

Project Guide: Know, Need to Know Chart

Student Names: _____ Date: _____

Directions: Instead of a city employee representing a community group, you are a prospective entrepreneur who must convince the city council to accept and provide needed city funding to open a new business on Main Street?

To complete a project, it is important to know what still needs to be learned in order to meet the goals of the project. Working in your group, write down a list of all of the things you already know and what you need to know in order to deliver a successful elevator pitch.

What We Know	What We Need to Know	What We Learned
