Preparing for your travel with pet

Before your trip with your pet please make sure you have all the **documents/pet passport** needed for your pet to travel and you **comply with all legal requirements** of the country you are travelling to.

Make your **pet happy** by bringing their own **familiar toys, enough food and water**.

Before arrival to the terminal

We advise checking with your **vet** if your **pet is healthy to travel**.

Check-in

Please be ready to **present your pet passport** at the check-in.

If you are planning to leave your **pet in a vehicle**, you will receive a **hanger** for your mirror for loading/vessel crew to identify that you have a pet in a vehicle.

Onboard

Please make sure that your pet is **in the kennel or has leash and muzzle on**.

If you left your **pet in a vehicle**, please agree visiting times with **Guest Service Desk**.

Pets **cannot access public areas**, but can go to **designated areas** and use the toilet here.
