Exclusions relating to the health of someone not insured on this policy, but whose health may affect your decision whether to take or continue with your journey

You will not be covered for any directly or indirectly related claims (see note at the end of this section) arising from the health of a travelling companion, someone you were going to stay with, a close relative or a business associate if at the time you bought this insurance or booked your trip (whichever is later):

- you were aware they had undiagnosed medical condition(s) for which they were awaiting tests, investigations or the results of these;

- you develop a medical condition after your policy was issued;
- your existing condition changes after your policy was issued;

Note

An indirectly related claim means a medical problem that is more likely to happen because of another medical problem you already have. Sometimes these conditions can lead to the development of other conditions. For example if you:

- suffer from asthma, chronic obstructive pulmonary disease or other lung disease, you are more likely to get a chest infection.
- have high blood pressure, high cholesterol or diabetes, you are more likely to have a heart attack or a stroke.
- have osteoporosis, you are more likely to break or fracture a bone.

This is not a private medical insurance policy and only gives cover for emergency medical treatment in the event of accident or unexpected illness occurring during your journey.

BE AWARE! Policy Renewals (Annual multi-trip policies only)

At the expiry of your period of insurance, the terms of your cover and the premium rates may be varied by us. This means we cannot guarantee that we will be able to provide the same terms of cover on your renewed policy or even renew it at all.

If you book a journey that does not start until after the expiry date of your policy, you may find that the cover provided for that journey will Change when the policy renews.
