the viruses we find
- Make recommendations for routine maintenance

Your guarantee of excellence:

Every Computer Masters team has a lead geek with professional A+ certification in Computer Systems
