**Health Insurance Glossary**

**Dental Insurance**

All of the dental insurance plans accessible through Justworks will fall under one of the below:

→ **Aetna Dental DMO (DMO/DNO)**
  A limited network of providers. The DMO plan does not allow for coverage outside of the network. Aetna requires that you elect a primary care dentist in your Aetna Navigator account before receiving coverage through the DMO network.

→ **Aetna Dental PPO (PPO with PPO/PDN II)**
  Allows for access to both in-network and out-of-network providers. A referral is not required to see a specialist and you don’t need to pick a primary care provider.

→ **MetLife Dental PPO (PDP)**
  Allows for access to both in-network and out-of-network providers. Please note that MetLife has a different network of providers.

**EPO**

Exclusive Provider Organization; provides in-network coverage only without pre-authorization (exception in life or death emergencies)
HDHP

High Deductible Health Plan; these plans have a deductible of at least $1,350 and an out-of-pocket maximum on in-network expenses of $6,650 for the employee-only tier of coverage. With the exception of preventative care, the coinsurance and all cost sharing will not apply to any services before the deductible has been met.

Out-of-pocket Maximum/Payment Limit

This is the most you would have to pay for qualifying services in a calendar year. The carrier covers 100% of the cost for qualifying claims after this is exceeded. Once you’ve met this amount, the carrier will generally cover 100% of subsequent procedures and charges. The plans accessible through Justworks have embedded out-of-pocket maximums.

PCP

Primary Care Provider (e.g. family/general practitioner) you coordinate care through.

PPO

Preferred Provider Organization; a healthcare organization that has agreed to provide health care through a network. Care may also be provided by out-of-network providers but higher fees may apply.
POS

Point of Service; provides in- and out-of-network coverage. Traditionally speaking, POS plans are “gated,” meaning a member must choose a PCP who is the “point of service.” All Aetna POS plans accessed through Justworks are “open access,” meaning participants do not need a referral from a PCP to see a specialist.

As with PPOs or any other plans covering both in- and out-of-network services, if you choose to access health care services outside of your network, you’ll have higher out-of-pocket costs, and not all services may be covered.

Premium

This is the monthly cost of your health insurance plan. Employees may pay their portion of the premium on a monthly, pre-tax basis. Your employer may or may not contribute an amount towards your premium. Premiums are based on four tiers:
→ Employees only/individual
→ Employees + spouse/domestic partner
→ Employee + child(ren)
→ Family (employee + spouse/domestic partner + child(ren))

Vision Insurance

All of the vision insurance plans accessible through Justworks will fall under one of the below:
→ Aetna Vision (Aetna Vision Preferred)
  Allows access to in-network providers with limited reimbursement for services received out-of-network
→ MetLife Vision (MetLife Vision PPO)
  Allows access to both in-network and out-of-network providers. The reimbursement for out-of-network coverage is lower than the same services received in-network so you’ll want to reference the plan document for reimbursement details.
