

WHAT IS NAF?

NAF solves some of the biggest challenges facing education and the economy by bringing education, business, and community leaders together to transform the high school experience. Since 1980, NAF has been partnering with existing high schools across the country to help students prepare for successful careers by implementing NAF academies. Our five career themes enable NAF students to #BeFutureReady in any field they choose, all while providing them real-world experience through internships and other work-based learning opportunities.
