

## Introducing the FCC Knowledge Podcast: Talking Farm & Food PODCAST TRANSCRIPT

Host: Marty Seymour (MS)

**MS:** It's the FCC Knowledge Podcast, a show that features real Canadian producers, real stories and real good conversation about the business of farming. I'm your host, Marty Seymour, a farm kid from Saskatchewan travelling coast to coast talking to people about everything from cows to canola to combines.

**MS:** If you had to give yourself advice, what would you tell yourself?

Man (Guest): I would say... I know exactly what I'd say, I'd tell myself, I would say "Don't buy that 1987 Camaro Z28. Go buy a combine."

Woman (Guest): All I wanted was to own a hundred of them, 'cause I thought that they were the best thing in the whole world. And I discovered very quickly that it's not about owning a hundred of them, it's about owning the very best that I can afford.

**MS:** Do you and your pack of friends have like this quiet competition with the sheep people about how much more awesome you are?

Woman (Guest): [laughs]

**MS:** Subscribe to our channel. Join us as we continue to highlight the real experience of farm business entrepreneurs and the lessons we can learn and apply to our own lives and operations.
