CAT ECS 100 HELPS MINIMIZE ERRORS, REDUCE DOWNTIME, AND DECREASE COSTS

INTUITIVE DESIGN

+ Critical alerts and other vital information grab attention on the easy-to-use 8 inch LED customizable, touchscreen display, tailored to your site and application needs
+ Three programmable security levels prevent unauthorized or accidental changes, catching problems before they occur
+ Integrated redundancy alerts help reduce operator oversight and enhance system reliability

SMART REMOTE ACCESS

+ Remote monitoring through VisionLink™ and local access via Ethernet Modbus TCP streamline diagnostics and reduce the need for onsite troubleshooting
+ Additional Ethernet connections allow for integration with multiple systems
+ Built-in safeguards help prevent equipment damage and expensive failures

SIMPLIFIED MAINTENANCE

+ Supports all Cat gensets, old or new, creating consistent fleet standardization
+ Simplified components help reduce time spent on training and maintenance.
+ Quickly identify, respond to, and stay ahead of issues with real-time clocks and event logs
+ Streamlined assistance, end-to-end service, and support from Caterpillar
