

WHAT IS NAF?

NAF is a national education non-profit that brings schools and businesses together to better prepare students of all backgrounds. We help the next generation of leaders explore career options, create a plan for the future, and carve out a path to achieving their full potential. Since 1980, NAF has led a movement for immersive, career-focused teaching and work-based learning in high school. Our five career pathways enable NAF students to #BeFutureReady in any field they choose, all while providing them with real-world experience through internships and other work-based learning opportunities.
