

Hive Power+ compatible devices

The following list comprises the compatible devices that can be connected to your Hive account to enable Hive Power+ mode. More details of eligibility for the product can be found in the Power+ terms and conditions.

Hive devices

Here's a list of devices that work with your Hive account, along with what you can control through the Hive app. The table includes:

- **Product Category:** Type of device (e.g., Solar Inverter, EV Charger).
- **Connection Type:**
 - **Direct:** Hive connects directly to the device.
 - **Indirect:** Hive connects via the manufacturer's platform, which may affect access to data and controls.
- **Manufacturer:** The brand that makes the device.
- **Model:** Specific models that are compatible with Hive.
- **Optimisation:** Whether Hive Power+ can automate your device to run at the greenest and cheapest times.
- **Offline Transactions:** If your device goes offline, Hive may or may not retrieve data once it reconnects – this depends on the connection type and device capabilities.
