INDEPENDENT AUDITOR’S REPORT

To the Board of Directors
The Baby Buggy, Inc.
New York, New York

We have audited the accompanying statement of financial position of The Baby Buggy, Inc. (a not-for-profit organization) as of December 31, 2002, and the related statements of activities and cash flows for the year then ended. These financial statements are the responsibility of the Organization’s management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Baby Buggy, Inc. as of December 31, 2002, and the results of its operations and its cash flows for the year ended December 31, 2002 in conformity with generally accepted accounting principles in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The schedule of functional expenses is presented for the purpose of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Note 1 - Organization and Significant Accounting Policies:

Organization

The Baby Buggy, Inc. (a not-for-profit organization), "the Organization", was incorporated February 26, 2001 to aid needy and disadvantaged families through the donation of gently used baby clothing and equipment.

Tax Status

The Organization was granted temporary tax exempt status under Section 501(c)(3) of the Internal Revenue Code and is not classified as a private foundation.

Because the Organization is newly created, the final determination will not be made until December 31, 2005.

Financial Statement Presentation:

The financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America.

The classification of an organization's net assets and its support, revenues and expenses is based on the existence or absence of donor-imposed restrictions. It requires that the amounts for each of the three classes of net assets – permanently restricted, temporarily restricted, and unrestricted – be displayed in a statement of financial position and that the amounts of change in each of those classes of net assets be displayed in a statement of activities.

These three classes are defined as follows:

Permanently Restricted – Net assets resulting from contributions and other inflows of assets whose use by the organization is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the organization.
Note 1 - Organization and Significant Accounting Policies: (Continued)

Financial Statement Presentation: (Continued)

Temporarily Restricted – Net assets resulting from contributions and other inflows of assets whose use by the organization is limited by donor-imposed stipulations that either expire by passage of time or can be fulfilled and removed by actions of the organization pursuant to those stipulations. When such stipulations end or are fulfilled, such temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities and changes in net assets. However, if a restriction is fulfilled in the same time period in which the contribution is received, the organization reports the support as unrestricted.

Unrestricted – The part of net assets that is neither permanently nor temporarily restricted by donor-imposed stipulations.

Contributions

Contributions are recorded as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

In-Kind Contributions

In-kind contributions consist of goods donated by corporations and individuals. The value placed by the corporations and individuals are used for valuing the contribution received. No items are considered inventory at the end of the year.

Cash and Cash Equivalents

The Organization considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

Depreciation and Amortization

Furniture and fixtures with a total cost of $10,094 are being depreciated using the straight-line method over seven years. Depreciation expense for the period ended December 31, 2002 is $1,517.

Website development costs of $20,000 have been capitalized and amortized over 10 years. Amortization expense for the period ended December 31, 2002 is $2,000.
Note 1 - Organization and Significant Accounting Policies: (Continued)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Note 2 − Non-monetary Transactions:

The Organization operates principally from corporate and individual donations. In lieu of cash contributions, some people donate goods and services. For the period ended December 31, 2002 these contributions totaled $292,180.

Note 3 - Concentrations

Revenue

Special event income net of expenses of $147,265 accounted for approximately 66% of total revenue.

Concentration of credit risk

The Organization maintains a bank account at a major financial institution. Amounts in excess of $100,000 are not insured by the Federal Deposit Insurance Corporation.
